COPYRIGHT AND TRADEMARK ASSIGNMENT AGREEMENT

THIS COPYRIGHT AND TRADEMARK ASSIGNMENT AGREEMENT (this "Assignment"), dated as of February 6, 2018, is made by and between K'NEX Limited Partnership Group, a Delaware limited partnership, ("Assignor") and Basic Fun, Inc., a Delaware corporation ("Assignee").

WITNESSETH:

WHEREAS, Assignor owns all right, title and interest in and to the Intellectual Property including but not limited to the Trademarks set forth on the attached Schedule A and the copyrights set forth on the attached Schedule B;

WHEREAS, as of January 16, 2018, Assignor, Basic Fun, L.P., a Delaware limited partnership ("Basic Fun"), and PNC Bank, National Association, a national banking association ("Secured Party"), among others, entered into that certain Asset Sale Agreement (the "ASA"), providing for, among other things, the public sale of the Intellectual Property pursuant to Article 9 of the Uniform Commercial Code (capitalized terms used herein shall have the meanings ascribed to such terms in the ASA);

WHEREAS, Basic Fun has assigned all of its rights and obligations under the Sale Agreement to Assignee in accordance with the terms of the ASA;

WHEREAS, Assignee is desirous of acquiring, and Assignor is desirous of assigning, all of Assignor's right, title, and interest in and to the Intellectual Property pursuant to the ASA;

WHEREAS, Secured Party consents to Assignor's assignment of all of Assignor's rights, title and interest in and to the Intellectual Property and agrees to release its security interest in and lien on the Intellectual Property pursuant to the ASA; and

WHEREAS, in order to effectuate the transfer of the Intellectual Property pursuant to the ASA, Assignor and Assignee are entering into this Assignment.

NOW, THEREFORE, for good and valuable consideration, including but not limited to the consideration set forth in the ASA, the receipt and sufficiency of which is hereby acknowledged:

1. Assignor does hereby assign, sell, transfer and convey to Assignee, its successors and assigns, all of Assignor's right, title and interest in and to the Intellectual Property throughout the world, all common law rights associated with such Intellectual Property, all goodwill of the Business arising from use of and symbolized by such Intellectual Property, as well as the right to sue and to collect all damages and payments for claims of past, present and future infringement or misappropriation thereof and all other corresponding rights that are or may be secured under the laws of the United States and any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made. With respect to any Trademarks identified in any pending United States federal trademark applications filed on the

basis of an intent to use the mark in commerce, the assignment of such Trademarks accompanies the transfer of Assignor's business, or portion of the business to which such Trademark pertains, as required by Section 10 of the Trademark Act, 15 U.S.C. §1060, and that said business is ongoing and existing. Assignor hereby authorizes and requests the Copyright Office and the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Intellectual Property.

2. Assignor hereby constitutes and appoints Assignee and its successors and assigns the true and lawful attorney and attorneys of Assignor, with full power of substitution, for Assignor and in its name and stead, or otherwise, by or on behalf and for the benefit of Assignee, its successors and assigns, at Assignee's sole cost and expense, to take all actions and execute all documents on behalf of Assignor necessary to effect the assignment set forth above. Assignor hereby declares that the appointment hereby made and the powers hereby granted are coupled with an interest and are and shall be irrevocable by Assignor in any manner or for any reason.

3. Upon the request of Assignee or in case for any reason the power of attorney set forth herein is insufficient to effect the assignment set forth above or effect any other purpose set forth herein, Assignor agrees for itself and its successors, representatives and assigns, to perform such lawful acts and to sign such further applications, assignments, statements and other lawful documents as Assignee may reasonably request to effectuate fully the assignment and the purposes set forth herein, at Assignee's sole cost and expense.

4. In the event that any of the terms of this Assignment conflict in any way with the provisions of the ASA, the ASA shall govern.

5. This Assignment, and any disputes arising in connection herewith, shall be governed by, and construed and enforced in accordance with, the internal laws of the State of Delaware, without regard to its conflicts of laws principles.

6. This Assignment may be executed in two (2) or more counterparts, each of which will be deemed an original, but all of which together will constitute one (1) and the same agreement. Any counterpart may be executed by facsimile signature and such facsimile signature shall be deemed an original.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]
