TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT (this "Assignment"), dated as of September 1, 2016 (the "Assignment Effective Date"), is entered into by and between CITRIX SYSTEMS, INC. ("Citrix"), a Delaware corporation ("Assignor"), and GETGO, INC. ("SpinCo"), a Delaware corporation ("Assignee"), (each a "Party" and collectively, the "Parties").

WHEREAS, Assignor is the owner of the registrations and applications for the trademarks and service marks identified on Schedule A hereto, including all common law and statutory right, title and interest, together with the goodwill related thereto (collectively, the "Assigned Trademarks"); and

WHEREAS, consistent with the transfer from Assignor to Assignee of certain assets owned by the Assignor, including the Assigned Trademarks, Assignee desires to acquire, and Assignor desires to transfer, the entire right, title and interest in and to the Assigned Trademarks and the goodwill of the business in connection with which the aforesaid Assigned Trademarks have been used.

NOW, THEREFORE, in consideration of the promises and of the mutual covenants and agreements contained herein and therein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee, intending to be legally bound, hereby agree as follows:

1. Conveyance. As of the Assignment Effective Date, Assignor does hereby assign, transfer and convey to Assignee, and Assignee does hereby accept from Assignor, all of Assignor's right, title and interest in and to the Assigned Trademarks, including all goodwill associated therewith, all remedies against infringements thereof, and all claims, causes of action, rights of recovery and rights of set-off of any kind, all damages and payments for past, present and future infringement, dilution or misappropriation of such Assigned Trademarks, and the right to sue and recover for past, present and future infringements, dilutions or misappropriations of such Assigned Trademarks, and any and all corresponding rights that have been, now or hereafter may be secured throughout the world with respect to such Assigned Trademarks, and further including to the fullest extent permitted by applicable law, all rights of paternity, attribution, integrity, disclosure and withdrawal and any other rights that may be known as or referred to as droit moral or "moral rights" (collectively, "Moral Rights"), provided that, to the extent Moral Rights cannot be transferred or assigned under applicable law, Assignor hereby, to the fullest extent permitted by applicable law, waives and disclaims any and all Moral Rights with respect to the Assigned Trademarks, and all uses thereof, and consents to any use or other exploitation of such Assigned Trademarks or other action of Assignee that would violate such Moral Rights in the absence of such waiver, disclaimer or consent. .

2. Recordation. Assignor hereby authorizes the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record Assignee as the assignee of all of Assignor's right, title and interest in, to and under the Assigned Trademarks.

3. Amendment and Waivers.

- (a) This Assignment may not be amended or modified except (a) by an instrument in writing signed by, or on behalf of, each Party that expressly references the Section of this Assignment to be amended; or (b) by a waiver in accordance with Section 3(b).
- (b) Any Party may (a) extend the time for the performance of any of the obligations or other acts of the other Party; (b) waive any inaccuracies in the representations and warranties of the other Party contained herein or in any document delivered by the other Party pursuant to this Assignment; or (c) waive compliance with any of the agreements of the other Party or conditions to such obligations contained herein. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the Parties to be bound thereby. Notwithstanding the foregoing, no failure or delay by any Party hereto in exercising any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise of any other right hereunder. Any waiver of any term or condition hereof shall not be construed as a waiver of any subsequent breach or as a subsequent waiver of the same term or condition, or a waiver of any other term or condition of this Assignment.

4. Successors and Assigns. The provisions of this Assignment and the obligations and rights hereunder shall be binding upon, inure to the benefit of and be enforceable by (and against) the Parties and their respective successors and permitted assigns.

5. Counterparts. This Assignment may be executed and delivered (including by facsimile or other means of electronic transmission, such as by electronic mail in "pdf" form) in two or more counterparts, and by the different Parties in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement.

6. Titles and Headings. Titles and headings for this Assignment are for reference purposes only and do not affect in any way the meaning or interpretation of this Assignment.

7. Schedule. The Schedule hereto shall be construed with and as an integral part of this Assignment to the same extent as if the same had been set forth verbatim herein.

8. Severability. If any term or other provision (or part thereof) of this Assignment is declared invalid, illegal or incapable of being enforced by any Governmental Authority, all other terms and provisions (or parts thereof) of this Assignment shall nevertheless remain in full force and effect for so long as the economic or legal substance of the transactions contemplated by this Assignment is not affected in any manner materially adverse to any Party. Upon such determination that any term or other provision (or part thereof) is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Assignment so as to effect the original intent of the Parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated by this Assignment are consummated as originally contemplated to the greatest extent possible.

9. Interpretation. The Parties have participated jointly in the negotiation and drafting of this Assignment. This Assignment shall be construed without regard to any presumption or rule requiring construction or interpretation against the Party drafting or causing any instrument to be drafted.

10. Governing Law. This Assignment and any dispute shall be governed by and construed in accordance with the Laws of the State of Delaware, without giving effect to the conflicts of laws principles thereof that might lead to the application of Laws other than the Laws of the State of Delaware. All Actions that, directly or indirectly, arise out of or relate to this Assignment shall be heard and determined exclusively in the Court of Chancery of the State of Delaware; provided, however, that if such court does not have jurisdiction over such Action, such Action shall be heard and determined exclusively in any Delaware state court or United States federal court sitting in the State of Delaware. Consistent with the preceding sentence, each of the Parties hereby (a) submits to the exclusive jurisdiction of any federal or state court sitting in the State of Delaware for the purpose of any Action brought by any party hereto that, directly or indirectly, arises out of or relates to this Assignment; (b) irrevocably waives and releases, and agrees not to assert by way of motion, defense, or otherwise, in or with respect to any such action, any claim that (i) such Action is not subject to the subject matter jurisdiction of at least one of the above-named courts; (ii) its property is exempt or immune from attachment or execution in the State of Delaware; (iii) such Action is brought in an inconvenient forum; (iv) that the venue of such Action is improper; or (v) this Assignment or the transactions contemplated by this Assignment may not be enforced in or by any of the above-named courts; and (c) agrees not to move to transfer any such Action to a court other than any of the above-named courts.
