**INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT**

This Intellectual Property Assignment Agreement (this "Assignment"), effective as of February 28, 2017 (the "Effective Date"), is made by and between Chevron Phillips Chemical Company LP, a Delaware limited partnership ("Assignor"), and INEOS Styrolution Group GmbH, a limited liability company formed under the laws of Germany ("Assignee") (each a "Party" and collectively, the "Parties").

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. Conveyance. Assignor hereby irrevocably conveys, transfers and assigns to Assignee, and Assignee hereby accepts, all of Assignor's right, title and interest in and to any and all intellectual property, including without limitation all United States and foreign:
  - (a) registered and unregistered trade names, trademarks and service marks;
  - (b) issued patents and patent applications (including provisional patent applications);
  - (c) copyright registrations and copyright applications;
  - (d) trade dress;
  - (e) trade secrets, know how, confidential information, inventions and discoveries, ideas, manufacturing and production processes and techniques, formulas, methods, proprietary information, technical information, information that derives economic value from not being generally known, and any other information that would constitute a trade secret as defined in the Uniform Trade Secrets Act and under corresponding foreign statutory law;
  - (f) domain names, social media accounts and e-mail addresses; and
  - (g) computer software (whether in source code, object code, html code, executable code, or other forms), algorithms, compilations and data, software systems (including purchased and in-house developed software), and all versions, updates, corrections, enhancements, and modifications thereto, and all related documentation, developer notes, comments, training materials and annotations thereto,

in each case, that is owned by Assignor and is exclusively or primarily related to the business of marketing, distributing, selling and research and development of styrene butadiene copolymers in different jurisdictions by Chevron Phillips Chemical Company LLC and its affiliates (excluding Korea), including without limitation the intellectual property identified on Schedule I attached hereto and incorporated herein for all purposes.

2. Further Assurances. At any time and from time to time hereafter, each Party shall, at the other Party's reasonable request and sole expense, execute, acknowledge and deliver to the other Party any and all future instruments and assurances and take such steps and actions as

may be necessary in order to more fully carry out the purposes of this Assignment and to effect the transactions contemplated hereby.

3. Successors and Assigns. The provisions of this Assignment and the obligations and rights hereunder shall be binding upon, inure to the benefit of and be enforceable by (and against) the Parties and their respective heirs, beneficiaries, executors, representatives, successors and permitted transferees and assigns.
4. Counterparts. This Assignment may be executed in more than one counterpart, all of which shall be considered one and the same agreement, and shall become effective when one or more such counterparts have been signed by each of the Parties and delivered to each of the Parties.
5. Title and Headings. Titles and headings to sections herein are inserted for the convenience of reference only and are not intended to be a part of or to affect the meaning or interpretation of this Assignment.
6. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of New York, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof.
7. Amendment. This Assignment only may be amended, modified or supplemented by an instrument in writing signed by the Parties.
