TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (this "Assignment") is made and entered into as of October 28, 2016 by and between DelTech Controls LLC, a Delaware limited liability company (the "Assignor"), and DelVal Flow Controls USA. L.L.C., a Louisiana limited liability company (the "Assignee").

WHEREAS, Assignee wishes to acquire and Assignor wishes to assign all of Assignor's right, title and interest in and to: (a) the trademarks and trade names and United States trademark registrations and applications therefor and the common law trademarks and tradenames identified and set forth on Schedule A (the "Marks"); and (b) the goodwill of the business associated with the Marks.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee all of Assignor's right, title and interest in and to the Marks, together with the goodwill of the business associated with the Marks, including any renewals and extensions of the registrations that are or may be secured under the laws of the United States or any foreign countries, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives; all income, royalties, and damages hereafter due or payable to the Assignor with respect to the Marks, including without limitation damages and claims for past or future infringements, dilution, misappropriation and any other violations of the Marks; and all rights of Assignor to sue for past, present and future infringements or misappropriation of the Marks.

Notwithstanding anything contained in this Assignment to the contrary, Assignor makes no representations or warranties with respect to past use of such Marks, Assignor's ability to obtain registrations for such Marks, or Assignor's ability to enforce any rights associated with the Marks.

Assignor shall provide to Assignee, its successors, assigns or other legal representatives, cooperation and assistance (including the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens and other documentation), at Assignee's reasonable request and at Assignee's expense (including Assignor's reasonable attorneys fees): (1) in the preparation and prosecution of any application for registration or any application for renewal of a registration covering any of the Marks; (2) in the prosecution or defense of any opposition, infringement or other proceedings that may arise in connection with any of the Marks, including, but not limited to, testifying as to any facts relating to the Marks assigned hereby; (3) in obtaining any additional trademark protection for the Marks that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or for all foreign countries; and (4) in the implementation or perfection of this Assignment.

Assignor consents to Assignee's request that the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, record Assignee as the assignee and owner of the Marks.

This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
