INTELLECTUAL PROPERTY SECURITY AGREEMENT

INTELLECTUAL PROPERTY SECURITY AGREEMENT (this “**Security Agreement**”) dated as of ~~September 2~~, ^{October 2}, 2017, by and among Silverwing (U.K.) Limited, incorporated and registered in England and Wales (the “**Company**”), and National Bank of Canada, a company incorporated in Canada under the Bank Act and its respective endorsees, transferees and assigns (collectively, the “**Secured Party**”).

BACKGROUND

In connection with closing for a loan or establishment of one or more credit facilities to EDDYFI NDT Inc. (collectively, the “**Loan**”) under a Credit Agreement, dated the date of this Security Agreement (the “**Credit Agreement**”), from the Lenders, as defined in the Credit Agreement, EDDYFI NDT Inc. (“**Borrower**”) may from time to time hereafter obtain credit and other financial accommodations from the Lenders (one of which is Secured Party) and incur liabilities to the Lenders under the Credit Agreement and the documents and instruments executed and delivered by Borrower under the Credit Agreement (collectively, the “**Credit Documents**”).

As a condition to extending credit to Borrower under the Credit Agreement, the Lenders have required, among other things, that Company guarantee the obligations of Borrower under the Credit Documents pursuant to a Guaranty executed and delivered to each Lender (each a “**Guaranty**”) and to grant to Secured Party, subject to Article 13 of the Credit Agreement, a first priority security interest in certain Intellectual Property (defined below) of Company to secure the prompt payment, performance and discharge in full of all of Company’s obligations under the Guaranty and exercise and discharge in full of Company’s obligations.

Borrower is an affiliate of Company and Borrower provides Company with certain services and assistance which enables Company to conduct its business activities in an orderly and efficient manner in the ordinary course.

Company will benefit, directly or indirectly, from credit and other financial accommodations extended by each Lender to Borrower under the Credit Documents.

This Security Agreement is given and intended to provide additional security for the obligations owing by Borrower to the Lenders under the Loan (the “**Guaranteed Obligations**”).

NOW, THEREFORE, in consideration of the agreements in this Security Agreement contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

1. Defined Terms. Unless otherwise defined in this Security Agreement the following terms shall have the following meanings:

- (a) “**Intellectual Property**” means the Trademarks and Trademark Licenses.
- (b) “**Obligations**” means all of the Company’s obligations under this Security Agreement and the Guaranty, in each case, whether now or hereafter existing, voluntary or involuntary, direct or indirect, absolute or contingent, liquidated or unliquidated, whether or not jointly owed with others, and whether or not from time to time decreased or extinguished and later

decreased, created or incurred, and all or any portion of such obligations or liabilities that are paid, to the extent all or any part of such payment is avoided or recovered directly or indirectly from Secured Party as a preference, fraudulent transfer or otherwise as such obligations may be amended, supplemented, converted, extended or modified from time to time.

(c) “**Security Agreement**” means this Security Agreement.

(d) “**Security Interest**” has the meaning set forth in Section 2

(e) “**Trademarks**” means (i) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, logos and other source or business identifiers, and the goodwill associated therewith, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States, any state thereof or any other country or any political subdivision thereof, or otherwise, including, without limitation, any thereof referred to in Schedule 1 attached to this Security Agreement, and (ii) all reissues, extensions or renewals thereof.

(f) “**Trademark License**” means any agreement, written or oral, providing for the grant by the Company of any right to use any Trademark, including, without limitation, any thereof referred to in Schedule 1 attached to this Security Agreement.

(g) “**UCC**” means the Delaware Uniform Commercial Code.

2. Grant of Security Interest. To secure the complete and timely payment, performance and discharge in full, as the case may be, of all of the Obligations, the Company hereby, unconditionally and irrevocably, pledges, grants and hypothecates to Secured Party, a continuing security interest in, a continuing lien (which shall be a first priority lien) upon, an unqualified right to possession and disposition of and a right of set-off against, in each case to the fullest extent permitted by law, all of the Company’s right, title and interest of whatsoever kind and nature (including, without limitation, all of the Company’s rights) in and to the Intellectual Property (the “**Security Interest**”).

