INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “IP Security Agreement”) dated December 21, 2017, is between the Person listed on the signature pages hereof (the “Grantor”) and HSBC Bank USA, N.A., as Collateral Agent (the “Collateral Agent”) for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, Albaugh, LLC (the “Borrower”) entered into the Credit Agreement, dated as of May 30, 2014 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Agreement”), among the Borrower, each lender from time to time party hereto (collectively, the “Lenders” and individually, a “Lender”), HSBC Securities (USA) Inc., Credit Suisse Securities (USA) LLC and J.P. Morgan Securities LLC, as joint lead arrangers and joint bookrunners, and HSBC Bank USA, N.A., as Administrative Agent, Collateral Agent, L/C Issuer and Swing Line Lender.

WHEREAS, as a condition precedent to the making of the Loans by the Lenders from time to time, the issuance of Letters of Credit by the L/C Issuers from time to time, the provision of Ancillary Facilities by the Ancillary Lenders from time to time, the entry by the Hedge Banks into Secured Hedge Agreements from time to time and the entry by the Cash Management Banks into Secured Cash Management Agreements from time to time, the Grantor has executed and delivered that certain U.S. Pledge and Security Agreement dated May 30, 2014, among the Grantor, the Collateral Agent, and certain other parties thereto (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Pledge and Security Agreement”). All capitalized terms used herein and not otherwise defined shall have the meaning assigned thereto in the Pledge and Security Agreement.

WHEREAS, under the terms of the Pledge and Security Agreement, the Grantor has granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantor, and has agreed thereunder to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

DEFINITIONS

Section 1. Grant of Security. As security for the payment or performance, as the case may be, in full of all of the Obligations when due, the undersigned hereby unconditionally grants and pledges to the Collateral Agent and, its successors and permitted assigns, for the benefit of the Secured Parties, a continuing security interest in, and lien on, the undersigned’s right, title and interest in and to the Collateral, in each case, as to each type of property described below, whether now owned or hereafter acquired by the undersigned, wherever located, and whether now or hereafter existing or arising, including the following (the “Collateral”):

- (i) all trademark registrations and trademark applications, including as set forth in Schedule A hereto (provided that no security interest shall be granted in any United States “intent-to-use” application for registration of a trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051 et. seq., prior to the filing of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the Lanham Act with respect thereto, to the extent that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable law, rule or regulation), together, in each case, with the goodwill symbolized thereby (the “Trademarks”);

(ii) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

(iii) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(iv) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing;

provided that notwithstanding anything to the contrary contained in the foregoing clauses (i) through (iv), the security interest created hereby shall not extend to, and the term "Collateral" shall not include, any Excluded Property.

Section 2. Security for Obligations. The grant of a security interest in the Collateral by the Grantor under this IP Security Agreement secures the payment of all Obligations of such Grantor now or hereafter existing under or in respect of the Secured Documents (as such Secured Documents may be amended, amended and restated, supplemented, replaced, refinanced or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder)), whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to the Grantor, the payment of all amounts that constitute part of the Obligations that would be owed by such Grantor to any Secured Party under the Secured Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, or reorganization or similar proceeding involving a Loan Party.

Section 3. Recordation. The Grantor authorizes and requests that the Commissioner for Trademarks and any other applicable domestic government officer record this IP Security Agreement.

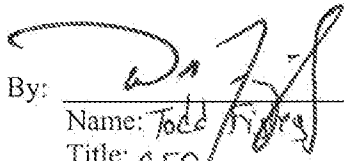

Section 4. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

Section 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Pledge and Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Pledge and Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Pledge and Security Agreement, the terms of the Pledge and Security Agreement shall govern.

Section 6. Governing Law; Submission to Jurisdiction; Waiver of Venue; Service of Process; Waiver of Right to Trial by Jury, Etc. THE PROVISIONS OF SECTION 25 OF THE PLEDGE AND SECURITY AGREEMENT ARE HEREBY INCORPORATED INTO THIS AGREEMENT BY REFERENCE, *MUTATIS MUTANDIS*, AND EACH PARTY HERETO AGREES TO BE BOUND THEREBY, AS IF FULLY SET FORTH HEREIN.

IN WITNESS WHEREOF, The Grantor and the Collateral Agent have caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first written above.
