RELEASE OF COPYRIGHT, PATENT AND TRADEMARK SECURITY INTERESTS dated as of May 4, 2016 (this "Release"), by WILMINGTON TRUST, NATIONAL ASSOCIATION, as collateral agent (the "Collateral Agent"). Capitalized terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Indenture or the Security Agreement, as applicable, referred to below.

A. Reference is made to (i) the Indenture dated as of November 8, 2012 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Indenture"), by and between CPQ MIDCO I Corporation, a Delaware corporation, PQ Corporation, a Pennsylvania corporation (the "Issuer") and Wilmington Trust, National Association as trustee and second lien agent, (ii) the Second Lien Security Agreement dated as of November 8, 2012 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Grantors from time to time party thereto and the Collateral Agent, and (iii) the Intellectual Property Security Agreement dated as of November 8, 2012 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "IP Security Agreement," and together with the Security Agreement, the "Security Documents"), among the Grantors party thereto and the Collateral Agent.

B. Pursuant to the Security Documents, the Issuer and Potters Industries, LLC, a Delaware limited liability company (collectively, the "Grantors") granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in all right, title or interest of the Grantors in, among other things, (i) all copyrights, whether registered or unregistered, then owned or thereafter acquired by the Grantors, including, without limitation, the copyright registrations, applications and exclusive copyright licenses of the Grantors set forth on Schedule A, (ii) the patents and patent applications of the Grantors set forth on Schedule B, (iii) the trademark and service mark registrations and applications of the Grantors set forth on Schedule C (provided that no security interest was granted in any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would have impaired the validity or enforceability of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby, (iv) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto, (v) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages, and (vi) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing (collectively, the "IP Collateral"), which security interests were recorded with the United States Copyright Office on November 28, 2012 at Volume

3611, Doc. No. 741 and the United States Patent & Trademark Office on November 30, 2012 at Reel/Frame 029377/0878 and November 28, 2012 at Reel/Frame 4907/0225.

C. Pursuant to the Acknowledgment dated as of May 4, 2016 (the "Acknowledgment"), by and between the Issuer and the Collateral Agent, the Collateral Agent has agreed, subject to the terms and conditions contained in the Acknowledgment, to release any and all security interests it may have in the IP Collateral pursuant to the Security Documents.

Accordingly, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Collateral Agent does hereby release, relinquish and discharge any and all security interests it has against the IP Collateral, and hereby re-assigns any right, title, or interest it may have in each item of IP Collateral to the applicable Grantor. The Collateral Agent authorizes the Issuer (or its designee) to make filings with the United States Copyright Office and the United States Patent & Trademark Office and other necessary filings, in each case at the expense of the Issuer, to evidence the release and termination of the Collateral Agent's security interests in the IP Collateral.

THIS RELEASE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK AND SHALL BE BINDING UPON THE COLLATERAL AGENT'S REPRESENTATIVES, SUCCESSORS, ASSIGNS AND TRANSFEREES.
