INTELLECTUAL PROPERTY ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ULTROID TECHNOLOGIES, INC, a corporation of the state of Florida ("Assignor"), does hereby, transfer, sell, grant, convey and assign to ULTROID, LLC with offices at 3140 W. Kennedy Blvd, Suite 103, Tampa, FL 33609 ("Assignee"), all of Assignor's right, title and interest in and to the intellectual property, in the United States or in any foreign country, identified on Exhibit A attached hereto (the "Intellectual Property"), and the entire right, title and interest relating to and associated therewith including without limitation patents and patent applications (including, without limitation, the exclusive ownership and use thereof, the inventions disclosed therein), and all divisions, renewals and continuations thereof, and all patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may be filed or have been filed for said patents and patent applications in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States application under the patent laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said patents and patent applications in any country or countries foreign to the United States and all extensions, renewals and reissues thereof, together with all income, royalties or payments due or payable as of the date of this Intellectual Property Assignment or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Intellectual Property, with the right to sue for, and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

Assignor hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this instrument.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to said application, said invention and said patents and legal equivalents as may be known and accessible to Assignor and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application, said invention and said Letters Patent and said equivalents in the United States or in any foreign country, which may be necessary or desirable to carry out the purposes thereof.

[The remainder of this page was left blank intentionally.]

IN WITNESS WHEREOF, each party has caused its authorized representative to execute this Intellectual Property Assignment as of May 17, 2016.
