INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement is entered into as of December 19, 2016 by and between COMERICA BANK ("Bank") and ADFUNKY LLC, a Delaware limited liability company ("Grantor").

RECITALS

A. Bank has made loans to BATANGA, INC. ("Borrower"), which is the parent company of Grantor, pursuant to a Loan and Security Agreement dated as of December 8, 2016, as amended from time to time (the "Loan Agreement"). Grantor expects to derive economic benefit from Bank's doing so and dealing with Borrower in accordance with the Loan Agreement, and has entered into an Unconditional Guaranty (the "Guaranty") and Third Party Security Agreement (the "Third Party Security Agreement") of even date herewith with respect to the present and future obligations of Grantor to Bank. Grantor wishes to secure performance and payment of all obligations to Bank under the Guaranty and otherwise (the "Guarantor Obligations") with substantially all of its assets. All terms used without definition in this Agreement shall have the meaning assigned to them in the Loan Agreement. All terms used without definition in this Agreement or in the Loan Agreement shall have the meaning assigned to them in the Uniform Commercial Code.

B. Pursuant to the terms of the Third Party Security Agreement, Grantor has granted to Bank a security interest in certain Copyrights, Trademarks and Patents to secure all of the Guarantor Obligations.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of the Guarantor Obligations under the Guaranty, the Third Party Security Agreement and all other agreements now existing or hereafter arising between Grantor and Bank, Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

To secure the Guarantor Obligations under the Third Party Security Agreement and under any other agreement now existing or hereafter arising between Grantor and Bank, Grantor grants and pledges to Bank a security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property Collateral (including without limitation those Copyrights, Patents and Trademarks listed on Exhibits A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof, in each case, in accordance with the terms of the Loan Agreement and the Third Party Security Agreement.

This security interest is granted in conjunction with the security interest granted to Bank under the Third Party Security Agreement. The rights and remedies of Bank with respect to the security interest granted hereby are in addition to those set forth in the Third Party Security Agreement and the other Loan Documents, and those which are now or hereafter available to Bank as a matter of law or equity. Each right, power and remedy of Bank provided for herein or in the Third Party Security Agreement or any of the Loan Documents, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Bank of any one or more of the rights, powers or remedies provided for in this Intellectual Property Security Agreement, the Third Party Security Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Bank, of any or all other rights, powers or remedies.

Grantor represents and warrants that Exhibits A, B, and C attached hereto set forth any and all intellectual property rights in connection to which Grantor has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable, as of the date hereof.

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute the same instrument.

IN WITNESS WHEREOF, the parties have caused this Intellectual Property Security Agreement to be duly executed by its officers thereunto duly authorized as of the first date written above.
