WHEREAS, Grantor granted a security interest (the "Security Interest") to Assignor in:

- a. all of the patents as set forth on **SCHEDULE A**, including all patents of the United States (the "U.S. Patents"), any other country or any political subdivision thereof, all reissues and extensions thereof, all divisions, continuations and continuations-in-part thereof, and all rights to obtain any continuations, reissues or extensions of the foregoing (individually, a "Patent," collectively, the "Patents"); and
- b. all patent licenses including all agreements, whether written or oral, providing for the grant by or to Grantor of any right to manufacture, use or sell any invention covered in whole or in part by a Patent, including any of the foregoing referred to in **SCHEDULE A** (the "Patent Licenses"); and
- c. all proceeds of any Patent and Patent Licenses, including, without limitation, any claim by Grantor against third parties for past, present or future infringement of any such Patent or patent licensed under any Patent License; and
- d. all of the trademarks set forth on **SCHEDULE A**, including all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, logos and other source or business identifiers, and all goodwill associated therewith, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, whether in the USPTO or in any similar office or agency of the United States, any State thereof or any other country or any political subdivision thereof, or otherwise, and all common-law rights related thereto, and the right to obtain all renewals thereof (individually, a "Trademark," collectively, the "Trademarks"); and
- e. all trademark licenses including each agreement, whether written or oral, providing for the grant by or to Grantor of any right to use any Trademark, including any of the foregoing referred to in **SCHEDULE A** (individually, a "Trademark License"); and
- f. all reissues, continuations or extensions of the foregoing; and
- g. all proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future infringement or dilution of any such Trademark or Trademark licensed under any Trademark License, or injury to the goodwill associated with any such Trademark; and
