**THIS SENIOR SUBORDINATED INTELLECTUAL PROPERTY SECURITY AGREEMENT IS SUBJECT TO THE TERMS OF A SUBORDINATION AGREEMENT DATED AS OF DECEMBER 18, 2015 BY MVC CAPITAL, INC. IN FAVOR OF FIFTH THIRD BANK, WHICH SUBORDINATION AGREEMENT (AS AMENDED OR MODIFIED IN ACCORDANCE WITH ITS TERMS, THE “SUBORDINATION AGREEMENT”) IS INCORPORATED HEREIN BY REFERENCE.**

**SENIOR SUBORDINATED INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This **SENIOR SUBORDINATED INTELLECTUAL PROPERTY SECURITY AGREEMENT** (this “IP Security Agreement”), dated as of December 18, 2015, is by and between **PRIDE ENGINEERING, LLC** (the “Grantor”), and **MVC CAPITAL, INC.**, as Lender (together with its successors and assigns, “Secured Party”).

WHEREAS, reference is made to the Senior Subordinated Loan and Security Agreement dated of even date herewith among the Grantor, as a borrower, the other Borrowers party thereto and Secured Party, as Lender (as amended, restated, supplemented or otherwise modified from time to time, the “Mezzanine Loan Agreement”).

WHEREAS, in order to secure the Liabilities under the Mezzanine Loan Agreement, the Grantor has granted a security interest and lien to Secured Party in substantially all of its assets pursuant to the Mezzanine Loan Agreement; and

WHEREAS, the Secured Party and the Grantor are entering into this IP Security Agreement in order to memorialize the terms and conditions of the Mezzanine Loan Agreement, including by recording this IP Security Agreement with national, federal and state government authorities, including, but not limited to, the United States Patent and Trademark Office.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor (intending to be legally bound) and the Secured Party agree as follows (with capitalized terms used but not defined herein having the meanings given to them in the Mezzanine Loan Agreement):

1. Grant of Security. In order to secure the payment and performance of the Liabilities, the Grantor hereby pledges and grants to the Secured Party a continuing security interest and lien in and to any and all of the right, title and interest of the Grantor in, to and under the following, wherever located, and whether now existing or hereafter arising or acquired from time to time (the “IP Collateral”; provided that the IP Collateral shall not include any Excluded Collateral; including for the avoidance of doubt, any “intent to use” trademark applications for which a statement of use has not been filed (but only until such statement is filed and has been accepted):

(a) all (i) letters patent of the United States or any political subdivision thereof, (ii) applications for letters patent of the United States, and (iii) reissues, divisions, continuations and continuations-in-part, or extensions thereof, including, without limitation, any

of the foregoing listed on Schedule 1 hereof and (iv) all right to obtain any reissues or extensions of the foregoing (the “Patents”);

(b) (i) all trademarks, trade names, brand names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, domain names, service marks, logos and other source or business identifiers, and all goodwill associated therewith or symbolized thereby, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any political subdivision thereof, or otherwise, and all common-law rights related thereto, including, without limitation, any of the foregoing listed on Schedule 2 hereof, and (ii) the right to obtain all renewals thereof (the “Trademarks”);

(c) copyrights, copyright registrations and copyright applications, used in the United States, including, without limitation, namely the copyright registrations and copyright applications listed on Schedule 3 attached hereto and made a part hereof, and (a) renewals or extensions thereof, (b) all income, royalties, proceeds, damages and payments now and hereafter due and/or payable with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, (c) the right to sue for past, present and future infringements thereof, and (d) all rights corresponding thereto throughout the world (collectively, the “Copyrights”);

(d) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(e) any and all claims and causes of action, with respect to any of the foregoing, whether occurring before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation □ Grantor acknowledges that a copy of this IP Security Agreement will be recorded by the Secured Party with the United States Patent and Trademark Office and, if applicable, the United States Copyright Office or Library of Congress, at the sole cost and expense of the Grantor.

3. Financing Agreement □ This IP Security Agreement has been entered into pursuant to and in conjunction with the Mezzanine Loan Agreement, which are hereby incorporated by reference. The rights and remedies of the Secured Party with respect to the IP Collateral are as provided by the Mezzanine Loan Agreement and the other Financing Agreements, and nothing in this IP Security Agreement shall be deemed to limit such rights and remedies. In the event of a conflict between the Mezzanine Loan Agreement and this IP Security Agreement, the terms of the Mezzanine Loan Agreement shall control.

4. Execution in Counterparts □ This IP Security Agreement may be executed by one or more of the parties to this IP Security Agreement on any number of separate counterparts

(including by telecopy, .pdf file, or other electronic transmission), and all of said counterparts taken together shall be deemed to constitute one and the same instrument.

5. Successors and Assigns This IP Security Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns; provided, however, except as permitted by Section 9.3 of the Mezzanine Loan Agreement, Grantor shall not assign this IP Security Agreement or any of Grantor's obligations hereunder without the prior written consent of the Secured Party.

6. Governing Law This IP Security Agreement and any claim, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this IP Security Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the laws of the United States and the State of New York.

7. SUBORDINATION AGREEMENT. The legend appearing on the first page hereof is expressly incorporated herein. This IP Security Agreement and the rights, benefits and obligations and any security interests or other liens securing any such obligations evidenced hereby are subordinate in the manner and to the extent set forth in the Subordination Agreement and Secured Party, by Secured Party's acceptance hereof, irrevocably agrees to be bound by the terms and provisions of the Subordination Agreement.
