## INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment (this "Assignment") is effective as of the 19th day of November, 2015, by Fountain Quail Holdings, LLC, a Delaware limited liability company ("Assignor"), to Fountain Quail Water Management, LLC ("Assignee"), with its place of business at 1679 S. Main Street, Keller, Texas 76248.

WHEREAS, Assignor is the owner of all right, title and interest in certain Intellectual Property (as defined below);

WHEREAS, Assignee is a wholly owned subsidiary of Assignor; and

WHEREAS, Assignor desires to transfer any and all ownership of the Intellectual Property to Assignee.

NOW, THEREFORE, for and in consideration of the foregoing, the consideration set forth in various agreements between the parties, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties do hereby agree as follows:

1. "Intellectual Property" means any and all of the following owned by the Assignor: (a) patents, patent applications, patent disclosures and inventions set forth on Schedule A, (b) trademarks, service marks, trade dress, trade names, logos and corporate names (in each case, whether registered or unregistered) and registrations and applications for registration thereof together, to the extent applicable, with all of the goodwill associated therewith, set forth on Schedule B, (c) copyrights (registered or unregistered) and registrations and applications for registration thereof, set forth on Schedule C and (d) domain name registrations set forth on Schedule D, along with the copyrights in any website(s) associated with such domain name registrations.
2. Assignor grants, sells, assigns, transfers and conveys to Assignee, all of its right, title, and interest in, to and under the Intellectual Property throughout the United States of America, its territories and all foreign countries, including the right to claim priority under United States law, any applicable foreign country's law, or international convention, along with all rights to sue for infringement of any Intellectual Property, whether arising prior to or subsequent to the date of this Assignment, the same to be held and enjoyed by the said Assignee, its successors, assigns and other legal representatives, from and after the date herein above written, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.
3. Assignor covenants to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers and take any actions necessary to perfect and vest such rights, title and interest in Assignee, its successors, assigns and legal representatives. If Assignee, its successors, assigns or other legal representatives shall desire to file any continuing or renewal applications based upon any of the patents, or to file a disclaimer relating thereto, Assignor will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such application or disclaimer and the procuring thereof, without

further compensation but at the expense of Assignee, its successors, assigns or other legal representatives.

4. Assignor represents and warrants that it has not entered into any assignment, contract or understanding in conflict herewith.

5. This Assignment shall be governed by and interpreted in accordance with the laws of the Texas.

6. This Assignment may be executed in counterparts, and when so executed, each counterpart shall be deemed an original, and said counterparts shall constitute one and the same instrument.

IN WITNESS WHEREOF, Assignor and Assignee have executed this Assignment as follows, effective as of the date first above written.
