TRADEMARK SECURITY AGREEMENT

This **GRANT OF SECURITY INTEREST IN TRADEMARKS** (the “**Agreement**”), effective as of October 5, 2016 is made by Postmedia Network Inc., a Canadian corporation (the “**Grantor**”), in favour of COMPUTERSHARE TRUST COMPANY OF CANADA, located at 100 University Avenue, 11th Floor, Toronto, Ontario M5J 2Y1, Attention: Manager, Corporate Trust, as collateral agent (the “**Collateral Agent**”) for the Secured Parties referred to in the pledge and security agreement, dated as of October 5, 2016 (as amended, supplemented, restated, refinanced, replaced or otherwise modified from time to time, the “**Security Agreement**”), among, *inter alia*, Postmedia Network Inc. (the “**Issuer**”), the other Grantors party thereto and the Collateral Agent.

WITNESSETH:

WHEREAS, the Issuer and the other Grantors party thereto have entered into a collateral trust and agency agreement dated as of the date hereof (the “**Collateral Trust and Agency Agreement**”) to secure the Obligations owing to present and future Secured Parties by granting Liens in all present and future Collateral;

WHEREAS, pursuant to the Security Agreement, the Grantor granted, pledged, mortgaged, charged, assigned and transferred to the Collateral Agent, on behalf of and for the benefit of the Secured Parties a first priority, continuing, specific and fixed security interest in all of its Intellectual Property, including, without limitation, the Trademarks of the Grantor; and

WHEREAS the Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for other good and valuable consideration, the receipt of which is hereby acknowledged, the Grantor agrees, for the benefit of the Secured Parties, as follows:

SECTION 1 DEFINITIONS.

Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals have the meanings provided or provided by reference in the Security Agreement.

SECTION 2 GRANT OF SECURITY INTEREST.

The Grantor hereby grants, pledges, mortgages, charges, assigns and transfers to the Collateral Agent, for the benefit of the Secured Parties, a security interest in all of the Grantor’s right, title and interest in the Trademarks of the Grantor (including, without limitation, those items listed on Schedule 1 hereto) (collectively, the “**Trademark Collateral**”); **provided, however**, that notwithstanding any of the other provisions set forth in this Section 2, this Agreement shall not constitute a grant of a security interest in any property to the extent that such grant of a security interest is prohibited by any requirements of law of a Governmental Authority, requires a consent not obtained of any Governmental Authority pursuant to such requirement of law or is prohibited by, or constitutes a breach or default under or results in the termination of or requires any consent not obtained under, any contract, license, agreement, instrument or other document

evidencing or giving rise to such property, except to the extent that such requirement of law or the term in such contract, license, agreement, instrument or other document providing for such prohibition, breach, default or termination or requiring such consent is ineffective under applicable law; **provided**, further, that notwithstanding anything herein to the contrary, in no event shall the Trademark Collateral include or the security interest granted under this Section 2 attach to (i) any rights or property acquired under or in connection with a lease, license, contract, property right or agreement (or any of its rights or interests thereunder) solely if and to the extent that the grant of the security interest shall, after giving effect to the PPSA or any other applicable law, constitute or result in (A) the abandonment, invalidation or unenforceability of any right, title or interest of the Grantor therein or (B) a breach or termination pursuant to the terms of, or a default under, any such lease, license, contract, property right or agreement, provided that, immediately upon the ineffectiveness, lapse or termination of any such provision, the Trademark Collateral shall include, and the Grantor shall be deemed to have granted a security interest in, all such rights and interests as if such provision had never been in effect; provided further that the proceeds therefrom shall not be excluded from the definition of Trademark Collateral to the extent that the assignment of such proceeds is not prohibited, and (ii) any applications for Trademarks filed in the United States Patent and Trademark Office on the basis of the Grantor's intent to use such mark and for which a form evidencing use of the mark has not yet been filed with the United States Patent and Trademark Office, to the extent that granting a security interest in such Trademark application prior to such filing would adversely affect the enforceability or validity of such Trademark application.

SECTION 3 PURPOSE.

This Agreement has been executed and delivered by the Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office, and the Canadian Intellectual Property Office. The security interest granted hereby has been granted to the Collateral Agent for the benefit of the Secured Parties in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of the Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4 ACKNOWLEDGMENT.

The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the security interest in the Collateral granted hereby are more fully set forth in the Collateral Trust and Agency Agreement and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein, and that the rights and remedies of the Collateral Agent in respect of the Collateral may be restricted, as against the parties thereto, by the terms of the Collateral Trust and Agency Agreement. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 5 GOVERNING LAW.

THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND

INTERPRETED IN ACCORDANCE WITH, THE LAWS OF THE PROVINCE OF ONTARIO AND THE FEDERAL LAWS OF CANADA APPLICABLE THEREIN.

SECTION 6 COUNTERPARTS.

This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement, and any of the parties hereto may execute this Agreement by signing any such counterpart.

SECTION 7 CONFLICTS; PARAMOUNTCY.

Notwithstanding anything herein to the contrary, the liens and security interests granted to the Collateral Agent for the benefit of the Secured Parties pursuant to this Agreement and the exercise of any right or remedy by the Collateral Agent or any Secured Party hereunder are subject to the provisions of the Collateral Trust and Agency Agreement. In the event of any conflict between the terms of the Collateral Trust and Agency Agreement and this Agreement with respect to any right or remedy of the Secured Parties relating to the Collateral, the terms of the Collateral Trust and Agency Agreement shall govern and control.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the day and year first above written.
