NOTICE OF AMENDED AND RESTATED IP SECURITY INTEREST

THIS NOTICE OF AMENDED AND RESTATED IP SECURITY INTEREST (the "Notice of Grant") is made effective as of October 18, 2017, by and between COFFEE SOLUTIONS, LLC, an Oregon limited liability company, ("Pledgor"), and CHRIS MALETIS and ED MALETIS, ("Lenders").

RECITALS

A. Remington Designs, LLC, a California limited liability company ("Remington") and Lenders entered into a Junior Intellectual Property Security Agreement dated July 21, 2016 (as amended from time to time, the "IP Security Agreement"), recorded with the USPTO at Reel/Frame 5876/0625 and 039724/0539, pursuant to which Remington granted Lenders a security interest in Remington's intellectual property.

B. On or about August 31, 2017, Remington made an Assignment for the Benefit of its Creditors to David Hagen (the "Assignee"), transferring and assigning all of its assets to the Assignee, including the intellectual property subject to the IP Security Agreement evidenced by the filings referred to in Recital A above.

C. Effective August 31, 2017, Pledgor entered into an Agreement of Purchase and Sale with the Assignee to acquire the intellectual property covered by the IP Security Agreement, including without limitation, the Trademarks set forth in Schedule 1 and the Patents set forth in Schedule 2.

D. Pledgor acknowledges and agrees that the IP Security Agreement is a valid, enforceable and continuing lien against the IP to secure the unpaid principal balance and accrued interest due Lenders. Accordingly, the Pledgor and Lenders executed an Amended and restated Junior Intellectual Property Security Agreement on October 18, 2017 to substitute Pledgor for Remington as a party to the IP Security Agreement

E. This Notice of Grant has been granted in conjunction with the security interest granted to Lenders under the IP Security Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed that:

AGREEMENT

1. Definitions. All capitalized terms not defined herein shall have the respective meanings given to them in the IP Security Agreement.

2. Security Interest.

(a) This Notice of Grant is made to secure the satisfactory performance and payment of all of the obligations of Pledgor pursuant to the IP Security Agreement. Upon the payment in full of all of the obligations, Lenders shall, upon such satisfaction, execute, acknowledge and deliver to Pledgor an instrument in writing releasing the security interest in the Patents and Trademarks acquired under the IP Security Agreement.

(b) Pledgor hereby grants to Lenders a security interest in (i) all of Pledgor's right, title and interest in and to the Patents and Trademarks now owned or from time to time after the date hereof owned or acquired by Pledgor, together with (ii) all proceeds and products of the Patents and Trademarks, and (iii) all causes of action arising prior to or after the date hereof for infringement of any of the Patents and Trademarks or unfair competition regarding the same.

(c) The rights and remedies of Lenders with respect to the security interest granted herein are without prejudice to and are in addition to those set forth in the IP Security Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Notice of Grant are deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall govern.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

IN WITNESS WHEREOF, Pledgor has caused this Notice of Grant to be duly executed and delivered as of the day and year first above written.