3. Representations and Warranties. The Company hereby represents and warrants, and covenants and agrees with, Secured Party as follows:

(a) The Company has the requisite corporate power and authority to enter into this Security Agreement and otherwise to carry out its obligations under this Security Agreement. The execution, delivery and performance by the Company of this Security Agreement and the filings contemplated in this Security Agreement have been duly authorized by all necessary action on the part of the Company and no further action is required by the Company. This Security Agreement constitutes a legal, valid and binding obligation of the Company enforceable in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditor’s rights generally.

(b) The Company represents and warrants that it has no place of business or offices where its respective books of account and records are kept (other than temporarily at the offices of its attorneys or accountants) or places where the Intellectual Property is stored or located, except as set forth on Schedule 3(b) attached to this Security Agreement.

(c) The Company is the sole legal and beneficial owner of the Intellectual Property, and, as further described in Schedule 1 attached to this Security Agreement, is properly registered as such (except for non-exclusive licenses granted by the Company in the ordinary course of business), free and clear of any liens, security interests, encumbrances, rights or claims, and is fully authorized to grant the Security Interest in and to pledge the Intellectual Property. There is not on file in any governmental or regulatory authority, agency or recording office an effective financing statement, security agreement, license or transfer or any notice of any of the foregoing (other than those that have been filed in favor of Secured Party pursuant to this Security Agreement) covering or affecting any of the Intellectual Property. So long as this Security Agreement shall be in effect, the Company shall not execute and shall not knowingly permit to be on file in any such office or agency any such financing statement or other document or instrument (except to the extent filed or recorded in favor of Secured Party pursuant to the terms of this Security Agreement), except for a financing statement covering assets acquired by the Company after the date of this Security Agreement. The statements in this Section 3(c) are qualified by reference to the matters stated on Schedule 3(c).

(d) The Company shall at all times maintain its books of account and records relating to the Intellectual Property at its principal place of business and its Intellectual Property at the locations set forth on Schedule 3(b) attached to this Security Agreement and may not relocate such books of account and records unless it delivers to Secured Party at least 30 days prior to such relocation (i) written notice of such relocation and the new location thereof and (ii) evidence that the necessary documents have been filed and recorded and other steps have been taken to perfect the Security Interest to create in favor of Secured Party valid, perfected and continuing first priority liens in the Intellectual Property to the extent they can be perfected through such filings.

(e) This Security Agreement creates in favor of Secured Party a valid security interest in the Intellectual Property securing the payment and performance of the Obligations and, upon making the filings required under this Security Agreement, a perfected first priority security interest in such Intellectual Property (except as set forth in Schedule 3(c)) to the extent that it can be perfected through such filings.

(f) Upon request of Secured Party, the Company shall execute and deliver any and all agreements, instruments, documents, and papers as Secured Party may request to evidence Secured Party's security interest in the Intellectual Property and the goodwill and general intangibles of the Company relating thereto or represented thereby, and the Company hereby appoints Secured Party its attorney-in-fact to execute and file all such writings for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; such power being coupled with an interest is irrevocable until the Obligations have been fully satisfied and are paid in full.

(g) The execution, delivery and performance of this Security Agreement does not conflict with or cause a breach or default, or an event that with or without the passage of time or notice, shall constitute a breach or default, under any material agreement to which the Company is a party or by which the Company is bound. No consent (including, without limitation, from stock holders or creditors of the Company) is required for the Company to enter into and perform its obligations under this Security Agreement.

(h) The Company shall at all times maintain the liens and Security Interest provided for under this Security Agreement as valid and perfected first priority liens and security

interests in the Intellectual Property to the extent they can be perfected by filing in favor of Secured Party until this Security Agreement and the Security Interest under this Security Agreement shall terminate pursuant to Section 11. The Company hereby agrees to defend the same against any and all persons. The Company shall safeguard and protect all Intellectual Property for the account of Secured Party. Without limiting the generality of the foregoing, the Company shall pay all fees, taxes and other amounts necessary to maintain the Intellectual Property and the Security Interest under this Security Agreement, and the Company shall obtain and furnish to Secured Party from time to time, upon demand, such releases and/or subordinations of claims and liens which may be required to maintain the priority of the Security Interest under this Security Agreement.

(i) The Company will not transfer, pledge, hypothecate, encumber, license (except for non-exclusive licenses granted by the Company in the ordinary course of business), sell or otherwise dispose of any of the Intellectual Property without the prior written consent of Secured Party.

