NOW, THEREFORE, in consideration of the premises and the mutual covenants hereinafter contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor agrees as follows:

1. Defined Terms. The following terms have the following meanings (such meanings being equally applicable to both the singular and plural forms of the terms defined):

"Agreement" means this Trademark, Patent, Copyright and License Security Agreement, as the same may from time to time be amended, modified or supplemented.

“Copyrights” means copyrights rights in any work of authorship whether published or unpublished and whether registered or unregistered, all copyright registrations and applications therefor and any and all (i) renewals and extensions thereof, (ii) income, royalties, damages and payments now and hereafter due or payable or both with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, (iii) rights to sue for past, present and future infringements thereof, and (iv) rights corresponding thereto throughout the world.

“Intellectual Property Collateral” has the meaning assigned to such term in Section 2 of this Agreement.

“Licenses” means license agreements granting Grantor any interest in intellectual property and any and all (i) renewals, extensions, supplements and continuations thereof, (ii) income, royalties, damages and payments now and hereafter due or payable to Grantor with respect thereto, including, without limitation, damages and payments for past or future violations or infringements thereof and (iii) rights to sue for past, present and future violations or infringements thereof.

“Obligations” means the indebtedness of Grantor to Grantee in connection with the Loan, as evidenced by the Loan Agreement, any promissory notes, and any and all other agreements, instruments and/or documents executed and/or delivered by Grantor to Grantee in connection therewith (as the same may be amended, restated, supplemented and/or replaced from time to time), including all principal and interest, together with all other indebtedness and costs and expenses for which Grantor is responsible thereunder or under this Agreement, and any other existing or future indebtedness of Grantor owing to Grantee. Specifically, without limitation, Obligations include all amounts that may be indirectly secured by the Cross-Collateralization provision of this Agreement.

The words "herein," "hereof" and "hereunder" and other words of similar import refer to this Agreement as a whole, including the Exhibits and Schedules hereto, and not to any particular section, subsection or clause contained in this Agreement. Any capitalized terms used but not defined herein shall have the meanings ascribed to them in the Loan Agreement.

2. Grant of Security Interest in Intellectual Property Collateral. In order to secure the complete and due and punctual payment of all of the Obligations of Grantor to Grantee, Grantor hereby grants and conveys to the Grantee as collateral security, a continuing security interest in all of Grantor's entire right, title and interest in and to intellectual property rights now owned or existing and hereafter acquired or arising in the following assets (all of which being hereinafter referred to as the "Intellectual Property Collateral"):

(i) all Trademarks of Grantor including, without limitation, the Trademarks listed on Schedule A hereto;

(ii) all Copyrights of the Grantor including, without limitation, the Copyrights listed on Schedule B hereto;

(iii) all Licenses of Grantor including, without limitation, the Licenses listed on Schedule C hereto; and

(v) all Patents of the Grantor including, without limitation, the patents listed on Schedule D hereto; and

(vi) all Trade Secrets & Proprietary Information of the Grantor;

provided, however, that nothing hereunder constitutes or shall be deemed to constitute the grant of a security interest in favor of the Grantee with respect to any Intellectual Property Collateral to the extent prohibited by applicable law.

3. Cross-Collateralization. In addition to the Loan, this Agreement secures all obligations, debts and liabilities, plus interest thereon, of Grantor to Grantee, or any one or more of them, as well as all claims by Grantee against Grantor or any one or more of them, whether now existing or hereafter arising, whether related or unrelated to the purpose of the Loan, whether voluntary or otherwise, whether due or not due, direct or indirect, determined or undetermined, absolute or contingent, liquidated or unliquidated, whether Grantor may be liable individually or jointly with others, whether obligated as guarantor, surety, accommodation party, or otherwise, and whether recovery upon such amounts may be or hereafter may become barred by any statute of limitations, and whether the obligation to repay such amounts may be or hereafter may become otherwise unenforceable. [Signature] (Grantor's Initials)

