**TERMINATION AND RELEASE OF  
SECURITY INTEREST IN TRADEMARK COLLATERAL**

THIS TERMINATION AND RELEASE OF SECURITY INTEREST IN TRADEMARK COLLATERAL (this “Termination and Release”), dated as of April 4, 2016, is executed by MORGAN STANLEY SENIOR FUNDING, INC., as Administrative Agent for the Secured Parties (in such capacity, the “Administrative Agent”), in favor of ATMEL CORPORATION, a Delaware corporation (the “Grantor”). All capitalized terms used in this Termination and Release and not otherwise defined herein shall have the respective meanings given to such terms in the Trademark Security Agreement (defined below).

**RECITALS**

A. Pursuant to (i) the Trademark Security Agreement, dated as of December 6, 2013 (the “First Trademark Security Agreement”), executed by the Grantor in favor of the Administrative Agent and (ii) the Guarantee and Collateral Agreement, dated as of December 6, 2013 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”), among the Grantor, the subsidiary guarantors party thereto and the Administrative Agent, the Grantor granted to the Administrative Agent a continuing security interest in all of the Grantor’s right, title and interest in, to and under the following, whether then-owned or existing or thereafter acquired or arising (collectively, the “First Trademark Collateral”, but, for the avoidance of doubt, excluding all Excluded Assets (as defined in the Security Agreement)):

a. each Trademark (as defined in the Security Agreement) owned by the Grantor, including, without limitation, each Trademark registration and application referred to in Schedule 1 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark;

b. each Trademark License (as defined in the Security Agreement) to which the Grantor is a party, including, without limitation, each Trademark License identified in Schedule 1 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark licensed pursuant thereto; and

c. all proceeds of and revenue from the foregoing, including, without limitation, all proceeds of and revenues from any claim by the Grantor against third parties for past, present or future unfair competition with, or violation of intellectual property rights in connection with or injury to, or infringement or dilution of, any Trademark owned by the Grantor (including, without limitation, any Trademark identified in Schedule 1 hereto), and all rights and benefits of the Grantor under any Trademark License (including, without limitation, any Trademark License identified in Schedule 1 hereto), or for injury to the goodwill associated with any of the foregoing;

provided that the Trademark Collateral shall not include any U.S. intent-to-use trademark application prior to the filing and acceptance of a “Statement of Use” or an “Amendment to Allege Use” with respect thereto, solely to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or

enforceability of such intent-to-use trademark application or any registration that issues therefrom under applicable federal law.

B. The First Trademark Security Agreement was recorded with the Trademark Division of the United States Patent and Trademark Office on December 16, 2013 at Reel/Frame 5215/0586 to evidence the security interest granted under the First Trademark Security Agreement.

C. Pursuant to (i) the Trademark Security Agreement, dated as of May 13, 2015 (the “Second Trademark Security Agreement”), executed by the Grantor in favor of the Administrative Agent and (ii) the Security Agreement, the Grantor granted to the Administrative Agent a continuing security interest in all of the Grantor’s right, title and interest in, to and under the following, whether then-owned or existing or thereafter acquired or arising (collectively, the “Second Trademark Collateral” but, for the avoidance of doubt, excluding all Excluded Assets (as defined in the Security Agreement)):

a. each Trademark (as defined in the Security Agreement) owned by the Grantor, including, without limitation, each Trademark registration and application referred to in Schedule 2 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark;

b. each Trademark License (as defined in the Security Agreement) to which the Grantor is a party, including, without limitation, each Trademark License identified in Schedule 2 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark licensed pursuant thereto; and

c. all proceeds of and revenue from the foregoing, including, without limitation, all proceeds of and revenues from any claim by the Grantor against third parties for past, present or future unfair competition with, or violation of intellectual property rights in connection with or injury to, or infringement or dilution of, any Trademark owned by the Grantor (including, without limitation, any Trademark identified in Schedule 2 hereto), and all rights and benefits of the Grantor under any Trademark License (including, without limitation, any Trademark License identified in Schedule 2 hereto), or for injury to the goodwill associated with any of the foregoing;

provided that the Trademark Collateral shall not include any U.S. intent-to-use trademark application prior to the filing and acceptance of a “Statement of Use” or an “Amendment to Allege Use” with respect thereto, solely to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark application or any registration that issues therefrom under applicable federal law.

