REPRESENTATIONS AND WARRANTIES**

Each Grantor represents and warrants, and each Grantor that becomes a party to this Security Agreement pursuant to the execution of a Security Agreement Supplement represents and warrants (after giving effect to supplements, if any, to each of the Exhibits hereto with respect to such Grantor as attached to such Security Agreement Supplement), to the Lender and the Secured Parties that:

3.1. Title, Authorization, Validity, Enforceability, Perfection and Priority. Such Grantor has good and valid rights in or the power to transfer the Collateral and title to the Collateral with respect to which it has purported to grant a security interest hereunder, free and clear of all Liens except for Liens permitted under

Section 4.1(e), and has full power and authority to grant to the Lender the security interest in the Collateral pursuant hereto. The execution and delivery by such Grantor of this Security Agreement has been duly authorized by proper corporate or limited liability company proceedings of such Grantor, and this Security Agreement constitutes a legal valid and binding obligation of such Grantor and creates a security interest which is enforceable against such Grantor in all Collateral it now owns or hereafter acquires, subject to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights generally and subject to general principles of equity, regardless of whether considered in a proceeding in equity or at law. When financing statements have been filed in the appropriate offices against such Grantor in the locations listed on Exhibit H, the Lender will have a fully perfected first priority security interest in that Collateral of such Grantor in which a security interest may be perfected by filing, subject only to Liens permitted under Section 4.1(e).

3.2. Type and Jurisdiction of Organization, Organizational and Identification Numbers. The type of entity of such Grantor, its state of organization, the organizational number issued to it by its state of organization and its federal employer identification number are set forth on Exhibit A.

3.3. Principal Location. Such Grantor's mailing address, which shall be its address for notices and other communications provided for herein and the location of its place of business (if it has only one) or its chief executive office (if it has more than one place of business), is disclosed in Exhibit A; such Grantor has no other places of business except those set forth in Exhibit A.

3.4. Collateral Locations. All of such Grantor's locations where Collateral is located are listed on Exhibit A. All of said locations are owned by such Grantor except for locations (i) which are leased by the Grantor as lessee and designated in Part VII(b) of Exhibit A and (ii) at which Inventory is held in a public warehouse or is otherwise held by a bailee or on consignment as designated in Part VII(c) of Exhibit A.

3.5. Deposit Accounts. As of the date of this Agreement, all of such Grantor's Deposit Accounts are maintained with the Lender.

3.6. Exact Names. Such Grantor's name in which it has executed this Security Agreement is the exact name as it appears in such Grantor's organizational documents, as amended, as filed with such Grantor's jurisdiction of organization. Such Grantor has not, during the past five years, been known by or used any other corporate or fictitious name, or been a party to any merger or consolidation, or been a party to any acquisition.

3.7. Letter-of-Credit Rights and Chattel Paper. Exhibit C lists all Letter-of-Credit Rights and Chattel Paper of such Grantor. All action by such Grantor necessary or desirable to protect and perfect the Lender's Lien on each item listed on Exhibit C (including the delivery of all originals and the placement of a legend on all Chattel Paper as required hereunder) has been duly taken. The Lender will have a fully perfected first priority security interest in the Collateral listed on Exhibit C, subject only to Liens permitted under Section 4.1(e).

3.8. Accounts and Chattel Paper.

(a) The names of the obligors, amounts owing, due dates and other information with respect to its Accounts and Chattel Paper are and will be correctly stated in all records of such Grantor relating thereto and in all invoices and Collateral Reports with respect thereto furnished to the Lender by such Grantor from time to time. As of the time when each Account or each item of Chattel Paper arises, such Grantor shall be deemed to have represented and warranted that such Account or Chattel Paper, as the case may be, and all records relating thereto, are genuine and in all respects what they purport to be.