4. Representations and Warranties: New Intellectual Property.

(a) Grantor represents and warrants that it has the full right and power to grant the security interests provided for in this Agreement in the Trademarks, Patents, Copyrights, Trade Secrets & Proprietary Information, and Licenses made hereby; that it has made no previous assignment, transfer or agreements in conflict herewith or constituting an assignment, license or transfer of, or an encumbrance on, any of the Trademarks, Copyrights, Patents, Trade Secrets & Proprietary Information and Licenses. Grantor further represents and warrants that (i) Schedules A, B, C and D, respectively, list all Trademarks, federally registered Copyrights, Licenses, and Patents owned or used by Grantor and/or which are material to any portion of its business or any of Grantor's subsidiaries or affiliates, (ii) the Intellectual Property Collateral does not infringe upon any rights owned or possessed by any entity not a party to this Agreement, and (iii) it has delivered copies of all Licenses owned or used by Grantor or any of Grantor's subsidiaries or affiliates.

(b) In the event, prior to the time the Obligations of Grantor to the Grantee have been indefeasibly paid in full, Grantor shall (i) obtain any rights to or interests in any new inventions, whether or not patentable, or trademarks, trade names, domain names, service marks, and applications therefor, or licenses, or (ii) become entitled to the benefit of any trademark application, trademark, trademark registration or license renewal, the provisions of this Agreement shall automatically apply thereto and anything enumerated in clauses (i) or (ii) shall constitute Intellectual Property Collateral. Grantor shall give to the Grantee prompt written notice thereof. Grantor agrees, promptly following the written request by the Grantee, to amend this Agreement by amending any or all of Schedules A, B, C and D, as applicable, to include any such future trademarks, trademark registrations, trademark applications, trade names, domain names, service marks, trade secrets, patents, syndication rights, franchises and licenses which would be Intellectual Property Collateral.

5. Rights and Remedies: Application of Monies.

(a) Upon the occurrence of an Event of Default of any or all of Grantor's Obligations to the Grantee, the Grantee may, to the fullest extent permitted by applicable law and without advertisement, hearing or process of law of any kind, (i) exercise any and all rights as beneficial and legal owner of the Intellectual Property Collateral, including, without limitation, any and all consensual rights and powers with respect to the Intellectual Property Collateral, and/or (ii) sell or assign or grant a license or franchise to use, or cause to be sold or assigned or grant a license or franchise to use any or all of the Intellectual Property Collateral, in each case, free of all rights and claims of Grantor therein and thereto, and on such terms and conditions that the Grantee shall determine. In connection therewith, the Grantee shall have the right to impose such limitations and restrictions on the sale or assignment of the Intellectual Property Collateral as the Grantee may deem to be necessary or appropriate to comply with any law, rule or regulation (federal, state or local) having applicability to any such sale and requirements for any necessary governmental approvals.

(b) Except as provided in this Section 5, Grantor hereby expressly waives, to the fullest extent permitted by applicable law, any and all notices, advertisements, hearings or process of law in connection with the exercise by the Grantee of any of its rights and

remedies hereunder. The Grantee shall not be liable to any person for any incorrect or improper payment made pursuant to this Section 5, in the absence of willful misconduct.

(c) Notwithstanding any provisions of this Agreement to the contrary, if, after giving effect to any sale, transfer, assignment or other disposition of any or all of the Intellectual Property Collateral pursuant hereto and after the application of the proceeds hereunder to the Obligations of Grantor to the Grantee, any said Obligations remain unpaid or unsatisfied, Grantor shall remain liable for the unpaid and unsatisfied amount of such remaining Obligations.

(d) This Agreement is made to provide for and secure repayment of the Obligations of Grantor to the Grantee. Grantee's remedies under this Section 5 are not intended to be exclusive, but shall be cumulative of any and all other rights and remedies that Grantee may have hereunder and under applicable law.

