## ASSIGNMENT OF INTELLECTUAL PROPERTY

THIS ASSIGNMENT OF INTELLECTUAL PROPERTY is entered into as of May 1, 2017 (this "Assignment"), by and between Moblofc Group, LLC, a California limited liability company ("Assignor"), and Polytek Development Corp., a New Jersey corporation ("Assignee").

### RECITALS:

**WHEREAS**, Assignor, Assignee, Steve Levine and Vicki Levine have entered into that certain Asset Purchase Agreement, dated May 1, 2017 (the "Purchase Agreement"). Capitalized terms used herein and not expressly defined herein shall have the meanings set forth in the Purchase Agreement;

**WHEREAS**, the Purchase Agreement provides, subject to the terms and conditions set forth therein, for the sale, transfer, conveyance, assignment and delivery by Assignor to Assignee of all of Assignor's right, title and interest in the Purchased Assets, including the Seller Intellectual Property; and

**WHEREAS**, Assignor desires to assign to Assignee, and Assignee desires to accept from Assignor, all of Assignor's right, title and interest in and to the Seller Intellectual Property, together with the goodwill symbolized by the trademarks and service marks included therewith.

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. **Intellectual Property Assignment.** Effective as of the Closing Date, Assignor hereby sells, assigns, conveys, grants and transfers unto Assignee the following:

A. Assignor's entire right, title and interest in and to the Seller Intellectual Property, including, without limitation, (i) the Seller Intellectual Property set forth on Schedule 4.6(a) of the Purchase Agreement, (ii) the Seller Intellectual Property set forth in the attached Exhibit A hereto, (iii) the goodwill of the Business carried on in connection with the trademarks and service marks set forth on Schedule 4.6(a) of the Purchase Agreement and in the attached Exhibit A hereto and (iii) all computer software programs (in source code and object code form) and collections of data, whether embodied in firmware, software or otherwise, as well as pertinent documentation, designs, files, records and data;

B. All claims, demands and rights of action, both statutory and based upon common law, that Assignor have or might have by reason of any infringement of any Seller Intellectual Property prior to, on or after the date of this Assignment, together with the right to prosecute such claims, demands and rights of action in Assignee's own name;

C. All of Assignor's right title and interest in and to all income, royalties, damages and payments now or hereafter due and/or payable under and with respect to

any of the Seller Intellectual Property, including, without limitation, the right to recover for past, present or future infringements of the Seller Intellectual Property; and

D. All rights corresponding to the Seller Intellectual Property throughout the world, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

2. **Further Assurance.**

A. Assignor agrees that it shall do, execute, acknowledge and deliver, all acts, agreements, documents, instruments, notices and assurances as may be reasonably requested by Assignee to further effect and evidence the transactions contemplated hereby. Assignor will at any time upon request and without further consideration, make all rightful oaths, and do all lawful acts required for procuring and enforcing the Seller Intellectual Property.

B. Assignor shall, at any time upon request and without further consideration, communicate to Assignee, its successors and assigns, any facts relating to the Seller Intellectual Property or the history thereof as may be known to Assignor or its officers, employees and agents, and cause such officers, employees and agents to testify as to the same in any infringement or other litigation at the request of Assignee.

3. **Enforceability.** If any provision of this Assignment shall be invalid or unenforceable, in whole or in part, or as applied to any circumstance, under the laws of any jurisdiction which may govern for such purpose, then such provision shall be deemed to be modified or restricted to the extent and in the manner necessary to render the same valid and enforceable, either generally or as applied to such circumstance, or shall be deemed excised from this Assignment, as the case may require, and this Assignment shall be construed and enforced to the maximum extent permitted by law as if such provision had been originally incorporated herein as so modified or restricted, or as if such provision had not been originally incorporated herein, as the case may be.

4. **Amendment.** This Assignment may be amended or supplemented only by an instrument in writing signed by Assignor and Assignee.

5. **No Third-Party Beneficiaries.** Nothing in this Assignment shall confer any rights upon any Person other than Assignor and Assignee and each such party's respective successors and permitted assigns.

6. **Counterparts.** This Assignment may be executed in counterparts, each of which shall be deemed an original, but which together shall constitute one and the same agreement.

7. **Successors and Assigns.** This Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

8. **Governing Law.** This Assignment shall be governed by and construed and enforced in accordance with the laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision thereof that would cause the application of the laws of any jurisdiction other than those of the State of Delaware.

9. **Purchase Agreement Governs.** Notwithstanding anything contained in this Assignment to the contrary, the terms and provisions of the Purchase Agreement shall control the extent of the sale and assignment made pursuant to this Assignment.