D. The Second Trademark Security Agreement was recorded with the Trademark Division of the United States Patent and Trademark Office on June 16, 2015 at Reel/Frame 5553/0202 to evidence the security interest granted under the Second Trademark Security Agreement.

E. Pursuant to (i) the Trademark Security Agreement, dated as of November 12, 2015 (the “Third Trademark Security Agreement”), executed by the Grantor in favor of the

Administrative Agent and (ii) the Security Agreement, the Grantor granted to the Administrative Agent a continuing security interest in all of the Grantor's right, title and interest in, to and under the following, whether then-owned or existing or thereafter acquired or arising (collectively, the "Third Trademark Collateral", but, for the avoidance of doubt, excluding all Excluded Assets (as defined in the Security Agreement)):

a. each Trademark (as defined in the Security Agreement) owned by the Grantor, including, without limitation, each Trademark registration and application referred to in Schedule 3 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark;

b. each Trademark License (as defined in the Security Agreement) to which the Grantor is a party, including, without limitation, each Trademark License identified in Schedule 3 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark licensed pursuant thereto; and

c. all proceeds of and revenue from the foregoing, including, without limitation, all proceeds of and revenues from any claim by the Grantor against third parties for past, present or future unfair competition with, or violation of intellectual property rights in connection with or injury to, or infringement or dilution of, any Trademark owned by the Grantor (including, without limitation, any Trademark identified in Schedule 3 hereto), and all rights and benefits of the Grantor under any Trademark License (including, without limitation, any Trademark License identified in Schedule 3 hereto), or for injury to the goodwill associated with any of the foregoing;

provided that the Trademark Collateral shall not include any U.S. intent-to-use trademark application prior to the filing and acceptance of a "Statement of Use" or an "Amendment to Allege Use" with respect thereto, solely to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark application or any registration that issues therefrom under applicable federal law.

F. The Third Trademark Security Agreement was not recorded with the Trademark Division of the United States Patent and Trademark.

G. The Administrative Agent agrees to terminate and release its security interest in the First Trademark Collateral, the Second Trademark Collateral and the Third Trademark Collateral (collectively, the "Trademark Collateral") and to file this Termination and Release with respect to such release of its security interest as herein provided.

#### AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Release. The Administrative Agent, in each case, without recourse, representation or warranty of any kind whatsoever, hereby (i) acknowledges the satisfaction and termination of the security interests granted under the First Trademark Security Agreement, the Second Trademark Security Agreement and the Third Trademark Security Agreement and (ii)

expressly discharges, relinquishes, terminates and releases all of the Administrative Agent's right, title and interest in, to and under the Trademark Collateral, including, without limitation, the trademarks, trademark applications and/or trademark licenses set forth in Schedule 1, Schedule 2 and Schedule 3 hereto. Any such right, title and interest of the Administrative Agent in, to or under the Trademark Collateral, if any, shall hereby terminate, cease and become void.

2. Recordation. If necessary or desired, the Administrative Agent hereby authorizes the Grantor (or the Grantor's authorized representative(s)) to record this Termination and Release with the United States Patent and Trademark Office and/or any other applicable governmental office or agency in order to accomplish the release of the Administrative Agent's security interest in the Trademark Collateral.

3. Governing Law. This Termination and Release and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the laws of the State of New York.

[Signature Page Follows]

IN WITNESS WHEREOF, the Administrative Agent has executed and delivered this Termination and Release as of the day and year first above written.