(j) The Company shall, within ten days of obtaining knowledge thereof, advise Secured Party promptly, in sufficient detail, of any substantial change in the Intellectual Property, and of the occurrence of any event which would have a material adverse effect on the value of the Intellectual Property or on Secured Party's security interest therein.

(k) The Company shall permit Secured Party and its representatives and agents to inspect the Intellectual Property at any time, and to make copies of records pertaining to the Intellectual Property as may be requested by Secured Party from time to time.

(l) The Company will take all steps reasonably necessary to diligently pursue and seek to preserve, enforce and collect any rights, claims, causes of action and accounts receivable in respect of the Intellectual Property.

(m) The Company shall promptly notify Secured Party in sufficient detail upon becoming aware of any attachment, garnishment, execution or other legal process levied against any Intellectual Property and of any other information received by the Company that may materially affect the value of the Intellectual Property, the Security Interest or the rights and remedies of Secured Party under this Security Agreement.

No action or proceeding is pending (i) seeking to limit, cancel or question the validity of any Trademark, or (ii) which, if adversely determined, would have a material adverse effect on the value of any Trademark. The Company has not given any third party permission to use any Trademark or consented to or

permitted any unauthorized use (except for non-exclusive licenses granted by the Company in the ordinary course of business). The Company has used and will continue to use for the duration of this Security Agreement, proper statutory notice in connection with its use of the Trademarks and consistent standards of quality in products leased or sold under the Trademarks.

(iv) other than as set forth in Schedule 1 attached to this Security Agreement, the Company is the exclusive owner of the entire and unencumbered right, title and interest in and to such Intellectual Property and no claim has been made or could be made that the use of such Intellectual Property infringes on the asserted rights of any third party; and

(v) the Company has performed and will continue to perform all acts and has paid all required fees and taxes to maintain each and every item of Intellectual Property in full force and effect throughout the world, as applicable.

(q) Except with respect to any Trademark that the Company reasonably determines is of negligible economic value to the Company, the Company will:

(i) maintain each Trademark in full force free from any claim of abandonment for non-use, maintain as in the past the quality of products and services offered under such Trademark; employ such Trademark with the appropriate notice of registration; not adopt or use any mark which is confusingly similar or a colorable imitation of such Trademark unless Secured Party shall obtain a perfected security interest in such mark pursuant to this Security Agreement; and not (and not permit any licensee or sublicensee thereof to) do any act or knowingly omit to do any act whereby any Trademark may become invalidated; and

(ii) notify Secured Party immediately if it knows, or has reason to know, that any application or registration relating to any Trademark may become abandoned, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, or any court or tribunal in any country) regarding its ownership of any Trademark or its right to register the same or to keep and maintain the same.

(r) Whenever the Company, either by itself or through any agent, employee, licensee or designee, filed an application for the registration of any Trademark with the United States Patent and Trademark Office, United States Copyright Office or any similar office or agency in any

other country or any political subdivision thereof or acquire rights to any new Trademark whether or not registered, report such filing to Secured Party within five business days after the last day of the fiscal quarter in which such filing occurs.

(s) The Company will take all reasonable and necessary steps, including, without limitation, in any proceeding before the United States Patent and Trademark Office, or any similar office or agency in any other country or any political subdivision thereof, to maintain and pursue each application (and to obtain the relevant registration) and to maintain each registration of the Trademarks including, without limitation, filing of applications for renewal, affidavits of use and affidavits of incontestability.

(t) If any Trademark included in the Intellectual Property is infringed, misappropriated or diluted by a third party, promptly notify Secured Party after it learns of the infringement, misappropriation or dilution and will, unless it reasonably determines that such Trademark is of negligible economic value to it, which determination it must be promptly report to Secured Party, promptly sue for infringement, misappropriation or dilution, to seek injunctive relief where appropriate and to recover any and all damages for such infringement, misappropriation or dilution, or take such other actions as it reasonably deems appropriate under the circumstances to protect such Trademark. (d) the sale, assignment, transfer or delivery of all or substantially all of the assets of Company; the cessation by Company as a going business concern; the entry of judgment against Company, other than a judgment for which Company is fully insured, if ten days thereafter such judgment is not satisfied, vacated, bonded or stayed pending appeal; or if Company is generally not paying Company’s debts as such debts become due;

