Each Loan Party hereby represents, warrants and covenants with and to Agent and Lenders the following (all of such representations, warranties and covenants being continuing until Payment in Full of the Obligations):

(a) All of the existing IP Collateral that is owned by a Loan Party and is registered or subject to an application for registration ("Registered IP Collateral") is subsisting in full force and effect (subject to each Loan Party's right to abandon IP Collateral in accordance with Section 3(g) hereof and statutory expirations of Registered IP Collateral for which no renewal is available under law), and, to the knowledge of the Loan Parties, is valid; and the Loan Parties own sole, full and clear title thereto subject to Permitted Encumbrances, and the right and power to grant the security interest and conditional assignment granted hereunder. Except as permitted under the Loan Agreement and except for IP Collateral abandoned in accordance with Section 3(g) hereof, the Loan Parties shall, at the Loan Parties' expense, perform all acts and execute all documents necessary to maintain the existence of the Registered IP Collateral consisting of registered Trademarks, Patents and/or Copyrights as registered and to maintain the existence of all of the IP Collateral as valid and subsisting, including, without limitation, the filing of any renewal affidavits and applications. The Registered IP Collateral is not subject to any liens, claims, mortgages, assignments, licenses, security interests or encumbrances of any nature whatsoever, except: (i) the security interests granted hereunder and pursuant to the Loan Agreement, (ii) Permitted Encumbrances, and (iii) the licenses and encumbrances described under Section 3(d) below.

(b) No Loan Party shall assign, sell, mortgage, lease, transfer, pledge, hypothecate, grant a security interest in or lien upon, encumber, grant a license relating to the IP Collateral, or otherwise dispose of any of the IP Collateral, in each case without the prior written consent of Agent, except for Permitted Encumbrances or as otherwise permitted herein or in the Loan Agreement. Nothing in this Agreement shall be deemed a consent by Agent to any such action, except as such action is expressly permitted hereunder or in the Loan Agreement.

(c) The Loan Parties shall, at the Loan Parties' expense, promptly perform all acts and execute all documents requested at any time by Agent, in its Permitted Discretion, to evidence, perfect, maintain, record or enforce the security interest in and conditional assignment of the IP Collateral granted hereunder or to otherwise further the provisions of this Agreement. The Loan Parties hereby authorizes Agent to file one or more financing statements (or similar documents) with respect to the IP Collateral. Each Loan Party further authorizes Agent to have this Agreement or any other similar security agreement filed with the United States Patent and Trademark Office, the United States Copyright Office and/or any other appropriate federal, state or government office or in any other country.

(d) As of the date hereof, the Loan Parties do not have any Trademarks, Patents or Copyrights registered, or subject to pending applications, in the United States Patent and Trademark Office or the United States Copyright Office, as applicable, or any similar office or agency in the United States, any State thereof, any political subdivision thereof or in any other country, other than those described in Exhibit A hereto and has not granted any licenses with respect to any of the IP Collateral other than (i) as set forth on Exhibit B hereto, (ii) implied licenses and (iii) licenses granted pursuant to contracts where the primary purpose of such contract is not the license of any IP Collateral, provided that any license under clauses (ii) or (iii) is (I) non-exclusive, (II) not material, (III) granted in the Ordinary Course of Business, (IV) will not (x) hinder, delay or otherwise impair the ability of the Agent to sell, liquidate or realize upon any Collateral or (y) impair the value of any Collateral and (V) all such licenses under clauses (ii) and (iii), in the aggregate, are of de minimis value to the Loan Party granting such license.

(e) The Loan Parties shall, concurrently with the execution and delivery of this Agreement, execute and deliver to Agent four (4) originals of a Special Power of Attorney in the form of Exhibit C annexed hereto for the implementation of the assignment, sale or other disposition of the IP Collateral pursuant to Agent's exercise of the rights and remedies granted to Agent hereunder and under the Loan Agreement; provided, that, Agent shall not use such Special Power of Attorney unless, an Event of Default has occurred and is then continuing.

Agent may, in its Permitted Discretion, upon the occurrence and during the continuance of an Event of Default or otherwise following notice to the Loan Parties, pay any amount or do any act which the Loan Parties fail to pay or do as required hereunder or as requested by Agent to preserve, defend, protect, maintain, record or enforce the Obligations, the IP Collateral, or the security interest and conditional assignment granted hereunder, including, but not limited to, all filing or recording fees, court costs, reasonable and documented collection charges, and reasonable attorneys' fees and legal expenses. The Loan Parties shall be liable to Agent for any such payment of reasonable and documented fees, which payment shall be deemed an advance

by Agent to the Borrowers, shall be payable on demand together with interest at the rate then applicable to the Obligations set forth in the Loan Agreement and shall be part of the Obligations secured hereby.

(f) If, after the date hereof, any Loan Party shall (i) obtain any registered trademark, patent or copyright, or apply for any such registration in the United States Patent and Trademark Office or the United States Copyright Office, as applicable, or in any similar office or agency in the United States, any State thereof, any political subdivision thereof or in any other country, or (ii) become the owner of any trademark, patent or copyright registrations or applications for trademark, patent or copyright registration used in the United States or any State thereof, political subdivision thereof or in any other country, the provisions of Section 1 hereof shall automatically apply thereto. Upon the request of Agent, the Loan Parties shall promptly execute and deliver to Agent any and all assignments, agreements, instruments, documents and such other papers as may be requested by Agent to evidence and/or perfect the security interest in and conditional assignment of such Trademark, Patent or Copyright, as the case may be, in favor of Agent.

