1. Contribution and Conveyance of Intellectual Property. **The Sherwin-Williams Company**, an Ohio corporation (“**Sherwin-Williams**”), does hereby absolutely, irrevocable and unconditionally assign, transfer, contribute and convey to The Sherwin-Williams Headquarters Company, an Ohio corporation (“**S-W Headquarters**”) all right title and interest in and to intellectual property owned by Sherwin-Williams, including but not limited to the intellectual property listed on Exhibit A attached to this Intellectual Property Contribution and Conveyance Agreement, which is hereby incorporated herein as if fully set forth (the “**Intellectual Property**”) along with all goodwill associated with the Intellectual Property and all right, title, and interest in and to any and all causes of action relating to the Intellectual Property, including the right to sue for past infringement and/or misappropriation of the Intellectual Property and the right to recover for past infringement and/or misappropriation (including the right to recover past damages), and all payments for past, present, or future infringements and/or misappropriations, effective as of 11:00 p.m. Eastern Standard Time on December 31, 2017. The Intellectual Property is being conveyed to S-W Headquarters in consideration of the issuance by S-W Headquarters to Sherwin-Williams of 100% of the capital stock of S-W Headquarters, and for other good and valuable consideration, the receipt, adequacy and legal sufficiency of which hereby are acknowledged.

2. Additional Transfer Documents. Sherwin-Williams shall execute and deliver to S-W Headquarters any and all other instruments which may be necessary to vest in S-W Headquarters the full right, title and interest in and to any of the Intellectual Property, and shall provide all reasonable assistance to S-W Headquarters as may be necessary or convenient for the orderly transfer to and commencement of operation of the Intellectual Property by S-W Headquarters.

3. Further Acts and Other Documents. Sherwin-Williams agrees to perform any further acts, and to execute any and all other documents, which are, in the opinion of S-W Headquarters or its counsel, necessary or appropriate to carry out the terms and conditions of this Agreement to the fullest extent Sherwin-Williams may do so without violating or being in default under any applicable law or under any other agreement to which any Sherwin-Williams is a party. S-W Headquarters agrees to perform any further acts, and to execute any and all other documents, instruments and notices which are necessary to carry out the terms and conditions of this Agreement to the fullest extent S-W Headquarters may do so without violating or being in default under any applicable law or under any other agreement to which S-W Headquarters is a party or to which any Sherwin-Williams in its capacity as a former owner of any of the Intellectual Property is a party. Sherwin-Williams hereby authorizes and requests that the Commissioners of Copyrights, Patents and Trademarks of the United States, and each sovereign official holding a corresponding position of authority in any country within which Sherwin-Williams has registered intellectual property or has pending one or more intellectual property applications relating to the Intellectual Property, to issue and to record the title

of S-W Headquarters as owner of all right, title, and interest in and to the Intellectual Property registrations and applications including but not limited to those identified in Exhibit A, together with all good will arising from the use of and symbolized by the Intellectual Property.

4. Representations and Warranties of Sherwin-Williams. Sherwin-Williams does hereby represent and warrant to and covenant with S-W Headquarters that Sherwin-Williams has full right and authority to enter into and perform its obligations under this Agreement and that the Intellectual Property has not been previously conveyed, sold or transferred.

5. Representations and Warranties of S-W Headquarters. By executing the Acceptance of this Agreement, S-W Headquarters represents and warrants to and covenants with Sherwin-Williams that S-W Headquarters will take any and all actions necessary or appropriate to effectuate the assignment of the Intellectual Property from Sherwin-Williams to S-W Headquarters.

6. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of Delaware, without consideration of principles of conflicts or choice of laws.

7. Severability. Any provision of this Agreement that may be determined by competent authority to be prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this Agreement, and any such prohibition or unenforceability in such jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

8. Entire Agreement; Binding Upon Successors. This Agreement embodies the entire agreement between the parties with respect to the subject matter hereof and supersedes any prior contract, agreement or understanding, whether oral or in writing, which may have existed between the parties. This Agreement shall be binding upon all successors and assigns of the parties hereto.
