ASSIGNMENT OF TRADEMARK

THIS TRADEMARK ASSIGNMENT (this "Assignment") is made and entered into effective as of December 16, 2013 by Florida Detroit Diesel-Allison, Inc., a Delaware corporation ("Assignor") to Stewart & Stevenson FDDA LLC, a Delaware limited liability company ("Assignee"), which is a wholly owned subsidiary of Stewart & Stevenson LLC, a Delaware limited liability company ("Purchaser").

Assignor owns the trademark registration for the mark set forth on Schedule A attached hereto (the "Mark");

Concurrently with the execution of this Agreement, Assignor and Purchaser are entering into an Asset Purchase Agreement (the "Purchase Agreement").

Pursuant to the Purchase Agreement, Assignor agrees to sell, convey, transfer, assign and deliver to Assignee all of its right, title and interest in, to and under the Mark.

In consideration of the covenants and agreements herein set forth and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the undersigned, intending to be legally bound, hereby agrees as follows:

1. Assignor does hereby sell, assign, transfer, convey, grant, and set over to Assignee for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns and other legal representatives forever as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, Assignor's entire right, title and interest in, to and under the Mark, throughout the world in perpetuity, and any renewals, reissues and extensions thereof, together with the goodwill associated with the Mark and that part of Assignor's business connected with the use thereof and symbolized thereby, and any and all of Assignor's other rights, privileges and priorities provided under state and federal law of the United States, and under the laws of any and all foreign jurisdictions with respect to the Mark, including without limitation, Assignor's common law rights and rights under the laws of unfair competition, and any and all rights to all income, royalties, damages, and payments now or hereafter due or payable in respect thereto, and in and to all causes of action (either in law or in equity) and the right to sue, counterclaim and recover for past, present, and/or future infringement, damages, or other unauthorized use of the rights currently known to Assignor as of the date hereof or that may become known after the date of this Assignment.

2. Assignor authorizes and requests the U.S. Patent and Trademark Office, or any foreign equivalent thereof, to record Assignee as the owner of the Mark as Assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee, its successors, assigns or other legal representatives.

3. Assignor hereby agrees to execute any and all documents, and to perform such other proper acts, as may be reasonably necessary to secure to Assignee, or to its successors or assigns, the rights hereby transferred.

4. This Assignment is subject in all respects to the terms and conditions of the Purchase Agreement. Nothing contained in this Assignment shall be deemed to supersede any of the representations, warranties, covenants or other agreements contained in the Purchase Agreement. To the extent any provision of this Assignment is inconsistent with the Purchase Agreement, the provisions of the Purchase Agreement shall prevail.

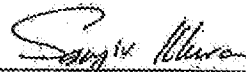

5. This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
