Assignor and Assignee are each referred to herein individually as a “Party” and collectively, as the “Parties.”

**WHEREAS**, pursuant to the Business Transfer Agreement (defined below), Assignor has agreed to sell and Roblon has agreed to purchase, subject to the assumption of certain Assumed Liabilities of the Assignor, the Assets.

**WHEREAS**, in accordance therewith and at the direction of Roblon, Assignor desires to sell, transfer and assign to Assignee, and Assignee desires to accept the sale, transfer and assignment of, all of the Intellectual Property Rights which are set forth in Schedule A attached hereto.

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows.

1. Definitions. Capitalized terms used and not defined herein shall have the meanings ascribed thereto in that certain Business Transfer Agreement, dated as of the date hereof, by and among Assignor, Roblon and the other parties identified therein (the “Business Transfer Agreement”).

2. Assignment. Assignor does hereby sell, assign, and transfer to Assignee all of its legal and equitable right, title, and interest of whatever nature throughout the world in and to the Intellectual Property Rights and all registrations and applications for registrations of the Intellectual Property Rights, including the registrations identified on Schedule A, together with the goodwill of the Business symbolized by the Intellectual Property Rights, and together with all of such Assignor’s right to sue and recover for past, present and future claims or causes of action arising out of or related to any infringements, dilutions or misappropriations of the Intellectual Property Rights (collectively, the “Assigned Property”), free and clear of all Third Party Rights (other than Permitted Third Party Rights and as set forth in Section 14.6 of the Disclosure Schedules), the same to have and to hold by the Assignee as fully and entirely as the same would have been held by the Assignor had this assignment not been made. Without limitation, such Assigned Property includes the full right to inventions embodied in the patents and patent applications of Schedule A and the entire right, title and interest in and to any and all Letters Patent which are or may be granted therefor in the United States, its territorial possessions and all foreign countries; and in and to any and all provisionals, continuations-in-part, continuations, divisions, substitutes, reissues, extensions thereof, and all other applications for Letters Patent relating thereto which have been or shall be filed in the United States, its territorial possession and/or any foreign countries, and all rights, together with all priority rights, under any of the international conventions, unions, agreements, acts, and treaties, including all future conventions, unions, agreements, acts, and treaties.

3. Further Assurances.
