RELEASE OF SECURITY INTEREST IN TRADEMARKS

This **RELEASE OF SECURITY INTEREST IN TRADEMARKS** (this "Release") is dated as of December 20, 2016 by Royal Bank of Canada, in its capacity as collateral agent for the Lenders (together with any successors and permitted assigns thereto in such capacity, the "Collateral Agent"), in favor of Power Products, LLC (the "Grantor"). All capitalized terms used but not otherwise defined herein have the meanings given to them in the Trademark Security Agreement (as defined below) and if not defined therein, then the meanings given in the Security Agreement (as defined below) or the Credit Agreement (as defined below), as the case may be.

WHEREAS, pursuant to that certain Credit Agreement dated as of December 13, 2013 (as amended, restated, supplemented, or otherwise modified from time to time, the "Credit Agreement"), the Grantor and the Collateral Agent entered into that certain Security Agreement dated as of December 13, 2013 (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement") and that certain Intellectual Property Security Agreement, dated as of December 13, 2013 (as amended, restated, supplemented or otherwise modified from time to time, the "Trademark Security Agreement");

WHEREAS, the Trademark Security Agreement was recorded with the United States Patent and Trademark Office on January 30, 2014 in Reel 5204, Frame 0499;

WHEREAS, pursuant to the Trademark Security Agreement, the Grantor pledged and granted to the Collateral Agent, for the ratable benefit of the Secured Parties, a security interest (the "Security Interest") in all right, title or interest in or to any and all of the following assets and properties then owned or at any time thereafter acquired by the Grantor or in which the Grantor then had or at any time thereafter may have acquired any right, title or interest (collectively, the "Trademark Collateral"): (a) all trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, then existing or thereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including those registrations and registration applications in the United States Patent and Trademark Office (or any successor office) referred to on Schedule I attached hereto, but excluding any "intent to use" trademark application prior to the filing of a "Statement of Use" or "Amendment to Allege Use" with respect thereto, to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark application under applicable federal law (the "Trademarks"), (b) all goodwill associated with or symbolized by the Trademarks, and (c) all other assets, rights and interests that uniquely reflect or embody such Trademarks; and

WHEREAS, the Collateral Agent acknowledges the full payment and performance of the Obligations, and as a result desires to terminate and release the Security Interest in the Trademark Collateral.

NOW, THEREFORE, for and in consideration of the foregoing, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Collateral Agent, on behalf of itself and the Secured Parties, hereby terminates, releases and forever discharges the Security Interest in the Trademark Collateral.

This Release shall be governed by and construed in accordance with the laws of the State of New York.
