6. Further Assurances. Following the Effective Date, the Transferors covenant and agree to take all actions and execute and deliver all documents, instruments and papers, which may be or become necessary, proper or convenient, or that are otherwise reasonably requested by the Transferee, or its successors, legal representatives, or assigns, to implement the intentions of this Assignment and to continue, secure, defend, register and otherwise give full effect to and to perfect the rights of the Transferee under this Assignment in and to the Transferred Intellectual Property worldwide, including, without limitation, all documents necessary to register and record in the name of the Transferee the assignment of the Transferred Intellectual Property.

7. Terms of the Purchase Agreement. The parties hereto acknowledge and agree that this Assignment is entered into pursuant to the Purchase Agreement, to which reference is made for a further statement of the rights and obligations of the parties hereto with respect to the Transferred Intellectual Property. The representations, warranties, covenants, agreements and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any direct and irresolvable conflict between the terms of this Assignment and the terms of the Purchase Agreement, the terms of the Purchase Agreement shall control. This Assignment may not be supplemented, altered, or modified in any manner except by a writing signed by the parties hereto.

8. Successorship. This Assignment shall be binding upon, inure to the benefit of, and be enforceable by the Transferors and the Transferee and their respective successors and permitted assigns. - a. Transferee shall preconfigure the "name servers" before confirming the registration transfer procedure for active domains.
5. Transferors will submit transfer of the Purchased Domain Names. An e-mail will be sent to the current and new e-mail registry addresses once the transfer has been submitted.
