PATENT AND TRADEMARK SECURITY AGREEMENT

This Agreement is made as of December 2, 2016 by and between AMERICAN LEGEND COOPERATIVE, a Washington cooperative association (the “**Debtor**”), and COBANK, ACB, a federally chartered instrumentality of the United States (the “**Secured Party**”).

The Debtor and the Secured Party are parties to a Master Loan Agreement dated February 23, 2010 (as amended, restated, supplemented or otherwise modified from time to time, the “**MLA**”) and an Amended and Restated Security Agreement dated February 21, 2013 (as amended, restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”), pursuant to which the Debtor granted the Secured Party a security interest in substantially all of the Debtor’s personal property.

ACCORDINGLY, in consideration of the mutual covenants contained in the MLA, the Security Agreement and this Agreement, the parties hereby agree as follows:

1. Definitions.

Terms defined in the MLA or the Security Agreement and not otherwise defined herein shall have the meanings given them in the MLA or the Security Agreement, respectively. In addition, the following terms have the meanings set forth below:

“**Patent**” means any patent or application for patent.

“**Patent and Trademark Collateral**” means all right, title and interest of the Debtor in and to the following, in each case whether now owned or hereafter acquired or arising:

- (i) All Patents, including the Specified Patents.
- (ii) All Trademarks, including the Specified Trademarks.
- (iii) All accounts and other rights to payment (including but not limited to payments of royalties) arising from or relating to any Patent or Trademark.
- (iv) All rights to recover for all past, present, and future infringements, dilutions, pre-issuance recoveries and other violations of Patents and Trademarks.
- (v) All present and future license agreements with respect to the Patents and Trademarks.
- (vi) All proceeds of any and all of the foregoing.

“**Specified Patent**” means each of the Patents listed on Schedule A, together with all continuations, continuations-in-part, divisions, foreign counterparts, reissues, reexaminations, renewals and extensions thereof.

“**Specified Trademark**” means each of the Trademarks listed on Schedule B, together with all divisions, foreign counterparts, renewals and extensions thereof.

“**Trademark**” means any trademark, service mark, collective membership mark, and registration or application for registration of any trademark, service mark or collective membership mark, together with the goodwill associated therewith.

2. Grant of Security Interest.

In order to secure the Obligations, the Debtor hereby confirms and acknowledges that it has granted and created (and, to the extent not previously granted under the Security Agreement, does hereby irrevocably grant and create) a security interest in the Patent and Trademark Collateral to the Secured Party.

3. Representations and Warranties.

The Debtor represents and warrants that the Debtor owns each of the Specified Patents and Specified Trademarks, free and clear of any lien other than liens permitted under the Loan Documents.

4. General Rights and Obligations.

Except as expressly set forth herein, the rights and obligations of the Debtor and the Secured Party with respect to the Patent and Trademark Collateral shall in all respects be governed by the MLA and the Security Agreement, the terms of which are incorporated as fully as if set forth at length herein.

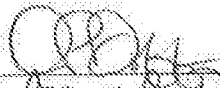

5. Continuing Effect.

This Agreement and the Secured Party's security interest in the Patent and Trademark Collateral shall continue in full force and effect until all of the Obligations have been satisfied in full (other than inchoate contingent Obligations for which no demand has been made) and the Secured Party has no commitment to make any further advances to the Debtor.
