## TRANSFERRED IP ASSIGNMENT AGREEMENT

This Transferred IP Assignment Agreement (this "**Instrument**"), dated and effective as of May 20, 2016, is by Travelpro International, Inc., a Delaware corporation ("**Seller**") in favor of Travelpro Products, Inc., a Delaware corporation ("**Buyer**"). Capitalized terms not otherwise defined herein shall have the respective meanings ascribed to them in the Asset Purchase Agreement dated of April 27, 2016 (the "**Asset Purchase Agreement**") by and between Buyer, Seller and the other parties thereto.

**WHEREAS**, pursuant to the Asset Purchase Agreement and as a condition to Closing thereunder, Seller wishes to assign to Buyer, and Buyer wishes to acquire from Seller, the entire right, title and interest in and to the registrations and applications for registration of Intellectual Property Rights that are part of the US Transferred Assets, including without limitation those registrations and applications identified on Schedule 1, and all goodwill associated with the foregoing (the "**Intellectual Property Registrations**"); and

**WHEREAS**, this Instrument is being executed and delivered by Seller in order to effectuate such sale, conveyance, transfer, assignment and delivery of the Intellectual Property Registrations from Seller to Buyer.

**NOW, THEREFORE**, pursuant to the terms of the Asset Purchase Agreement and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller hereby covenants and agrees as follows:

1. **Assignment**. Effective as of the Closing, Seller hereby irrevocably sells, conveys, transfers, assigns and delivers to Buyer, and Buyer hereby accepts from Seller, the entire right, title, and interest in and to the Intellectual Property Registrations including, but not limited to:

(a) all rights of any kind whatsoever of Seller accruing under the Intellectual Property Registrations provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world, including all goodwill associated therewith;

(b) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to the Intellectual Property Registrations; and

(c) any and all claims and causes of action with respect to the Intellectual Property Registrations and any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. **Further Assurances**. Each of the parties hereto covenants and agrees, at its own expense, to execute and deliver, promptly after the reasonable request of the other party hereto, such further instruments of sale, conveyance, transfer and assignment and to take such other action as such other party may reasonably request to more effectively consummate the sale, conveyance, assignment, transfer and delivery contemplated by this Instrument.

3. **Conflicts**. In the event of a conflict between the terms and conditions of this Instrument and the terms and conditions of the Asset Purchase Agreement, the terms and conditions of the Asset Purchase Agreement shall govern, supersede and prevail. Notwithstanding anything to the contrary

in this Instrument, nothing herein is intended to, nor shall it, extend, amplify, or otherwise alter the obligations of the parties contained in the Asset Purchase Agreement or the survival thereof.

4. Counterparts. This Instrument may be executed simultaneously in one or more counterparts, any one of which need not contain the signatures of more than one party, but all such counterparts taken together shall constitute one and the same Agreement. This Instrument, to the extent actually signed and delivered by means of a facsimile machine or by email, shall be treated in all manner and respects as an original agreement or instrument and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. At the request of any party hereto, the other party hereto shall re-execute original forms thereof and deliver them to the other party. No party hereto shall raise the use of a facsimile machine or email to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through the use of a facsimile machine or email as a defense to the formation of a contract and each party forever waives any such defense, except to the extent such defense related to lack of authenticity.

5. Governing Law. This Instrument, and any disputes arising hereunder or controversies related hereto, shall be governed by and construed in accordance with the internal Laws of the State of Delaware, without regard to the choice of law principles of any jurisdiction.

6. Severability. Whenever possible, each provision of this Instrument shall be interpreted in such manner as to be effective and valid under Law, but if any provision of this Agreement is held to be prohibited by or invalid under Law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.