(b) With respect to its Accounts (except in the ordinary course of business to an extent not material to such Grantor): (i) all Accounts represent bona fide sales of Inventory or rendering of services to Account Debtors in the ordinary course of such Grantor's business and are not evidenced by a judgment,

Instrument or Chattel Paper; (ii) there are no setoffs, claims or disputes existing or asserted with respect thereto and such Grantor has not made any agreement with any Account Debtor for any extension of time for the payment thereof, any compromise or settlement for less than the full amount thereof, any release of any Account Debtor from liability therefor, or any deduction therefrom except a discount or allowance allowed by such Grantor in the ordinary course of its business for prompt payment and disclosed to the Lender; (iii) to such Grantor's knowledge, there are no facts, events or occurrences which in any way impair the validity or enforceability thereof or could reasonably be expected to reduce the amount payable thereunder as shown on such Grantor's books and records and any invoices and statements with respect thereto; (iv) such Grantor has not received any notice of proceedings or actions which are threatened or pending against any Account Debtor which might result in any adverse change in such Account Debtor's financial condition; and (v) such Grantor has no knowledge that any Account Debtor has become insolvent or is generally unable to pay its debts as they become due.

(c) In addition, with respect to all of its Accounts (except in the ordinary course of business to an extent not material to such Grantor): (i) the amounts shown on all invoices and statements with respect thereto are actually and absolutely owing to such Grantor as indicated thereon and are not in any way contingent, and (ii) to such Grantor's knowledge, all Account Debtors have the capacity to contract.

3.9. Inventory. With respect to any of its Inventory (except in the ordinary course of business to an extent not material to such Grantor): (a) such Inventory (other than Inventory in transit) is located at one of such Grantor's locations set forth on Exhibit A, (b) no Inventory (other than Inventory in transit) is now, or shall at any time or times hereafter be stored at any other location except as permitted by Section 4.1(g), (c) such Grantor has good, indefeasible and merchantable title to such Inventory and such Inventory is not subject to any Lien or security interest or document whatsoever except for the security interest granted to the Lender hereunder, for the benefit of the Lender and the Secured Parties, and Permitted Encumbrances, (d) such Inventory is of good and merchantable quality, free from any defects, (e) such Inventory is not subject to any licensing, patent, royalty, trademark, trade name or copyright agreements with any third parties which would require any consent of any third party upon sale or disposition of that Inventory or the payment of any monies to any third party upon such sale or other disposition other than payments in the ordinary course of business, (f) such Inventory has been produced in accordance with the Federal Fair Labor Standards Act of 1938, as amended, and all rules, regulations and orders thereunder, and (g) the completion of manufacture, sale or other disposition of such Inventory by the Lender following an Event of Default shall not require the consent of any Person and shall not constitute a breach or default under any contract or agreement to which such Grantor is a party or to which such property is subject.

3.10. Intellectual Property. Such Grantor does not have any interest in, or title to, any federally registered Patent, Trademark or Copyright (or application therefor) except as set forth in Exhibit D. This Security Agreement is effective to create a valid and continuing Lien and, upon filing of appropriate financing statements in the offices listed on Exhibit H and this Security Agreement with the United States Copyright Office and the United States Patent and Trademark Office, as applicable, fully perfected first priority security interests in favor of the Lender on such Grantor's federally registered Patents, Trademarks and Copyrights (and applications therefor), such perfected security interests are enforceable as such as against any and all creditors of and purchasers from such Grantor; and all action necessary or desirable to protect and perfect the Lender's Lien on such Grantor's Patents, Trademarks or Copyrights shall have been duly taken.

3.11. Filing Requirements. None of its Equipment is covered by any certificate of title, except for the vehicles described in Part I of Exhibit E. None of the Collateral owned by it is of a type for which security interests or liens may be perfected by filing under any federal statute except for (a) the vehicles described in Part II of Exhibit E and (b) federally registered Patents, Trademarks and Copyrights (and applications therefor) held by such Grantor and described in Exhibit D. The legal description, county and street address of each property on which any Fixtures are located is set forth in Exhibit F together with the name and address of the record owner of each such property.
