ASSIGNMENT OF INTELLECTUAL PROPERTY

THIS ASSIGNMENT OF INTELLECTUAL PROPERTY is made this 31st day of January, 2008 (“**Agreement Date**”) by and between SAINT-GOBAIN ABRASIVES, INC., a Massachusetts corporation having an office address at One New Bond Street, Worcester, Massachusetts 01615 (“**Buyer**”), and MOYCO TECHNOLOGIES, INC., and MOYCO PERCISION ABRASIVES, INC., both Pennsylvania corporations having an office address at 200 Commerce Drive, Montgomeryville, Pennsylvania 18936 (“**Seller**”).

WHEREAS, Buyer wishes to purchase from Seller, and Seller wishes to sell to BUYER, intellectual property assets of Seller.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

I. DEFINITIONS

A. “**Patents**” shall mean all rights in patents, utility models, industrial designs and certificates of invention, and applications for any of the foregoing, and inventions disclosed within any of the foregoing.

B. “**Trademark**” shall mean all rights in service marks and trademarks, associated goodwill in such service marks and trademarks, and applications for any of the foregoing.

C. “**Copyrights**” shall mean all copyrights and registrations or applications for registration of copyrights in any jurisdiction, including any renewals or extensions thereof, advertising materials, publications, technical papers and computer-readable code, instructional brochures, associated moral rights in any of the foregoing.

D. “**Trade Secret**” shall mean all data and information owned by, used by or held for use by or on behalf of or licensed to (or otherwise available to) Seller or any Seller affiliate and maintained in confidence by Seller or any Seller affiliate, including all related processes, plans, designs, research, operating manuals, methods, compounds, formulae, discoveries, developments, designs, drawings, technology, techniques, procedures, know-how, specifications, inventions, customer and supplier lists (including a description of the underlying commercial arrangements with such customers and suppliers that may omit the financial terms), computer-readable code, and other scientific or technical data or information conceived, memorialized, developed or reduced to practice, in each case whether or not patentable in any jurisdiction.

II. ASSIGNMENT

A. Assets. Seller hereby assigns, sells, and otherwise transfers to Buyer all right, title and interest, including licensable interests, throughout the world in and to all of the following assets all rights in any and all of the following throughout the world: all (i) Patents, (ii)

ASSIGNMENT OF INTELLECTUAL PROPERTY

Trademarks, (iii) Copyrights, (iv) Trade Secrets, (v) domain names, (vi) licenses and (vii) any other intellectual property, wherein such assets include but are not limited to assets specifically listed in Exhibit 1. This assignment does not include Specialty Coating Solutions ("SCS") trade secrets, trade names, formulas, coating methods, customer lists and other SCS intellectual property.

B. Rights Associated with the Assets

1. Seller hereby assigns, sells, and otherwise transfers to Buyer all rights throughout the world in and to sue, recover and retain damages for past, present and future infringement, misappropriation, dilution, or other violation of any of the assets in Section IIA.

2. Seller hereby assigns, sells, and otherwise transfers to Buyer all rights throughout the world in and to file and prosecute, including all right to claim priority, to any and all United States and foreign applications (including international, regional and foreign national applications) for any inventions included or disclosed within the Assets of Section IIA, including divisions, continuations, continuations-in-part, renewals, substitutes and extensions thereof, and in and to any and all patents of every country or region that may be granted or have been granted for said invention(s), including any reissues and reexaminations thereof.

III. COVENANTS AND AUTHORIZATIONS

A. Seller agrees to execute any and all papers useful in connection with any and all United States and foreign applications (including international, regional, and foreign national applications), and generally to do everything possible to aid Buyer, its successors, assigns and nominees, at their request and reasonable expense, in obtaining and enforcing patents for said invention(s) in all countries.

B. Seller hereby covenants that no assignment, sale, license, agreement, or encumbrance has been or will be made or entered into that would conflict with this Assignment of Intellectual Property.

C. Seller authorizes and requests the Commissioner of Patents and Trademarks to issue any U.S. Letters Patent that may be granted for said invention(s) to Buyer, its successors or assigns.

D. Seller agrees to execute any and all papers required to transfer to Buyer (i) Patents, (ii) Trademarks, (iii) Copyrights, (iv) Trade Secrets, (v) domain names, (vi) licenses and (vii) any other intellectual property, wherein such assets include but are not limited to assets specifically listed in Exhibit 1.

ASSIGNMENT OF INTELLECTUAL PROPERTY
