TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT is by and between The Nutro Company, a corporation organized and existing under the laws of the State of California, United States, having an address of 1550 W. McEwen Drive, Franklin, Tennessee 37067, United States (hereinafter referred to as "ASSIGNOR") and Mars, Incorporated, a corporation organized and existing under the laws of the State of Delaware, United States, having an address of 6885 Elm Street, McLean, Virginia 22101, United States (hereinafter referred to as "ASSIGNEE") (each a "Party" and collectively, the "Parties"). ASSIGNOR was formerly known as S&M NuTec, LLC and Nutro Products, Inc.

WHEREAS, ASSIGNOR has agreed to convey to ASSIGNEE all of ASSIGNOR's right, title, and interest in and to the trademark applications and registrations contained in ATTACHMENT A (collectively referred to as the "Trademarks"), together with the goodwill of the business symbolized by the Trademarks.

NOW THEREFORE, be it known that, for US \$10.00 and other good and valuable consideration, receipt of which is hereby acknowledged, ASSIGNOR hereby sells, assigns, transfers, conveys, and delivers unto ASSIGNEE, its lawful successors and assigns, all of ASSIGNOR's right, title, and interest in and to the Trademarks, including the goodwill of the business symbolized by the Trademarks.

ASSIGNOR hereby covenants, agrees, and undertakes to execute all confirmatory assignments, lawful oaths, and any other papers which ASSIGNEE may reasonably deem necessary or desirable for securing to ASSIGNEE or for maintaining for ASSIGNEE the Trademarks hereby assigned.

The validity, interpretation, and enforcement of this assignment will be governed by the Laws of the State of Delaware, without regard to the conflict of Laws provisions thereof that would cause the Laws of another state to apply.

This assignment may be executed in multiple counterparts (any one of which need not contain the signatures of more than one Party), each of which will be deemed to be an original but all of which taken together will constitute one and the same agreement. This assignment, and any amendments hereto, to the extent signed and delivered by means of a facsimile machine or other electronic transmission, will be treated in all manner and respects as an original agreement and will be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of either Party, for any reasonable business purpose, the other Party will re-execute original forms thereof and deliver them to the requesting Party. No Party will raise the use of a facsimile machine or other electronic means to deliver a signature or the fact that any signature was transmitted or communicated through the use of facsimile machine or other electronic means as a defense to the formation of a Contract and each such Party forever waives any such defense; provided, however, that no such waiver precludes the defense of any Party that the agreement executed is not the agreement to which the applicable signature page was attached or released against.

This assignment is effective as of January 2, 2016.
