**EXHIBIT A
TRADEMARK ASSIGNMENT**

This TRADEMARK ASSIGNMENT ("Assignment") is made as of this 16th day of August 2017 ("Effective Date"), by **SELEE Corporation**, a corporation duly organized and existing under the laws of the State of North Carolina ("Assignor"), to **CoorsTek, Inc.**, a corporation duly organized and existing under the laws of the State of Delaware ("Assignee").

WITNESSETH:

WHEREAS, Assignor and Assignee are parties to a **TRADEMARKS LICENSE, ASSET TRANSFER AND SETTLEMENT AGREEMENT**, effective March 14, 2017 (the "Agreement"), pursuant to which Assignor has agreed to transfer to Assignee and Assignee has agreed to accept from Assignor certain assets including, without limitation, certain intellectual property assets;

WHEREAS, pursuant to the Agreement, Assignor has agreed to execute such instruments as Assignee may reasonably request in order to effectively assign, transfer, grant, convey, assure and confirm to Assignee and its successors and assigns, all right, title and interest of Assignor in, to and under the intellectual property assets;

WHEREAS, pursuant to the Agreement, Assignor hereby represents and warrants that all of Assignor's representations in Section 11 of the Agreement are true and correct as of the Effective Date of this Assignment; and

WHEREAS, in accordance therewith, Assignor desires to assign to Assignee all of Assignor's worldwide right, title and interest in, to and under Assignor's common law and registered Trademarks set forth on Schedule 1 attached hereto (collectively, the "Trademarks" as defined in the Agreement) and the goodwill associated therewith.

NOW, THEREFORE, Assignor, for and in exchange for the consideration set forth in the Agreement, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby irrevocably assign, transfer, grant and convey to Assignee, free and clear of all pledges, security interests, liens, charges, encumbrances, equities, claims, options or limitation of every kind, all of Assignor's worldwide right, title and interest in, to and under the Trademarks, including any applications for any of the Trademarks, including those referenced in Schedule 1 hereto, together with the goodwill associated therewith; all written and electronic records related to any of the foregoing, including, but not limited to, settlement agreements, trademark searches, correspondence, registrations, opinions and prosecution histories; all domain names not already assigned; all copyrights in any logo or artwork version of the Trademarks or such applications, including for all uses now or later invented; all related social media accounts, brands, logos, trade dress, trade names and other similar indicia of source or origin; all rights to sue for infringement and dilution thereof, whether arising on, prior to or subsequent to the Effective Date of this Assignment, including, but not limited to, all damages, attorneys' fees, costs, restitution, and injunctive and other legal and equitable relief; with the exception of any monetary award of any kind received in the McDanel Litigation, all royalties, income, profits, proceeds or payments of any sort; and any and all renewals and extensions thereof that may hereafter be secured under the laws now or hereafter in effect in the United States and in any other jurisdiction, the same to be held and enjoyed by Assignee, its successors and assigns from and after the date hereof as fully and entirely

as the same would have been held and enjoyed by Assignor had this Assignment not been made.

Assignor hereby represents and warrants that all of Assignor's representations in Section 11 of the Agreement are true and correct as of the Effective Date of this Assignment.

Assignor agrees to execute, acknowledge and deliver to Assignee, at Assignee's request, any and all further documents, papers, affidavits, statements and/or other instruments, whether or not in paper or electronic form, to confirm Assignee's ownership of all rights pursuant to this Assignment.

All initially capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Agreement.

This Assignment shall be binding upon the successors and assigns of Assignor and inure to the benefit of the successors and assigns of Assignee.

Except to the extent that federal law preempts state law with respect to the matters covered hereby, this Assignment shall be governed by and construed in accordance with the laws of the State of North Carolina without giving effect to the principles of conflicts of laws thereof.