(e) the occurrence of any event described in Sections 4(b), 4(c) or 4(d) with respect to any indorser, guarantor or any other party liable for, or whose assets or any interest therein secures, payment of any Indebtedness (“**Third Party**”), or the occurrence of any such event with respect to any general partner of Company, if Company is a partnership;

(f) if any certificate, statement, representation, warranty or audit heretofore or hereafter furnished by or on behalf of Company or any Third Party, pursuant to or in connection with this Security Agreement, or otherwise (including, without limitation, representations and warranties contained in in this Security Agreement), or as an inducement to Secured Party to extend any credit to or to enter into this or any other agreement with Company, proves to have been false in any material respect at the time as of which the facts therein set forth were stated or certified, or to have omitted any substantial contingent or unliquidated liability or claim against Company or any such Third Party; or, if upon the date of execution of this Security Agreement, there exists any materially adverse change in any of the facts disclosed by any such certificate, statement, representation, warranty or audit, which change is not disclosed in writing to Secured Party at or prior to the time of such execution;

6. Rights and Remedies Upon Default. Upon occurrence of any Event of Default and at any time thereafter, Secured Party shall have the right, subject to Article 13 of the Credit Agreement, to exercise all of the remedies conferred under this Security Agreement and under the Guaranty, and Secured Party shall have all the rights and remedies of a secured party under the UCC and/or any other applicable law (including the Uniform Commercial Code of any jurisdiction in which any Intellectual Property is then located). Without limitation, Secured Party shall have the following rights and powers, subject to Article 13 of the Credit Agreement:

(a) Secured Party shall have the right to take possession of the Intellectual Property and, for that purpose, enter, with the aid and assistance of any person, any premises where the Intellectual Property, or any part thereof, is or may be placed and remove the same, and the Company shall assemble the Intellectual Property and make it available to Secured Party at places which Secured Party shall reasonably select, whether at the Company’s premises or elsewhere, and make available to Secured Party, without rent, all of the Company’s respective premises and facilities

If, upon the sale, license or other disposition of the Intellectual Property, the proceeds of the sale, license or other disposition are insufficient to pay all amounts to which Secured Party is legally entitled, the Company will be liable for the deficiency, together with interest thereon, at the rate of 15% per annum (the "**Default Rate**"), and the reasonable fees of any attorneys employed by Secured Party to collect such deficiency. To the extent permitted by applicable law, the Company waives all claims, damages and demands against Secured Party arising out of the repossession, removal, retention or sale of the Intellectual Property, unless due to the gross negligence or willful misconduct of Secured Party.

8. Costs and Expenses. The Company agrees to pay all out-of-pocket fees, costs and expenses incurred in connection with any filing required under this Security Agreement, including without limitation, any financing statements, continuation statements, partial releases and/or termination statements related thereto or any expenses of any searches reasonably required by Secured Party. The Company shall also pay all other claims and charges which in the reasonable opinion of Secured Party might prejudice, imperil or otherwise affect the Intellectual Property or the Security Interest therein. The Company will also, upon demand, pay to Secured Party the amount of any and all reasonable expenses, including the reasonable fees and expenses of its counsel and of any experts and agents, which Secured Party may incur in connection with (a) the enforcement of this Security Agreement as incurred by reason of a breach of this Security Agreement, (b) the custody or preservation of, or the sale of, collection from, or other realization upon, any of the Intellectual Property, or (c) the exercise or enforcement of any of the rights of Secured Party under the Guaranty. 10. Security Interest Absolute. All rights of Secured Party and all Obligations of the Company under this Security Agreement, shall be absolute and unconditional, irrespective of: (a) any lack of validity or enforceability of this Security Agreement, the Guaranty, the Guaranteed Obligations or any agreement entered into in connection with the foregoing, or any portion of this Security Agreement or thereof; (b) any change in the time, manner or place of payment or performance of, or in any other term of, all or any of the Obligations, or any other amendment or waiver of or any consent to any departure from the Guaranty, the Guaranteed Obligations or any other agreement entered into in connection with the foregoing; (c) any exchange, release or nonperfection of any of the Intellectual Property, or any release or amendment or waiver of or consent to departure from any other Intellectual Property for, or any guaranty, or any other security, for all or any of the Obligations; (d) any action by Secured Party to obtain, adjust, settle and cancel in its sole discretion any insurance claims or matters made or arising in connection with the Intellectual Property; or (e) any other circumstance that might otherwise constitute any legal or equitable defense available to the Company, or a discharge of all or any part of the Security Interest granted hereby. Until the Obligations shall have been indefeasibly paid and performed in full, the rights of Secured Party shall continue even if the Obligations are barred for any reason, including, without limitation, the running of the statute of limitations or bankruptcy. Company expressly waives presentment, protest, notice of protest, demand, notice of nonpayment and demand for performance. If at any time any transfer of any Intellectual Property or any payment received by Secured Party under this Security Agreement is deemed by final order of a court of competent jurisdiction to have been a voidable preference or fraudulent conveyance under the bankruptcy or insolvency laws of the United States, or is deemed to be otherwise due to any party other than Secured Party, then, in any such event, the Company's obligations under this Security Agreement will survive cancellation of this Security Agreement, and will not be discharged or satisfied by any prior payment thereof and/or cancellation of this Security Agreement, but will remain a valid and binding obligation enforceable in accordance with the terms and provisions of this Security Agreement. Company waives all right to require Secured Party to proceed against any other person or to apply any Intellectual Property which Secured Party may hold at any time, or to marshal assets, or to pursue any other remedy. Company waives any defense arising by reason of the application of the statute of limitations to any obligation secured hereby.

