Reference is also made to that certain First Lien Pledge and Security Agreement, dated as of August 4, 2017 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”), by and among the Initial Borrower, the Borrower, Holdings, the other Grantors (as defined therein) and the Administrative Agent for the Secured Parties.

The Lenders (as defined in the First Lien Credit Agreement) have extended credit to the Borrowers subject to the terms and conditions set forth in the First Lien Credit Agreement. Consistent with the requirements set forth in Sections 4.01 and 5.12 of the First Lien Credit Agreement and Section 4.03(c) of the Security Agreement, the parties hereto agree as follows:

SECTION 1. *Terms.* Capitalized terms used herein and not otherwise defined herein have the meanings specified in the Security Agreement.

SECTION 2. *Grant of Security Interest.* As security for the prompt and complete payment or performance, as the case may be, in full of the Secured Obligations, each Grantor, pursuant to the Security Agreement, did and hereby does pledge, collaterally assign, mortgage, transfer and grant to the Administrative Agent, its successors and permitted assigns, on behalf of and for the benefit of the Secured Parties, a continuing security interest in all of its right, title and interest in, to and under all of the following assets, whether now owned by or owing to, or hereafter acquired by or arising in favor of each Grantor, and regardless of where located (collectively, the “Trademark Collateral”):

(a) all trademarks (including service marks), common law marks, trade names, trade dress, domain names and logos, slogans and other indicia of origin under the laws of any jurisdiction in the world, and the registrations and applications for registration thereof (including but not limited to the registrations and applications listed on Schedule I hereto); and the goodwill of the business connected with the use of and symbolized by the foregoing; (b) all renewals of the foregoing; (c) all income, royalties, damages, and payments now or hereafter due or payable with respect thereto, including, without limitation, damages, claims and payments for past, present and future infringements or dilutions thereof; (d) all rights to sue for past, present, and future infringements or dilutions of any of the foregoing, including the right to settle suits involving claims and demands for royalties owing; and (e) all rights corresponding to any of the foregoing. Notwithstanding anything herein to the contrary, in no event shall the Trademark Collateral include (i) any foreign IP Rights and any intent-to-use Trademark application prior to the filing of a “Statement of Use” or an “Amendment to Allege Use” with respect thereto, only to the extent,

if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use Trademark application or any registration issuing therefrom under applicable law, or (ii) any other Excluded Assets.

SECTION 3. *Security Agreement.* The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Trademark Security Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

Now, therefore, the parties hereto agree as follows:

SECTION 1. *Terms.* Capitalized terms used in this Trademark Security Agreement Supplement and not otherwise defined herein have the meanings specified in the Security Agreement.

SECTION 2. *Grant of Security Interest.* As security for the prompt and complete payment or performance, as the case may be, in full of the Secured Obligations, [each][the] Grantor, pursuant to the Security Agreement, did and hereby does pledge, collaterally assign, mortgage, transfer and grant to the Administrative Agent, its successors and permitted assigns, on behalf of and for the ratable benefit of the Secured Parties, a continuing security interest in all of its right, title or interest in, to or under all of the following assets, whether now owned or at any time hereafter acquired by or arising in favor of the [such][the] Grantor and regardless of where located (collectively, the "Additional Trademark Collateral"):

(a) all trademarks (including service marks), common law marks, trade names, trade dress, domain names and logos, slogans and other indicia of origin under the laws of any jurisdiction in the world, and the registrations and applications for registration thereof (including but not limited to the registrations and applications listed on Schedule I hereto); and the goodwill

of the business connected with the use of and symbolized by the foregoing; (b) all renewals of the foregoing; (c) all income, royalties, damages, and payments now or hereafter due or payable with respect thereto, including, without limitation, damages, claims and payments for past, present and future infringements or dilutions thereof; (d) all rights to sue for past, present, and future infringements or dilutions of any of the foregoing, including the right to settle suits involving claims and demands for royalties owing; and (e) all rights corresponding to any of the foregoing. Notwithstanding anything herein to the contrary, in no event shall the Additional Trademark Collateral include (i) any foreign IP Rights and any intent-to-use Trademark application prior to the filing of a "Statement of Use" or an "Amendment to Allege Use" with respect thereto, only to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use Trademark application or any registration issuing therefrom under applicable law, or (ii) any other Excluded Assets.

SECTION 3. *Security Agreement.* The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Security Agreement. [Each][The] Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the Additional Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Trademark Security Agreement Supplement and the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 4. *Governing Law.* This Trademark Security Agreement Supplement shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 5. *Counterparts.* This Trademark Security Agreement Supplement may be executed in one or more counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument.
