GRANT OF
SECURITY INTEREST IN TRADEMARK RIGHTS

This GRANT OF SECURITY INTEREST IN TRADEMARK RIGHTS (“Agreement”), effective as of February 22, 2018 is made by Arizona Radiation Therapy Management Services, Inc., Carolina Regional Cancer Center, LLC, 21st Century Oncology of Alabama, LLC, 21st Century Oncology of Harford County, Maryland L L C, 21st Century Oncology of Jacksonville, LLC, 21st Century Oncology of Kentucky, LLC, 21st Century Oncology of New Jersey, Inc., 21st Century Oncology of Prince Georges County, Maryland, LLC, 21st Century Oncology Services LLC, 21st Century Oncology, LLC, Atlantic Urology Clinics, LLC, Berlin Radiation Therapy Treatment Center, LLC, Maryland Radiation Therapy Management Services, LLC and West Virginia Radiation Therapy Services, Inc. (each a “Grantor”, and collectively, the “Grantors”), in favor of Wells Fargo Bank, National Association, as administrative agent for the Lenders (as defined in the Credit Agreement) and as collateral agent for the Secured Parties (as defined in the Credit Agreement) (in such capacities and, together with its successors and assigns in such capacities, the “Agent”) under that certain Credit Agreement, dated as of February 22, 2018 (as amended, restated, supplemented or otherwise modified from time to time, the “Credit Agreement”; the terms defined therein and not otherwise defined herein have the meanings set forth in the Credit Agreement), among 21st Century Oncology, Inc. (the “Borrower”), 21st Century Oncology Holdings, Inc. (“Holdings”), the Lenders, the Agent and the other parties thereto.

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, the Lenders have severally agreed to make Loans and other extensions of credit and other financial accommodations to the Borrower upon the terms and subject to the conditions set forth therein; and

WHEREAS, in connection with the Credit Agreement, the Borrower, the Grantors and certain other subsidiaries of the Borrower have executed and delivered a Guarantee and Security Agreement, dated as of February 22, 2018, in favor of the Agent (together with all supplements, amendments and modifications, if any, from time to time thereafter made thereto, the “Guarantee and Security Agreement”);

WHEREAS, pursuant to the Guarantee and Security Agreement, the Grantors pledged and granted to the Agent for the benefit of the Secured Parties, a continuing security interest in and Lien (as defined in the Credit Agreement) over all Intellectual Property constituting Collateral (as defined in the Guarantee and Security Agreement) owned by the Grantors, including the Trademarks owned by the Grantors; and

WHEREAS, the Grantors have duly authorized the execution, delivery and performance of this Agreement.

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce the Lenders to make Loans and other financial accommodations to the Borrower pursuant to the Credit Agreement, each of the Grantors agrees, for the benefit of the Agent and the Secured Parties, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided thereto in the Credit Agreement or the Guarantee and Security Agreement, as applicable.

SECTION 2. Grant of Security Interest. Each of the Grantors hereby pledges and grants a continuing security interest in, Lien on, and a right of setoff against, all of the Grantors' right, title and interest in, to and under the Trademarks owned by the Grantors (including, without limitation, those items listed on Schedule A hereto) (collectively, the "Trademark Collateral"), to the Agent for the benefit of the Secured Parties to secure payment, performance and observance of the Obligations, and agrees to assign, transfer and convey, upon demand made upon the occurrence and during the continuance of an Event of Default without requiring further action by either party and to be effective upon such demand, such Trademark Collateral. Notwithstanding the foregoing, no grant of any Lien or security interest shall be deemed granted hereunder on or in any "intent to use" Trademark application for which a Statement of Use or Amendment to Allege Use, as applicable, has not been filed and accepted with the U.S. Patent and Trademark Office, to the extent that and solely during the period in which the grant of a security interest therein would impair, under applicable federal law, the registrability of such applications or the validity or enforceability of registrations issuing from such applications.

SECTION 3. Purpose. This Agreement has been executed and delivered by the Grantors for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the Secured Parties in connection with the Guarantee and Security Agreement and is expressly subject to the terms and conditions thereof. The Guarantee and Security Agreement (and all rights and remedies of the Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Cumulative Rights; Acknowledgment. The security interests and Liens granted pursuant to this Agreement may be independently granted by the Guarantee and Security Agreement. Notwithstanding anything to the contrary herein (i) this Agreement supplements and in no manner diminishes, impairs or limits the Credit Agreement, the Guarantee and Security Agreement and the other Loan Documents, (ii) the security interests, Liens, grants, priorities, rights and remedies of the Secured Parties, on the one hand, and the obligations and liabilities of the Grantors, on the other hand, hereunder are cumulative to those under the Credit Agreement, the Guarantee and Security Agreement and the other Loan Documents and (iii) the provisions of this Agreement are subject to the terms, covenants, conditions and provisions of the Credit Agreement, the Guarantee and Security Agreement and the other Loan Documents, as applicable. Each of the Grantors does hereby further acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Credit Agreement and the Guarantee and Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of a conflict between the terms of the Credit Agreement and the Guarantee and Security Agreement on the one hand, and this Agreement, on the other hand, the terms of the Credit Agreement and the Guarantee and Security Agreement shall govern and control.

SECTION 5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.

SECTION 6. Governing Law. The validity, construction, interpretation and enforcement of this Agreement, and the rights and obligations of the parties under this Agreement or related hereto, shall be determined under, governed by, and construed and interpreted in accordance with, the laws of the State of New York. Section 10.12 of the Credit Agreement shall be incorporated by reference herein, and apply to, this Agreement, mutatis mutandis.

SECTION 7. Recordation. Each of the Grantors hereby authorizes the Commissioner for Trademarks to record this Agreement at the United States Patent and Trademark Office in connection with the Trademark Collateral.

SECTION 8. Notice. All notices, requests and demands to or upon the Agent or any Grantor hereunder shall be effected in the manner provided for in Section 10.2 of the Credit Agreement and shall be addressed to such Grantor, c/o the Borrower's address set forth in the Credit Agreement; provided that any communication or notice hereunder from the Agent to any Loan Party upon the occurrence and during the continuation of an Event of Default may be given by telephone if promptly confirmed in writing.

SECTION 9. Subject to Intercreditor Agreement.

(a) Reference is made to the Global Intercreditor Agreement; notwithstanding any provisions in this Agreement to the contrary, the terms, conditions and provisions of this Agreement are subject to the terms of the Global Intercreditor Agreement. To the extent there is a conflict between this Agreement and the Global Intercreditor Agreement, the terms and conditions of the Global Intercreditor Agreement shall control.

(b) Reference is made to the ABL Split Lien Intercreditor Agreement; notwithstanding any provisions in this Agreement to the contrary, the terms, conditions and provisions of this Agreement are subject to the terms of the ABL Split Lien Intercreditor Agreement. To the extent there is a conflict between this Agreement and the ABL Split Lien Intercreditor Agreement, the terms and conditions of the ABL Split Lien Intercreditor Agreement shall control.

[Remainder of Page Intentionally Blank]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the day and year first above written.
