## TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT AGREEMENT (this "Agreement") is made as of August 5, 2016 by and between Stryker Corporation, acting through its Instruments Division, a Michigan corporation ("Assignor"), and RLS Interventional, Inc., a Michigan corporation ("Assignee") (each, a "Party" and together, the "Parties").

### Background

Pursuant to that certain Product Line Purchase Agreement between Assignor and Assignee, dated as of the date of this Agreement (the "Purchase Agreement"), among other things, Assignor has agreed to sell, convey, deliver, transfer and assign to Assignee, all right, title and interest in, to and under all of the Purchased Assets, including the Trademarks listed on Exhibit A hereto (collectively, the "Assigned Trademarks"). All capitalized terms used but not defined herein shall have the meanings given to them in the Asset Purchase Agreement.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Assignment. Assignor hereby sells, conveys, delivers, transfers and assigns to Assignee, its successors and assigns, all of Assignor's right, title and interest in, to and under the Assigned Trademarks, including all trademark applications and registrations relating thereto, any renewals and extensions relating to the Assigned Trademarks, all goodwill arising from use of and symbolized by the Assigned Trademarks, all claims and causes of action either in law or in equity against third parties for any and all past infringements of the rights being assigned and the right to collect and retain any proceeds therefrom, as well as all rights of any kind whatsoever of Assignor accruing under any of the foregoing by applicable law of any jurisdiction, by international treaties and conventions and otherwise, and in and to all rights corresponding to the foregoing throughout the world.
2. Due Authorization. Assignor hereby authorizes and requests the Commissioner of Trademarks of the United States and any official of any state or foreign country whose duty it is to issue intellectual property registrations, to issue all registrations from any applications for registration included in the Assigned Trademarks to Assignee.
3. Governing Law; Amendment. Construction and interpretation of this Agreement shall be governed by the Laws of the State of Michigan, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Agreement to the substantive Law of another jurisdiction. This Agreement may not be waived or amended except by an instrument in writing signed on behalf of each of the Parties.
4. Counterparts. This Agreement may be executed in two counterparts, both of which when executed shall be deemed to be an original but both of which when taken together shall constitute one and the same agreement.
5. Copies. Assignor hereby consents that a copy of this Agreement shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document that may be required in any particular country for any purpose and more particularly in proof of the right of Assignee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended.