6. Termination of Security Interest. This Agreement and the security interests created or granted hereby or thereby, shall terminate when the later of the following shall have occurred: (a) the date that all of the Obligations of Grantor to the Grantee shall have been fully and indefeasibly paid and satisfied, and (b) the date as of which the last of the commitments and related documents and instruments have terminated with respect to the Obligations. After such termination, the Grantee (without recourse upon, or any warranty whatsoever by, the Grantee), shall execute and deliver to Grantor for filing in each office in which any security agreement (including, but not limited to, this Agreement), notice or other filing, or any part thereof, shall have been filed, an instrument releasing the Grantee's security interest in the Intellectual Property Collateral, and such other documents and instruments to terminate any security interest of the Grantee granted hereby as the Grantor may reasonably request, all without recourse upon or warranty whatsoever by the Grantee, and all at the cost and expense of Grantor.

7. Use and Protection of Intellectual Property Collateral. Notwithstanding anything to the contrary contained herein, unless an Event of Default has occurred, Grantor may continue to exploit, license, franchise, use, enjoy and protect (whether in the United States of America or any foreign jurisdiction) the Intellectual Property Collateral in the ordinary course of business and the Grantee shall from time to time execute and deliver, upon written request of Grantor and at Grantor's sole cost and expense, any and all instruments, certificates or other documents, in the form so requested, necessary or appropriate in the judgment of Grantor to enable Grantor to do so.

8. Duties of Grantor. Grantor shall have the duty to preserve and maintain all rights in the Intellectual Property Collateral in respect of which a failure to be able to continue to use the same would have a material adverse effect on the ownership, operation or maintenance of its business and operations, in a manner substantially consistent with its present practices and shall take all action reasonably requested by the Grantee to register, record and/or perfect the Grantee's right hereunder.

9. The Grantee's Right to Sue. Whenever Grantor shall have defaulted in any or all of its Obligations to the Grantee, the Grantee shall have the right, but shall in no way be obligated, to bring suit in its own name to enforce the Trademarks, Copyrights, Patents, Trade

Loan # 144584

Secrets & Proprietary Information and Licenses, and, if the Grantee shall commence any such suit, Grantor shall, at the request of the Grantee, do any and all lawful acts and execute any and all lawful documents required by the Grantee in aid of such enforcement.

10. No Waiver; Cumulative Remedies. No failure on the part of the Grantee to exercise, and no delay on the part of the Grantee in exercising, any right, power or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power or remedy by the Grantee preclude any other or further exercise thereof or the exercise of any other right, power or remedy. All remedies hereunder are cumulative and are not exclusive of any other remedies that may be available to the Grantee whether at law, in equity or otherwise.

11. Notices, etc. All notices or other communications hereunder shall be given to the Grantee as follows:

13. Attorney-in-Fact. Grantor hereby irrevocably constitutes and appoints the Grantee and any officer or agent thereof, with full power of substitution, as Grantor's true and lawful attorney-in-fact, for the purpose of taking such action and executing agreements, instruments and other documents, in the name of Grantor or otherwise, not inconsistent with the express provisions of this Agreement, as the Grantee may deem necessary or advisable to

This Agreement shall be binding upon Grantor and the Grantee and their respective successors and assigns and shall inure to the benefit of Grantor and the Grantee, and their respective successors and assigns; provided, however, that Grantor may not assign its rights or obligations hereunder or in connection herewith or any interest herein (voluntarily, by operation of law or otherwise) without the prior written consent of the Grantee. No other person (including, without limitation, any other creditor of Grantor) shall have any interest herein or any right or benefit with respect hereto and this Agreement shall not be construed so as to confer any right or benefit upon any person other than the parties to this Agreement and each of their respective successors and assigns.

15. Further Indemnification. Grantor agrees to pay, and save the Grantee harmless from, any and all liabilities with respect to, or resulting from any delay in paying (other than a delay caused by the willful misconduct of the Grantee), any and all excise, sales or other similar taxes which may be payable with respect to the Intellectual Property Collateral or in connection with any of the transactions contemplated by this Agreement.

18. Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute one and the same Agreement.
