ASSIGNMENT OF INTELLECTUAL PROPERTY ASSETS

THIS ASSIGNMENT OF INTELLECTUAL PROPERTY ASSETS (this “**Assignment**”) is dated as of the 31st day of December, 2016 (the “**Effective Date**”), by and between ELMER’S PRODUCTS, INC., a Delaware corporation (“**Assignor**”), and SANFORD, L.P., an Illinois limited partnership (“**Assignee**”).

WHEREAS, Assignee and Assignor are part of the Newell Brands family of companies;

WHEREAS, as part of an internal reorganization of the Newell Brands family of companies, Assignor is selling all of its assets and known liabilities to Assignee;

WHEREAS, Assignor owns all right, title and interest in and to the patents, design registrations and utility models and applications therefor listed on **Schedule A** hereto, including all reissues, divisions, continuations, extensions, and reexaminations thereof or thereon and foreign rights corresponding thereto (hereinafter, collectively, the “**Patents**”); and

WHEREAS, Assignor owns all right, title and interest in and to the trademarks and service marks listed on **Schedule B** hereto, including all registrations and applications therefor (collectively, the “**Trademarks**”);

WHEREAS, Assignor is the owner of certain right, title and interest in and to various ideas, inventions, works, software, source code, object code, algorithms, business processes, copyrights, copyright registrations and applications, trade dress, tradenames, know-how, confidential information, domain names, trade secrets, unregistered trademarks, service marks and tradenames, and other similar proprietary rights that are used in connection with the operation of its business that will be consolidated in the centralized corporate portfolio of Assignee (collectively, the “**Other IP Assets**” and together with the Patents and Trademarks, the “**Intellectual Property**”);

WHEREAS, Assignor desires to assign all of Assignor’s right, title and interest in and to the Intellectual Property to Assignee, and Assignee desires to obtain the same.

NOW, THEREFORE, in consideration of the mutual promises set forth in the Agreement, and other valuable and legally sufficient consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignor does hereby convey, assign and transfer to the Assignee its entire right, title and interest in, to and under all Intellectual Property, together with the goodwill of its business

associated with such Intellectual Property, together with all rights and privileges granted and secured thereby, including the full right to sue for past, present or future infringement of such Intellectual Property, these rights to be held and enjoyed by the Assignee as fully and entirely as the same would have been held and enjoyed by said Assignor if this Assignment had not been executed and the resulting transfer had not been made.

2. Assignor hereby covenants that it has full right to convey the entire interest herein assigned and agrees to execute any and all documents reasonably required to effect this Assignment including any country-specific assignments necessary to record transfer of title.
3. Assignor shall execute and deliver any such further conveyance instruments and take such further actions, in each instance at Assignee's expense, as may be necessary or desirable to evidence more fully the transfer of the Intellectual Property or to obtain, maintain, issue or enforce the Intellectual Property.
4. The terms and covenants of this Assignment shall inure to the benefit of the Assignee, its successors and assigns and other legal representatives, and shall be binding upon the Assignor, its respective heirs, legal representatives and assigns.
5. The Assignor hereby requests that the appropriate patent or other government offices record this Assignment and issue a new certificate of registration in the Assignee's name.
6. This Agreement and any disputes arising under this Agreement shall be governed by the laws of the State of Illinois, excluding its conflicts of laws provisions.
7. This Agreement may be executed in multiple counterparts, which may be transmitted via facsimile, each of which shall be an original and all of which when taken together shall constitute one and the same instrument.
