INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "Assignment"), dated as of October 20, 2017 is by and among by and among Katena Products, Inc., a New Jersey corporation (the "Assignee") and Rhein Medical, Inc., a Florida corporation (the "Assignor"), pursuant to, and subject to the terms of, that certain Asset Purchase Agreement by and among Assignor, Assignee and other parties named therein, of even date herewith (the "Agreement"). Capitalized terms used but not defined herein shall have the meanings set forth in the Agreement.

WHEREAS, pursuant to the Agreement, Assignor has agreed to convey to Assignee all of the Assignor's rights, title and interests in and to all of the Assignor's Intellectual Property, including those listed on Exhibit A attached hereto (collectively, the "Assigned IP Rights").

NOW, THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignor hereby absolutely, irrevocably and unconditionally conveys, assigns, transfers and agrees to assign and deliver to Assignee and its successors and assigns forever, without any restrictions, limitations or reservations, all of Assignor's right, title and interest in and to the Assigned IP Rights, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made, including (i) any and all rights of priority thereto and renewals thereof, as may now or hereafter be granted to it by law, (ii) all income, royalties or payments now or hereafter due or payable with respect thereto, and (iii) any and all rights corresponding thereto throughout the world, including rights, interests, claims and demands recoverable in law or equity that Assignor has or may have in profits and damages for past, present and future infringements of such Assigned IP Rights, including the right to compromise, sue for and collect such profits and damages, and Assignee does hereby accept assignment of the Assigned IP Rights from Assignor. This is a transfer and conveyance by Assignor to Assignee of good and valid title to the Assigned IP, free and clear of all Liens.

2. Assignee shall have the right to record this Assignment with any applicable governmental entity so as to perfect its ownership of the Assigned IP Rights.

3. From time to time at the request of Assignee, Assignor shall, without further consideration, execute and deliver or procure the execution and delivery of such instruments of transfer, conveyance, assignment and assumption, and, at Assignee's expense, take such other action as may reasonably be necessary, to confirm and assure the rights and obligations provided for in this Assignment (and in the Agreement with respect to this Assignment), or to give effect to the transactions contemplated by this Assignment (and by the Agreement with respect to this Assignment).

4. Nothing in this Assignment supersedes, expands, or extinguishes any of the obligations, agreements, covenants, representations or warranties of the Assignor or the other parties contained in the Agreement. This Assignment shall be subject to the terms, conditions and

covenants set forth in the Agreement and if any conflict or inconsistency exists between this Assignment and the Agreement, then the terms of the Agreement shall control.

5. This Assignment shall be binding upon, and inure to the benefit of and be enforceable by, the parties and their respective successors and permitted assigns.

6. This Assignment is for the sole benefit of the parties and their respective successors and permitted assigns and nothing herein expressed or implied shall give or be construed to give to any person, other than the parties and such successors and permitted assigns, any legal or equitable rights, remedies, obligations or benefits hereunder.

7. This Assignment will be governed by and construed in accordance with the laws of the State of Delaware, without regard to the principles of conflicts of law thereof. Any judicial proceeding brought with respect to this Assignment must be brought in any court of competent jurisdiction in the State of Delaware, and, by execution and delivery of this Assignment, each party: (a) accepts, generally and unconditionally, the exclusive jurisdiction of such courts and any related appellate court, and irrevocably agrees to be bound by any judgment rendered thereby in connection with this Assignment, and (b) irrevocably waives any objection it may now or hereafter have as to the venue of any such suit, action or proceeding brought in such a court or that such court is an inconvenient forum. Each party waives the right to a jury trial with respect to any dispute related to this Assignment.

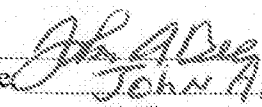

8. This Assignment may be executed in counterparts (including by means of facsimile or pdf signature pages), any one of which need not contain the signatures of more than one party, but all such counterparts taken together will constitute one and the same agreement.