(g) The Loan Parties will not do any act, or omit to do any act, whereby any Registered IP Collateral that is necessary to the business of such Loan Party or any of its affiliates or subsidiaries in any respect may become abandoned, invalidated, unenforceable, avoided or avoidable, it being understood that a Loan Party may take any action to enforce any Registered IP Collateral and a Loan Party may, so long as no Default or Event of Default exists or has occurred and is continuing, abandon or permit to be cancelled any Registered IP Collateral that such Loan Party, in its reasonable business discretion, determines is of no material commercial value to its business. Each Loan Party shall notify Agent promptly if it knows or has reason to know of any reason why any application, registration or recording with respect to any IP Collateral that is necessary to the business of such Loan Party or any of its affiliates or subsidiaries in any respect may become abandoned, cancelled, invalidated, avoided or avoidable.

(h) The Loan Parties shall render any assistance, as Agent shall reasonably determine is necessary, to Agent in any proceeding before the United States Patent and Trademark Office, the United States Copyright Office, any federal or state court, or any similar office or agency in the United States, any State thereof, any political subdivision thereof or in any other country, to maintain such application and registration of any IP Collateral as the Loan Parties' exclusive property and to protect Agent's interest therein, including, without limitation, filing of renewals, affidavits of use, affidavits of incontestability and opposition, interference, and cancellation proceedings, subject in each case to each Loan Party's right to abandon IP Collateral in accordance with Section 3(g) hereof.

(i) The Loan Parties assume all responsibility and liability arising from the use of the IP Collateral by the Loan Parties and the Loan Parties hereby indemnify and holds Agent harmless from and against any third party claim, suit, loss, damage, or expense (including reasonable attorneys' fees and legal expenses) arising out of any alleged defect in any product manufactured, promoted, or sold by any Loan Party (or any affiliate or subsidiary thereof) in connection with any IP Collateral or out of the manufacture, promotion, labeling, sale or

advertisement of any such product by any Loan Party (or any affiliate or subsidiary thereof). The foregoing indemnity shall survive the payment of the Obligations, the termination of this Agreement and the termination or non-renewal of the Loan Agreement.

(j) The Loan Parties shall deliver to Agent all documents, instruments and other items as may be necessary for Agent to file this Agreement with the United States Patent and Trademark Office and the United States Copyright Office or in any similar office or agency of the United States, any State thereof, any political subdivision thereof or in any other country in order to record its security interest granted hereby. If, before Payment in Full, the Loan Parties acquire any new Registered IP Collateral, the Loan Parties shall give to Agent written notice thereof not later than the date that is the forty-fifth day after the end of the fiscal quarter in which such Registered IP Collateral, and this Agreement shall apply to any such Registered IP Collateral. Each Loan Party shall have the duty, with respect to Registered IP Collateral that is necessary in or material to the conduct of such Loan Party's business, to take all reasonable and necessary action, in such Loan Party's reasonable business judgment, to preserve and maintain all of such Registered IP Collateral, including paying all maintenance fees and filing of applications for renewal, affidavits of use, and affidavits of noncontestability with regard to Trademarks that are still in use.

(k) To the extent not otherwise covered in clause (j) above, the Loan Parties, at their own cost, shall cooperate with Agent to prepare and file such amendments, updates, instructions or documents with the United States Patent and Trademark Office and the United States Copyright Office as is necessary to create, maintain and perfect or renew the security interest granted hereby or otherwise to effect fully the purposes, terms and conditions of this Agreement.

4. EVENTS OF DEFAULT

The occurrence of any Event of Default, as such term is defined in the Loan Agreement is referred to herein as an "Event of Default"

5. RIGHTS AND REMEDIES

Agent may make use of any IP Collateral for the sale of goods, completion of work-in-process or rendering of services in connection with enforcing any other security interest granted to Agent by any Loan

Party or any Subsidiary or Affiliate of any Loan Party or for such other reason as Agent may determine in its Permitted Discretion.

(b) Upon prior written notice to the Loan Parties, Agent may grant such license or licenses relating to the IP Collateral for such term or terms, on such conditions, and in such manner, as Agent shall in its Permitted Discretion deem appropriate, in accordance with the terms and conditions of the Loan Agreement. Such license or licenses may be general, special or otherwise, and may be granted on an exclusive or non-exclusive basis throughout all or any part of the United States of America, its territories and possessions, and all foreign countries.

(c) In accordance with the terms and conditions of the Loan Agreement, Agent may assign, sell or otherwise dispose of the IP Collateral or any part thereof, either with or without special conditions or stipulations, upon the giving of ten (10) days prior written notice to the Loan Parties of any proposed disposition thereto. The Loan Parties agree to pay Agent on demand all reasonable and documented costs incurred in any such transfer of the IP Collateral, including, but not limited to, any taxes, fees, and reasonable attorneys' fees and legal expenses, which shall be applied in accordance with the terms of the Loan Agreement. The Loan Parties agree that Agent has no obligation to preserve rights to the IP Collateral against any other parties.

(e) Agent shall apply the proceeds actually received from any such license, assignment, sale or other disposition of any of the IP Collateral in accordance with the terms and conditions of the Loan Agreement.

(f) The Loan Parties shall supply to Agent or to Agent's designee, upon request, the Loan Parties' knowledge and expertise relating to the manufacture and sale of the products and services bearing the IP Collateral and the Loan Parties' customer lists and other records relating to the IP Collateral and the distribution thereof.

(g) Nothing contained herein shall be construed as requiring Agent to take any such action at any time. All of Agent's rights and remedies, whether provided under this Agreement, the Other Documents, applicable law, or otherwise, shall be cumulative and none is exclusive. Such rights and remedies may be enforced alternatively, successively, or concurrently.

6. COLLATERAL ASSIGNMENT OF IP COLLATERAL
