**INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT**

This Intellectual Property Assignment Agreement (the "Assignment"), dated as of August 29, 2016, is by and between IT Cosmetics, LLC, a Delaware limited liability company (the "Assignor"), and IT Cosmetics Operating Company, LLC, a Delaware limited liability company ("Assignee").

WHEREAS, Assignor is the owner of certain intellectual property, including, without limitation, the intellectual property of Assignor listed on the attached Schedules A, B and C (the "Assigned IP");

WHEREAS, Assignor and Assignee have entered into an Assignment and Assumption Agreement of even date herewith ("Assignment and Assumption") pursuant to which Assignor has agreed to contribute, transfer, assign, convey, set over and deliver to Assignee the Transferred Assets (as defined in the Assignment and Assumption), including the Assigned IP; and

WHEREAS, pursuant to the Assignment and Assumption, the Assignee has acquired all right, title and interest in and to the Assigned IP, including any and all goodwill of the business associated with the use of, and symbolized by the trademarks, and the parties wish to record such acquisition in the respective Patent and Trademark Offices and Copyright Offices.

NOW, THEREFORE, in consideration of the promises and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignment of Trademarks. Effective as of the date hereof, and pursuant to the Assignment and Assumption, Assignor sells, transfers, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to (i) the trademarks and trademark applications set forth in Schedule A hereto, together with the goodwill of the business symbolized thereby; (ii) all renewals and extensions of any such application, registration and filing; (iii) all licenses for the use of the trademarks; (iv) all income, royalties, damages, claims, and payments now or hereafter due or payable under and with respect thereto, including, without limitation, damages, claims, and payments for past and future infringements thereof; (v) all rights to sue for past, present, and future infringements of the foregoing, including the right to settle suits involving claims and demands for royalties owing; (vi) all rights corresponding to any of the foregoing throughout the world; and (vii) the right to assign the rights conveyed herein, the same to be held and enjoyed by Assignee for its own use and benefit, and for the benefit of its successors, assigns, and legal representatives (the "Assigned Trademarks").
2. Assignment of Patents. Effective as of date hereof, and pursuant to the Assignment and Assumption, Assignor sells, transfers, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to (i) the patents and patent applications set forth in Schedule B hereto; (ii) all inventions and improvements described and claimed therein, and patents which may be granted from divisions, reissues, substitutions, continuations, continuations-in-part, reexaminations, foreign

counterparts and extensions thereof claiming priority to the underlying said patent rights; (iii) all licenses for the use of the patents; (iv) all income, royalties, damages, claims, and payments now or hereafter due or payable under and with respect thereto, including, without limitation, damages, claims, and payments for past and future infringements thereof; (v) all rights to sue for past, present, and future infringements of the foregoing, including the right to settle suits involving claims and demands for royalties owing; (vi) all rights corresponding to any of the foregoing throughout the world; and (vii) the right to assign the rights conveyed herein, the same to be held and enjoyed by Assignee for its own use and benefit, and for the benefit of its successors, assigns, and legal representatives (the "Assigned Patents").

3. Assignment of Copyrights. Effective as of date hereof, and pursuant to the Assignment and Assumption, Assignor sells, transfers, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to (i) copyrights and copyright registrations set forth in Schedule C hereto, (ii) including all extensions or renewals thereof, in each case whether published or unpublished, (iii) all licenses for the use of the copyrights; (iv) all income, royalties, damages, claims, and payments now or hereafter due or payable under and with respect thereto, including, without limitation, damages, claims, and payments for past and future infringements thereof; (v) all rights to sue for past, present, and future infringements of the foregoing, including the right to settle suits involving claims and demands for royalties owing; (vi) all rights corresponding to any of the foregoing throughout the world; and (vii) the right to assign the rights conveyed herein, the same to be held and enjoyed by Assignee for its own use and benefit, and for the benefit of its successors, assigns, and legal representatives (the "Assigned Copyrights").
4. Filing and Recordation. The parties hereto agree that Assignee shall, at its sole cost and expense, promptly file and record this Agreement, or the equivalent of this Agreement to the extent required under foreign law, with the respective U.S. and foreign Patent and Trademark Offices and Copyright Offices as necessary to record Assignee as the assignee and owner of the Assigned IP.
5. Successors. This Assignment shall inure to the benefit of and is binding upon the respective successors and assigns of Assignor and Assignee.
6. Governing Law. This Assignment shall be governed by, and construed in accordance with (i) the laws of the United States, in respect to trademark, patent and copyright issues, and (ii) in all other respects, including as to validity (except for patent, trademark and copyright issues), interpretation and effect, by the laws of the State of Delaware without giving effect to the conflict of laws rules thereof.
7. Counterparts. This Assignment may be executed in separate counterparts, each of which is deemed to be an original and all of which taken together constitute one and the same agreement.
8. Miscellaneous. This Assignment is subject to all the terms and conditions of the Assignment and Assumption. The parties intend that this Assignment is for recordation purposes only and its terms shall not modify the applicable terms and conditions of the Assignment and Assumption.

IN WITNESS WHEREOF, Assignor and Assignee caused this Assignment to be duly executed as of the date first written above.