11. Term of Agreement. This Security Agreement and the Security Interest shall terminate on the date on which all payments under the Guaranty and the Guaranteed Obligations have been made in full and all other Obligations have been indefeasibly paid or discharged. Upon such termination, Secured Party, at the request and at the expense of the Company, will join in executing any termination statement with respect to any financing statement executed and filed pursuant to this Security Agreement.

12. Power of Attorney; Further Assurances.

(a) The Company authorizes Secured Party, and does hereby make, constitute and appoint it, and its respective officers, agents, successors or assigns with full power of

substitution, as the Company's true and lawful attorney-in-fact, with power, in its own name or in the name of the Company, to, after the occurrence and during the continuance of an Event of Default, (i) endorse any notes, checks, drafts, money orders, or other instruments of payment (including payments payable under or in respect of any policy of insurance) in respect of the Intellectual Property that may come into possession of Secured Party; (ii) to sign and endorse any UCC financing statement or any invoice, freight or express bill, bill of lading, storage or warehouse receipts, drafts against debtors, assignments, verifications and notices in connection with accounts, and other documents relating to the Intellectual Property; (iii) to pay or discharge taxes, liens, security interests or other encumbrances at any time levied or placed on or threatened against the Intellectual Property; (iv) to demand, collect, receipt for, compromise, settle and sue for monies due in respect of the Intellectual Property; (v) generally, to do, at the option of Secured Party, and at the Company's expense, at any time, or from time to time, all acts and things which Secured Party deems necessary to protect, preserve and realize upon the Intellectual Property and the Security Interest granted therein in order to effect the intent of this Security Agreement and the Guaranty and (vi) to perform any act required by the Company under this Security Agreement, which the Company has failed to perform, all as fully and effectually as the Company might or could do; and the Company hereby ratifies all that said attorney shall lawfully do or cause to be done by virtue of this Security Agreement. This power of attorney is coupled with an interest and shall be irrevocable for the term of this Security Agreement and thereafter as long as any of the Obligations shall be outstanding.

(b) On a continuing basis, the Company will make, execute, acknowledge, deliver, file and record, as the case may be, in the proper filing and recording places in any jurisdiction, including, without limitation, the jurisdictions indicated on Schedule 12(b) attached to this Security Agreement, all such instruments, and take all such action as may reasonably be deemed necessary or advisable, or as reasonably requested by Secured Party, to perfect the Security Interest granted under this Security Agreement and otherwise to carry out the intent and purposes of this Security Agreement, or for assuring and confirming to Secured Party the grant or perfection of a security interest in all the Intellectual Property.

(c) The Company hereby irrevocably appoints Secured Party as the Company's attorney-in-fact, with full authority in the place and stead of the Company and in the name of the Company, from time to time in Secured Party's discretion, to take any action and to execute any instrument which Secured Party may deem necessary or advisable to accomplish the purposes of this Security Agreement, including the filing, in its sole discretion, of one or more financing or continuation statements and amendments thereto, relative to any of the Intellectual Property without the signature of the Company where permitted by law.
