TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (this “**Trademark Security Agreement**”), dated as of December 22, 2016, is by DigitalGlobe, Inc., a Delaware corporation, DigitalGlobe Intelligence Solutions, Inc., a Delaware corporation and The Radiant Group, Inc., a Colorado corporation each with offices located at 1300 W 120th Avenue, Westminster, Colorado 80234 (each a “**Grantor**”, and collectively, the “**Grantors**”) in favor of Barclays Bank PLC as Collateral Agent for the benefit of the Secured Parties referred to therein (in such capacity, together with its successors in such capacity, the “**Grantee**”).

WHEREAS, the Grantors and Grantee, as Administrative Agent and Collateral Agent, have entered into that certain Credit and Guaranty Agreement dated as of December 22, 2016 (as may be amended, restated, amended and restated, supplemented, or otherwise modified from time to time, the “**Credit Agreement**”), pursuant to which the Lenders thereto have severally agreed, subject to the terms and conditions set forth therein, to extend certain credit facilities to the Borrower;

WHEREAS, pursuant to that certain Security Agreement dated as of December 22, 2016 (as may be amended, restated, amended and restated, supplemented, or otherwise modified from time to time, the “**Security Agreement**”) among the Grantors and Grantee, to secure the due and prompt payment and performance by the Grantors of the Secured Obligations, each Grantor pledged and granted to the Grantee, for itself and for the benefit of the other Secured Parties, a continuing security interest in and Lien on such Grantor’s right, title and interest in and to the Collateral, including the Trademark Collateral (as defined below); and

WHEREAS, pursuant to the Security Agreement, the Grantors are required to execute and deliver this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the premises and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, to secure the due and prompt payment and performance by the Grantors of the Secured Obligations, each Grantor hereby pledges and grants to the Grantee, for itself and for the benefit of the other Secured Parties, a continuing security interest in and Lien on such Grantor’s right, title and interest in and to the following, in each case, as to each type of property described below, whether now owned or hereafter acquired by such Grantor, wherever located and whether now or hereafter existing or arising (all of the following items or types of property being herein collectively referred to as the “**Trademark Collateral**”):

- (i) all of such Grantor’s trademarks (including, without limitation, service marks), certification marks, collective marks, trade dress, logos, domain names, trade names and other similar source identifiers, whether or not registered, including, without limitation, all common law rights and registrations and applications for registration thereof, including, without limitation, the trademark registrations and trademark applications set forth in Schedule 1 hereto (as such Schedule 1 may be supplemented from time to time), and all other marks registered in the United States Patent and Trademark Office (the “**PTO**”) or in any office or agency of any state or territory of the United States or any foreign country, and all rights therein provided by

international treaties or conventions, all renewals of any of the foregoing, together in each case with the goodwill of the business connected therewith and symbolized thereby, and all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

(ii) all Proceeds, products, offspring, rents, profits, royalties, revenues, issues, income, benefits, accessions, additions, substitutions and replacements of and to any of the foregoing property of such Grantor (including, without limitation, all causes of action, claims, warranties and guaranties now or hereafter held by any Grantor in respect of any of the items listed above); and

(iii) any and all claims for damages for, together with the right to sue or otherwise recover for, any past, present and future infringement, misappropriation, dilution or other violation with respect to the foregoing.

provided that notwithstanding anything to the contrary in this Trademark Security Agreement, this Trademark Security Agreement shall not constitute a grant of a security interest in, and the term "Trademark Collateral" shall not include, any "intent-to-use" applications for trademarks or service marks filed in the PTO pursuant to 15 U.S.C. §1051 Section 1(b) unless and until evidence of use of the mark in interstate commerce is submitted to the PTO pursuant to 15 U.S.C. §1051 Section 1(c) or Section 1(d), but only to the extent, if any, and only for the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration issuing from such "intent to use" application under applicable federal law.

The foregoing security interest is granted in conjunction with the security interests granted by the Grantors to the Grantee pursuant to the Security Agreement. The Grantors acknowledge and affirm that the rights and remedies of the Grantee with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. Capitalized terms used but not defined herein have the meanings ascribed to them in the Security Agreement.

The term of this Trademark Security Agreement shall be coterminous with the Security Agreement.

This Trademark Security Agreement and all claims, disputes and matters arising hereunder or related hereto shall be governed by and construed under the laws of the State of New York without reference to conflict of laws provisions. The parties acknowledge the exclusive jurisdiction of the state and federal courts located within the County of New York, State of New York over controversies arising from or relating to this Trademark Security Agreement.

This Trademark Security Agreement and any amendment hereof may be executed in any number of counterparts and by each party on a separate counterpart, which when so executed and delivered shall be an original, but all of which together shall constitute one instrument. Delivery of an executed counterpart of a signature page to this Trademark Security Agreement by

electronic transmission shall be effective as delivery of an original counterpart of this Trademark Security Agreement.
