WHEREAS, the Holders are willing to purchase the Notes as provided for in the Indenture, but only upon the condition, among others, that Assignors shall have executed and delivered to Collateral Trustee, for the benefit of Secured Creditors, that certain Parity Lien Security Agreement, dated as of November 1, 2017 (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, amended and restated, supplemented or otherwise modified, the "Security Agreement"); and

WHEREAS, pursuant to the Security Agreement, Assignors are required to execute and deliver to Collateral Trustee, for the benefit of the Secured Creditors, this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Assignor hereby agrees as follows:

DEFINED TERMS. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement or, if not defined therein, in the Indenture.

GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL. Each Assignor hereby unconditionally grants and pledges to Collateral Trustee, for the benefit of the Secured Creditors, to secure the Secured Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the "Security Interest") in all of such Assignor's right, title and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the "Trademark Collateral"):

(a) all of its United States Trademarks including those referred to on Schedule I attached hereto;

(b) all income, license fees, royalties, damages and payments now and hereafter due or payable under and with respect thereto, including payments under all licenses entered into in connection therewith and damages and payments for past, present and future infringements, dilutions and other violations thereof and injury to the goodwill associated therewith;

(c) the right to sue or otherwise recover for past, present and future infringements, dilutions and other violations thereof and injury to the goodwill associated therewith; (d) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark Intellectual Property Contract; and

(e) all of its rights corresponding thereto throughout the world.

Notwithstanding anything contained in this Agreement to the contrary, the term "Trademark Collateral" shall not include any United States intent-to-use Trademark application prior to filing of a statement of use pursuant to 15 U.S.C. Section 1051(d) or an amendment to allege use pursuant to 15 U.S.C. Section 1051(c), to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use Trademark application under applicable federal law, provided, and it being agreed, that upon submission to the United States Patent and Trademark Office of a statement of use or an amendment to allege use, such intent-to-use Trademark application shall be considered Trademark Collateral.

SECURITY FOR SECURED OBLIGATIONS. This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Secured Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by Assignors, or any of them, to Collateral Trustee, the Secured Creditors or any of them, whether or not they are unenforceable or not allowable due to the existence of an insolvency or liquidation proceeding involving any Assignor.

SECURITY AGREEMENT. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to Collateral Trustee, for the benefit of the Secured Creditors, pursuant to the Security Agreement. Each Assignor hereby acknowledges and affirms that the rights and remedies of Collateral Trustee with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

AUTHORIZATION TO SUPPLEMENT. If any Assignor shall obtain rights to any new trademarks or service marks, the provisions of this Trademark Security Agreement shall automatically apply thereto. Assignors shall give notice in writing to Collateral Trustee in accordance with the terms of the Security Agreement with respect to any such new trademarks or service marks or renewal or extension of any trademark or service mark registration. Without limiting Assignors' obligations under this Section, Assignors hereby authorize Collateral Trustee unilaterally to modify this Trademark Security Agreement by amending Schedule I to include any such new trademark or service mark rights of each Assignor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from Collateral Trustee's continuing security interest in all Collateral, whether or not listed on Schedule I.

COUNTERPARTS. This Trademark Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Trademark Security Agreement. Delivery of an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Trademark Security Agreement. Any party delivering an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method

of transmission also shall deliver an original executed counterpart of this Trademark Security Agreement but the failure to deliver an original executed counterpart shall not affect the validity, enforceability, and binding effect of this Trademark Security Agreement.
