WHEREAS, pursuant to the Security Agreements, the U.S. Grantor pledged to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, and granted to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, a security interest in, among other things, all right, title or interest in or to any and all of the following assets and properties now owned or at any time thereafter acquired by the U.S. Grantor or in which the U.S. Grantor has or at any time in the future may acquire any right, title or interest to: (i) all trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office (or any successor office) or any similar offices in any State of the United States or in any other country (except for “intent-to-use” applications for trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, unless and until an Amendment to Allege Use or a Statement of Use under Sections 1(c) and 1(d) of said Act has been filed), and all extensions or renewals thereof, (ii) all goodwill associated therewith or symbolized thereby and (iii) all other assets, rights and interests that uniquely reflect or embody such goodwill, in each case, including those set forth on Schedule I hereto (the “*Trademarks*”), which security
