INTELLECTUAL PROPERTY ASSIGNMENT

This INTELLECTUAL PROPERTY ASSIGNMENT (this "Assignment"), dated as of January 22, 2016 (the "Assignment Effective Date"), is made by and between Chemical Specialities Limited, f/k/a Chemical Specialities Proprietary Limited, a public company organized and existing under the laws of South Africa having offices at 2029 Old Mill Road, Canelands, Verulam, 4339, South Africa ("Assignor"), and ChemSpec USA, LLC, a Delaware limited liability company having offices at 9287 Smucker Road, Orrville, Ohio 44667 ("Assignee").

WHEREAS, Assignor owns all right, title and interest in and to the Purchased Intellectual Property (defined below); and

WHEREAS, Assignee is desirous of acquiring Assignor's entire right, title and interest in and to the Purchased Intellectual Property.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Definitions. Capitalized terms used but not defined herein and defined in the Asset Purchase Agreement (as defined below) shall have the meanings ascribed to them in the Asset Purchase Agreement. The following terms shall have the following meanings.

"Asset Purchase Agreement" means that certain asset purchase agreement dated October 6, 2015, as it may be amended or supplemented from time to time, by and among Assignee, Assignor and certain other affiliates of Assignor, together with the exhibits and schedules thereto.

"Purchased Intellectual Property" shall mean the Intellectual Property within the definition of "Purchased Intellectual Property" in the Asset Purchase Agreement. The Purchased Intellectual Property includes, but is not limited to, the items listed on Schedule 1 attached hereto.

"Intellectual Property" shall have the meaning set forth in the Asset Purchase Agreement and includes all intellectual property of any kind, worldwide, including (a) trademarks, service marks, trade names, brand names, corporate names, logos, trade dress, domain names registered by any authorized private registrar or Governmental Authority, web addresses, social media user names, identifiers and accounts, or other source identifiers or indicia of goods or services, whether registered or unregistered, and all registrations and applications for registration of such, including intent-to-use applications, all issuances, extensions and renewals of such registrations and applications and the goodwill connected with the use of and symbolized by any of the foregoing; (b) original works of authorship in any medium of expression, whether or not published, including without limitation all product literature, web pages, and related content, all copyrights (whether registered or unregistered), all registrations and applications for registration of such copyrights, and all issuances, extensions, restorations, reversions and renewals of such registrations and applications; (c) Confidential Information and Records (as those terms are defined in the Asset Purchase Agreement); (d) patented and patentable designs and inventions, all design, plant and utility patents, letters patent, utility models, pending patent applications, provisional applications, and all issuances, divisions, continuations, continuations-in-part,

reissues, extensions, reexaminations, inter partes review proceedings, post-grant review proceedings, and renewals of such patents and applications; (e) Software (as that term is defined in the Asset Purchase Agreement); and (f) all rights to sue and recover and retain damages, costs and attorneys' fees for past, present and future infringement and any other rights relating to any of the foregoing.

2. Assignment. Effective as of the Assignment Effective Date, Assignor does hereby sell, assign, transfer and set over to Assignee, its successors and assigns, Assignor's entire right, title and interest in and to the Purchased Intellectual Property. The foregoing assignment of Purchased Intellectual Property includes all rights to sue and recover and retain damages, costs and attorneys' fees for past, present and future infringement and misappropriation and any other rights relating to any of the foregoing.

3. Authority. Assignor hereby covenants that it has the full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict with this Assignment.

4. Further Assurances and Covenants.

- (a) Assignor hereby agrees to execute without further consideration any further documents and instruments which may be necessary, lawful and proper to secure to Assignee its interest and title in the aforementioned Purchased Intellectual Property.
- (b) Assignor hereby agrees to execute without further consideration any further documents and instruments which may be necessary, lawful and proper in the prosecution of the Purchased Intellectual Property or in the preparation or prosecution of any continuation, continuation-in-part, divisional, substitute, renewal, or reissue applications, or any trademark or copyright applications or registrations, or in any amendments, extensions, interference, reexamination, inter partes review, post grant review, or opposition proceedings, or other applications for patents, trademarks or copyrights of any region or country, or that may be necessary to prosecute, protect, or perfect the aforementioned Purchased Intellectual Property.
- (c) Assignor hereby further covenants and agrees that it will communicate to Assignee any and all facts known to it respecting said Purchased Intellectual Property, and testify in any legal proceeding, sign all lawful papers, execute and deliver all papers and take an actions that may be necessary or desirable to perfect the title to any of the Purchased Intellectual Property.

5. Registrations. Assignor does hereby authorize and request the Director of the United States Patent and Trademark Office, the Register of the United States Copyright Office, and directors of equivalent foreign intellectual property offices, to issue any and all letters patent, trademark registrations, copyright registrations, or similar rights which may be granted upon said Purchased Intellectual Property, or upon any improvements thereto, or any parts thereof, when granted, to said Assignee.

6. Counterparts. This Assignment may be executed in several counterparts, each of which shall be deemed an original, but such counterparts shall together constitute but one and the same Assignment. The exchange of copies of this Assignment and of signature pages by facsimile or portable document format (.pdf) transmission shall constitute effective execution and delivery of this Assignment as to the parties and may be used in lieu of the original Assignment for all purposes. Signatures of the parties transmitted by facsimile or portable document format (.pdf) shall be deemed to be their original signatures for all purposes.
