ASSIGNMENT

This ASSIGNMENT is effective as of August 1, 2016 (the "Effective Date") by and between BLUE COAT SYSTEMS, INC., a Delaware corporation, having a place of business at 384 Santa Trinita Avenue, Sunnyvale, CA 94085 ("ASSIGNOR"), and SYMANTEC CORPORATION, a Delaware corporation, having a place of business at 350 Ellis Street, Mountain View, CA 94043 ("ASSIGNEE") (each a "Party" and collectively, the "Parties").

WHEREAS, Pursuant to an Agreement and Plan of Merger effective as of August 1, 2016, between the Parties (the "Merger Agreement"), whereby ASSIGNOR has merged with and into ASSIGNEE, with ASSIGNOR surviving the merger as a wholly owned subsidiary of the ASSIGNEE;

WHEREAS, in connection with the Merger Agreement, ASSIGNEE desires to assume and own, and ASSIGNOR desires to assign and transfer certain intellectual property rights to ASSIGNEE, upon the terms and subject to the conditions specified therein; and

WHEREAS, in connection therewith, this ASSIGNMENT is intended to effectuate the transfer of certain intellectual property rights owned by ASSIGNOR to ASSIGNEE.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR does hereby assign, and transfer to ASSIGNEE, for itself and its successors, transferees, and assignees, the following:

1. The entire worldwide right, title, and interest in all registered or pending trademarks, service marks, logos and trade dress, together with any goodwill attaching to the trademarks, service marks, logos and trade dress, ("SUBJECT MATTER") that are disclosed in the assets listed in **APPENDIX A**, attached hereto and made a part hereof, and any rights in unregistered marks, logos, or trade dress, or rights at common law to any mark, logo or trade dress, and any rights in or to any trade names and domain names (collectively comprising the "ASSIGNED IP"); and

2. The exclusive right to use, register, assign, transfer, and grant rights and licenses under, and with respect to, any of the ASSIGNED IP, including without limitation to the foregoing, the right to sue, oppose, cancel, and to bring and defend claims and proceedings in its own name and to seek relief, as appropriate, and to recover damages for past infringement of any or all rights, deriving from (a) statutory or common law rights, including any rights to assert any claims of unfair competition or passing off, (b) applications, and (c) registrations.

ASSIGNOR agrees to do the following, when requested, and without further consideration, in order to carry out the intent of this Assignment: (1) execute all oaths, assignments, powers of attorney, applications, and other papers necessary or desirable to fully secure to ASSIGNEE the rights, titles and interests herein conveyed; and (2) generally do all lawful acts that ASSIGNEE shall consider desirable for securing, maintaining, and enforcing worldwide trademark, service mark, trade dress, logo, trade name, and domain name protections and rights relating to the SUBJECT MATTER and for vesting in ASSIGNEE the rights, titles, and interests herein conveyed. ASSIGNOR further agrees to provide any successor, transferee,

assignee, or legal representative of ASSIGNEE with the benefits and assistance provided to ASSIGNEE hereunder.

ASSIGNOR represents that ASSIGNOR holds the rights, titles, and interests to convey as set forth herein, and covenants with ASSIGNEE that the ASSIGNOR has made or will make hereafter no assignment, grant, mortgage, license, or other agreement affecting the rights, titles, and interests herein conveyed.
