ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

This Assignment of Intellectual Property Rights (the "Assignment") is made effective as of the 31st day of March, 2017 (the "Effective Date") by and between NORTH AMERICAN GREEN, INC., an Indiana corporation (the "Assignor"), and WESTERN GREEN, LLC, an Indiana limited liability company (the "Assignee").

BACKGROUND

The parties are part of an Asset Purchase Agreement dated March 22, 2017, pursuant to which Assignor assigns and intends to assign all rights Assignor has or may have in certain intellectual property to Assignee.

The present Assignment is intended to further reflect such assignment so that such assignment may be separately recorded.

- f. **"Trademarks"** means the trademarks, service marks, trade dress, logos, assumed names, trade names, and corporate names, the common law rights associated therewith, and all applications, registrations, and renewals in connection therewith identified in the attached Exhibit B, and the goodwill in the Trademarks which Assignor or its affiliates and users have developed therein.
- g. **"Copyrights"** means registrations of original works of authorship as identified in the attached Exhibit C.

2. Patents

Assignor hereby irrevocably and unconditionally sells, transfers, conveys, assigns, delivers and quitclaims to Assignee, and Assignee hereby accepts, all worldwide right, title and interest Assignor has or may have had in any and all Patents, inventions, and any other forms of intellectual property of any kind and equivalent rights in the United States and all other countries not otherwise specifically assigned herein and in all Letters Patent or other form of protection of the United States and all foreign countries which is or may be granted thereon, or any parts thereof, and on any application, and any divisional, continuation, continuation-in-part, reissue, reexamination and other applications, based in whole or in part thereon.

Assignor covenants with Assignee to not disclose the Trade Secrets or Confidential Information to any third party.

5. Copyrights

- d. All Exhibits and attachments to this Assignment are incorporated herein.

- e. This Assignment may be executed in any number of counterparts and, and any party hereto may execute any such counterpart, each of which when executed and delivered shall constitute an original and all such counterparts together shall constitute but one and the same instrument.
