BACKGROUND

WHEREAS, The Dow Chemical Company, Dow Global Technologies LLC and Blue Cube IP LLC have entered into an Intellectual Property Assignment Agreement dated May 1, 2015 ("IP Assignment Agreement"); and

WHEREAS, The Dow Chemical Company and Blue Cube Spinco Inc. have entered into a Separation Agreement dated as of March 26, 2015 (the "Transaction Agreement"; unless otherwise defined herein, capitalized terms shall be used herein as defined in the Transaction Agreement); and

WHEREAS, pursuant to the IP Assignment Agreement and Transaction Agreement, Assignors desire to assign all of Assignors' right, title and interest in, to and under the trademark registrations and applications listed on the attached Schedule A (herein defined as "Trademarks") to Assignee, and Assignee desires to acquire all of Assignors' right, title and interest in, to and under the Trademarks.

TERMS

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Assignment. Effective as of the Effective Date, Assignors do hereby assign, transfer, convey and deliver to Assignee, and Assignee hereby receives from Assignors, all of Assignors' right, title and interest in, to, and under the Trademarks together with the goodwill associated therewith.

2. Further Action. The Parties shall, and shall cause their respective Affiliates to, use commercially reasonable efforts to take, or cause to be taken, all appropriate action, to do, or to cause to be done, all things necessary, proper or advisable under applicable Law, and to execute and deliver such documents and other papers, as may be required to carry out the provisions of this Assignment and consummate and make effective the transactions contemplated by this Assignment including execution of individual assignment documentation for filing with the authorities of each individual country; provided, that, as between the Parties, Assignee shall be responsible for the preparation and filing of such documents and other instruments that may be necessary to

3. Counterparts. This Assignment may be executed and delivered (including by facsimile or other means of electronic transmission, such as by electronic mail in "pdf" form) in two or more counterparts, and by the different Parties in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement.

4. Conflict. If there is any conflict between the Transaction Agreement and this Assignment, each of the Transaction Agreement and this Assignment is to be interpreted and construed, if possible, so as to avoid or minimize such conflict, but, to the extent (and only to the extent) of such conflict, the Transaction Agreement shall prevail and control.

5. Governing Law. This Assignment shall be governed by, and construed in accordance with, the laws of the State of Delaware. The dispute resolution provisions set forth in the Transaction Agreement shall apply to the resolution of disputes hereunder *mutatis mutandis*.
