## INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "IP Assignment") is dated as of July 31, 2017, by and between Staging Concepts Acquisition, LLC, a Delaware limited liability company ("Assignor"), and Trex Commercial Products, Inc., a Delaware corporation ("Assignee"). Assignor and Assignee, and the other parties named therein, are parties to that certain Asset Purchase Agreement (the "Purchase Agreement"), dated as of even date herewith, pursuant to which Assignee will, among other things, purchase all rights, title and interests in and to Assignor's IP (the "IP Rights"), effective on the Closing Date. All capitalized terms not otherwise defined in this IP Assignment will have their respective meanings set forth in the Purchase Agreement.

### RECITALS:

WHEREAS, pursuant to the Purchase Agreement, Assignor has agreed to convey to Assignee all rights, title and interests in and to all of the IP Rights, which includes, without limitation, the IP Rights listed on Exhibit A attached hereto (collectively, the "Assigned IP Rights").

### AGREEMENTS:

NOW, THEREFORE, in consideration of the covenants and agreements contained herein and in the Purchase Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignment. Assignor hereby irrevocably sells, conveys, assigns, transfers, and delivers to Assignee and its successors and assigns forever, without any restrictions, limitations, or reservations, all of Assignor's right, title, and interest in and to the IP Rights, as fully and entirely as the same would have been held and enjoyed by Assignor had this IP Assignment not been made, including, without limitation, (a) any and all rights of priority thereto and renewals thereof, as may now or hereafter be granted to it by law, (b) all associated goodwill, (c) all income, royalties, or payments now or hereafter due or payable with respect thereto, and (d) any and all rights corresponding thereto throughout the world, including, without limitation, rights, interests, claims, and demands recoverable in law or equity that Assignor has or may have in profits and damages for past, present and future infringements of the IP Rights, including, without limitation, the right to compromise, sue for, and collect such profits and damages, and Assignee does hereby accept assignment of the IP Rights from Assignor.

2. Terms of IP Assignment. Assignor and Assignee hereby agree and acknowledge that this IP Assignment is being entered into pursuant to and subject to the terms and conditions set forth in the Purchase Agreement and does not create any additional representations or warranties or alter or amend any of the representations or warranties contained in the Purchase Agreement, nor shall this IP Assignment impair or diminish any of the rights or obligations of the parties to the Purchase Agreement, as set forth therein. In the event of any irreconcilable inconsistency between this IP Assignment and the Purchase Agreement, the Purchase Agreement shall control.

3. Recordation. This IP Assignment has been executed and delivered by Assignor with the intention of recording the assignment herein, as applicable, with the U.S. Patent and Trademark Office, the State of Minnesota Secretary of State, the State of Delaware Secretary of State, and any other similar governmental authorities throughout the United States and the world, and Assignee shall have the right to record this IP Assignment with any applicable governmental authority so as to perfect its ownership of the IP Rights. Without limiting the foregoing generalities, the undersigned hereby authorizes Woods Rogers PLC to file this IP Assignment with the United States Patent and Trademark Office and take all other necessary actions to effect and record the aforementioned release of Assignor's security interest in the IP Rights.

4. Further Assurances. Assignor covenants and agrees, at its own expense, to execute and to deliver, at the request of Assignee, such further instruments of transfer and assignment and to take such other action as Assignee may reasonably request from time to time to more effectively consummate the transfers and assignments contemplated by this IP Assignment, and to take such other action as Assignee may reasonably request of Assignor from time to time, to perfect or record the right or title of Assignee to the IP Rights transferred hereby.

5. Survival. Notwithstanding anything herein to the contrary, the terms and conditions of the Purchase Agreement shall survive the execution and delivery of this IP Assignment.

6. Dispute Resolution. Any dispute arising out of or relating to the negotiation, execution, delivery, interpretation, performance, non-performance or enforcement of this IP Assignment will be governed by Section 11.5 of the Purchase Agreement.

7. Assignment. This IP Assignment shall be binding upon and shall inure to the benefit of Assignee, Assignor, and each of their respective successors and permitted assigns.

8. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Facsimile or signed documents delivered by email or other electronic means shall be deemed to be original signed documents for all purposes hereunder.

## COMBINED ASSIGNMENT AND DECLARATION

WHEREAS, Dale William Cartwright of 3 Jessica Court, Estons Hill, AU QLD 4037; Travis William Raida of 308 100th Avenue NW, Coon Rapids, MN 55448; and Jonathan M. Chase 3299 Owasso Heights Drive, Shoreview, MN 55126; are the inventors of an invention entitled STAGING TRANSPORT ASSEMBLY AND METHOD that is the subject matter of: (check all that apply)

- a provisional application for Letters Patent which is identifiable in the United States Patent and Trademark Office by Application No. \_\_\_\_\_ filed on \_\_\_\_\_
- an application for Letters Patent which is identifiable in the United States Patent and Trademark Office by Application No. 15/183,517 filed on June 15, 2016 and/or executed on even date herewith; and
- an international application for Letters Patent filed pursuant to the Patent Cooperation Treaty which is identifiable in the United States Receiving Office by Application No. \_\_\_\_\_ filed on \_\_\_\_\_, and/or executed on even date herewith:

WHEREAS, Staging Concepts Acquisitions, LLC, a corporation organized and existing under the laws of Minnesota, and having offices at 7008 Northland Drive, Suite 150, Minneapolis, Minnesota, ("Assignee") is desirous of acquiring the entire right, title and interest in and to the invention, the applications, and any and all Letters Patent or similar foreign or domestic legal protection;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, I transfer to Assignee, its successors and assigns, my entire right, title and interest in and to the invention, the above-identified applications; all provisional applications from which any of the above-identified applications claim priority, corresponding domestic and foreign applications, any continuation, division, renewal, or substitute for the applications, all Letters Patent, any reissue, re-examination, or similar legal protection issuing related to the Letters Patent, and all rights and benefits under any applicable treaty or convention; and I authorize the Director of the United States Patent and Trademark Office or foreign equivalent to issue the Letters Patent or similar legal protection to the Assignee.

I authorize the Assignee, its successors and assigns, to insert in this instrument the filing date(s) and application numbers when ascertained. I further authorize the Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent or similar legal protection, in its own name if desired, in any and all foreign countries and appoint Assignee the common representative in the above identified international application and any international application for the invention.

I represent to the Assignee, its successors and assigns, that I have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment. I, my executors or administrators, will at any time upon request, without additional consideration, but at the expense of the Assignee, its successors and assigns, execute and deliver to Assignee or its legal representatives such additional writings and do such additional acts as the Assignee, its successors and assigns, may deem desirable to perfect its enjoyment of this grant, and render all assistance in making application for and obtaining, maintaining, and enforcing the Letters Patent or similar legal protection on the invention in any and all countries, including without limitation providing testimony in any related interference, litigation or proceeding.

The above-identified application was made or authorized to be made by me. I believe that I am the original inventor or an original joint inventor of a claimed invention in the application. I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both. I hereby state that I have reviewed and understand the contents of the above identified application, including the claims, as amended by any amendment specifically referred to above. I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT International filing date of the continuation-in-part application.
