TRADEMARK ASSIGNMENT AGREEMENT

THIS TRADEMARK ASSIGNMENT AGREEMENT is dated as of May 2, 2016 ("Effective Date"), and is made from Genzyme Corporation, a Massachusetts corporation ("Assignor"), to Ionis Pharmaceuticals, Inc., a Delaware corporation ("Assignee").

WHEREAS, the Assignor is the owner of those certain trademark registrations and trademark applications set forth in the attached Schedule A (the "Trademarks");

WHEREAS, Assignee wishes to acquire from the Assignor, and the Assignor wishes to transfer to Assignee, all of the Assignor's right, title and interest in and to the Trademarks.

NOW, THEREFOR, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

- 1. Assignment of Rights.** Effective upon the Effective Date, the Assignor hereby assigns, transfers, conveys and delivers to Assignee all of its right, title and interest in, to and under (a) the Trademarks, (b) the goodwill of the business symbolized by and associated with the Trademarks, (c) all applications and registrations for the Trademarks, (d) any and all rights, privileges and proceeds under the Trademarks, including, without limitation, any claim by Assignor against third parties for past, present or future infringement of the Trademarks.
- 2. Recordation.** Effective upon the Effective Date, Assignor hereby authorizes the respective competent authorities in each jurisdiction to record this Assignment. The Assignee shall be responsible for and shall pay all costs relating to the registration, maintenance and prosecution of the Trademarks, including payment of any associated fees therefor, for the notarization, authentication, legalization and/or consularization of the signatures hereof, and for the recording of such assignment documents with the appropriate governmental authorities. As soon as possible after the Effective Date, the Assignee shall provide draft assignment documents by country, at the Assignee's expense, for approval and execution by the Assignor.
- 3. Further Assurances.** Assignor further agrees that Assignor will, without demanding any further consideration therefor, at the request but at the expense of Assignee, do all lawful and just acts, including the execution and acknowledgment of instruments, that may be or become necessary to effect or formalize the transfer of the Trademarks.
- 4. General.** This Trademark Assignment Agreement will be binding upon and inure to the benefit of the parties and their respective successors and assigns, but will not run to the benefit of or be enforceable by any other person. This Trademark Assignment Agreement may be executed in one or more counterparts, each of which shall be deemed an original and binding as of the date first written above, and, when delivered, all of which shall constitute one and the same instrument. This Trademark Assignment Agreement will be governed by the laws of the State of New York, without regard to its conflict of laws principles.

IN WITNESS WHEREOF, the Assignor has caused this Trademark Assignment Agreement to be duly executed by its officer thereunto duly authorized as of the 2nd of May, 2016
