ASSIGNMENT OF TRADEMARKS AND RELATED REGISTRATIONS

THIS ASSIGNMENT OF TRADEMARKS AND RELATED REGISTRATIONS (this "**Assignment**") is made as of January 11, 2017, by and between Flo-Rite Products Company LLC, a Washington limited liability company (the "**Assignee**"), and Fire Protection Products, Inc., a California corporation (the "**Assignor**").

PRELIMINARY STATEMENT

Under the terms of that certain Asset Purchase Agreement, dated of even date herewith, by and among the Assignor, the Assignee, and Randal S. Greenslate (the "**Purchase Agreement**"), the Assignee agreed to purchase and accept, and the Assignor agreed to sell, contribute, convey, grant, assign, transfer and deliver, substantially all the assets of the Assignor, including without limitation, all Assignor's right, title and interest in and to the trademarks and the corresponding registrations identified on Exhibit A attached hereto (the "**Trademarks**"), together with any and all goodwill of the business associated with the Trademarks. Assignee is a successor to the business of the Assignor, or portion thereof to which the Trademarks pertain. The Assignor and the Assignee desire to confirm of record the assignment of the Trademarks to the Assignee.

NOW, THEREFORE, for and in consideration of the consideration contemplated by Section 2 of the Purchase Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. The Assignor hereby irrevocably assigns, transfers, grants and conveys to the Assignee, free and clear of any and all liens, claims, security interests, restrictions or any other encumbrance or exception to title of any kind, all right, title and interest in and to the Trademarks, together with (i) the goodwill of the business symbolized by the Trademarks and (ii) all causes of action, claims and demands and other rights for, or arising from, any infringement, including past infringements, of the Trademarks, for the United States and for all other countries, including, without limitation, any registrations and applications for the Trademarks, any renewals and extensions of the registrations, and all other corresponding rights that are or may be secured under the laws of the United States or any other country, now or hereafter in effect, for the Assignee's own use and enjoyment, and for the use and enjoyment of the Assignee's successors, assigns or other legal representatives.

2. The Assignor further agrees without further consideration to cause to be performed such other lawful acts and to be executed such further assignments and other lawful documents as the Assignee may from time to time reasonably request to effect fully this Assignment and to permit the Assignee to be duly recorded as the registered owner of the Trademarks and all other rights hereby conveyed.
