TENSAR INTERNATIONAL CORPORATION

ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

This Assignment of Intellectual Property Rights (the "Assignment") is made effective as of the 31st day of March, 2017 (the "Effective Date") by and between TENSAR INTERNATIONAL CORPORATION, a Georgia corporation (the "Assignor"), and WESTERN GREEN, LLC, an Indiana limited liability company (the "Assignee").

BACKGROUND

The parties are part of an Asset Purchase Agreement dated March 22, 2017, pursuant to which Assignor assigns and intends to assign all rights Assignor has or may have in certain intellectual property to Assignee.

The present Assignment is intended to further reflect such assignment so that such assignment may be separately recorded.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows.

AGREEMENT

1. Definitions

- a. "Assignor's Business" means the ownership of the Patents as set forth in Section 1.d below and the allowed practice and use thereof by Tensar Corporation, LLC and North American Green, Inc.
- b. "Confidential Information" means all confidential information as defined by applicable law, including, but not limited to, confidential and proprietary financial data, projections, models, customer and supplier contacts, research, product plans, products, services, customers, markets, software, developments, inventions, processes, designs, drawings, engineering, hardware configuration information, process parameters and specifications, supplier information, and marketing plans, which are not otherwise included within the definition of Trade Secrets, relating exclusively to Assignor's Business.
- c. "Intellectual Property Assets" means, collectively, the Confidential Information, Patents, Trade Secrets, and Trademarks and all goodwill associated with the foregoing.
- d. "Patents" means any and all patents and patent applications identified in the attached Exhibit A.
- e. "Trade Secrets" means all Confidential Information and proprietary information relating to the whole or any portion or phase of any scientific, technical or

nontechnical data, design, pattern, process, formula, device, method, technique, compilation, program, drawing, financial data, financial plans, product plans or list of actual or potential customers or suppliers, relating exclusively to Assignor's Business, which (i) derives economic value, actual or potential, from not being generally known to, and not readily ascertainable by proper means by, other persons and (ii) is the subject of efforts by Assignor that are reasonable under the circumstances to maintain its secrecy.

- f. "**Trademarks**" means the trademarks, service marks, trade dress, logos, assumed names, trade names, and corporate names, the common law rights associated therewith, and all applications, registrations, and renewals in connection therewith identified in the attached Exhibit B, and the goodwill in the Trademarks which Assignor or its affiliates and users have developed therein.

2. Patents

Assignor hereby irrevocably and unconditionally sells, transfers, conveys, assigns, delivers and quitclaims to Assignee, and Assignee hereby accepts, all worldwide right, title and interest Assignor has or may have had in any and all Patents, inventions, and any other forms of intellectual property of any kind and equivalent rights in the United States and all other countries not otherwise specifically assigned herein and in all Letters Patent or other form of protection of the United States and all foreign countries which is or may be granted thereon, or any parts thereof, and on any application, and any divisional, continuation, continuation-in-part, reissue, reexamination and other applications, based in whole or in part thereon.

3. Trademarks

Assignor hereby irrevocably and unconditionally sells, transfers, conveys, assigns, delivers and quitclaims to Assignee, and Assignee hereby accepts, (i) all worldwide right, title and interest Assignor has or may have had in and to the Trademarks, (ii) together with all the goodwill of the business associated therewith and symbolized thereby, (iii) any trademark registrations and trademark applications Assignor has filed in the United States and in any foreign countries with respect to the Trademarks, along with any priorities, rights or registrations resulting therefrom, (iv) all common law rights associated therewith, and (v) for any pending U.S. trademark applications among the Trademarks which as of the Effective Date are "intent-to-use" applications, including that portion of the business to which the such trademarks pertain.

4. Confidential Information and Trade Secrets

Assignor hereby irrevocably and unconditionally sells, transfers, conveys, assigns delivers and quitclaims to Assignee, and Assignee hereby accepts, all right, title and interest Assignor has in any and all Trade Secrets and Confidential Information. Assignor covenants with Assignee to not disclose the Trade Secrets or Confidential Information to any third party.

5. Recovery of Damages and Other Relief

The rights assigned herein include any and all rights and causes of action to recover and retain past, present, or future damages, royalties, fees, profits, or other relief, including equitable or injunctive relief, arising from infringement of the rights by a third party as fully and entirely as the rights would have been held and enjoyed by Assignor had this assignment not been made.

6. Further Cooperation

Assignor agrees to promptly communicate to Assignee any facts known related to the rights, to testify in any legal proceedings involving the rights, to execute all documents including additional papers required to confirm the rights in Assignee in the United States and in any foreign countries, and to take all reasonable actions necessary to effect the transfer of the Intellectual Property Assets and for any legitimate purpose related thereto in the future.

7. Miscellaneous

- a. This Assignment is the product of both of the parties hereto, and constitutes the entire agreement between such parties pertaining to the subject matter hereof, and merges all prior negotiations and drafts of the parties with regard to the transactions contemplated herein.
- b. This Assignment shall be governed by and construed and enforced in accordance with the internal laws of the State of Indiana, and shall be binding upon the parties hereto in the United States and worldwide.
- c. The individual executing this Assignment under seal on behalf of Assignor represents that he has the requisite authority from Assignor to assign the Intellectual Property Assets.
- d. All Exhibits and attachments to this Assignment are incorporated herein.
- e. This Assignment may be executed in any number of counterparts and, and any party hereto may execute any such counterpart, each of which when executed and delivered shall constitute an original and all such counterparts together shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Assignment under seal as of the date first above written.
