**INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This Intellectual Property Security Agreement (the "**IP Security Agreement**") is entered into as of February 28, 2017, by and between WELLS FARGO BANK, NATIONAL ASSOCIATION ("**Bank**") and ENVIRONMENTAL OPERATING SOLUTIONS, INC., a Delaware corporation ("**Grantor**").

RECITALS

Bank has agreed to make certain advances of money and to extend certain financial accommodations to Grantor (the "**Loans**") in the amounts and manner set forth in the Credit Agreement, dated as of the date hereof, by and between Bank and Grantor (as the same may be amended, restated, modified or supplemented from time to time, the "**Credit Agreement**"; capitalized terms used herein are used as defined in the Credit Agreement). Bank is willing to make the Loans to Grantor, but only upon the condition, among others, that Grantor shall grant to Bank a security interest in certain copyrights, trademarks and patents to secure the obligations of Grantor under the Credit Agreement.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Credit Agreement and all other agreements now existing or hereafter arising between Grantor and Bank, Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

1. Grant of Security.

(a) To secure its obligations under the Credit Agreement and under any other agreement now existing or hereafter arising between Grantor and Bank, Grantor grants and pledges to Bank a security interest in all of Grantor's right, title and interest in, to and under its intellectual property (including, without limitation, those copyrights, patents and trademarks listed on **Exhibits A, B and C** hereto), and including, without limitation, all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof.

(b) This security interest is granted in conjunction with the security interest granted to Bank by Grantor under the Credit Agreement pursuant to the Security Agreement, dated as of the date hereof, between Grantor and the Bank (as the same may be amended, restated, modified or supplemented from time to time, the "**Security Agreement**"). The rights and remedies of Bank with respect to the security interest granted hereby are in addition to those set forth in the Credit Agreement and the other Loan Documents, and those which are now or hereafter available to Bank as a matter of law or equity. Each right, power and remedy of Bank provided for in the Credit Agreement or any of the Loan Documents, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Bank of any one or more of the rights, powers or remedies provided for in this IP Security Agreement, the Credit Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Bank, of any or all other rights, powers or remedies.

(c) Grantor represents and warrants that **Exhibits A, B and C** attached hereto set forth any and all intellectual property rights in connection to which Grantor has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable.

2. Miscellaneous.

(a) This IP Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute the same instrument.

(b) This IP Security Agreement shall be deemed to have been executed and delivered within the State of California and the laws of such State (irrespective of its choice of law principles) shall govern the validity of this IP Security Agreement, the construction of its terms, and the interpretation and enforcement of the rights and duties of the parties to this IP Security Agreement.

(c) This IP Security Agreement may be amended or modified only in writing signed by Bank and Grantor.

(d) Nothing in this IP Security Agreement, expressed or implied, however, is intended to confer upon any person, other than the parties and their authorized assignees or their successors by operation of law, any rights, remedies, liabilities or obligations under or by reason of this IP Security Agreement, except as expressly provided herein.

(e) This Agreement will terminate in accordance with Section 3 of the Security Agreement and is subject to the terms of Section 3 of the Security Agreement.

[Remainder of Page Intentionally Blank]

IN WITNESS WHEREOF, the parties have caused this IP Security Agreement to be duly executed by its officers thereunto duly authorized as of the first date written above.
