ASSIGNMENT

The undersigned, Lisa L. Wright ("Assignor"), an individual of 10 Venetian Way, Suite 1105, Miami Beach, FL 33139, for \$1.00 and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, hereby assigns unto ALNOMO, LLC (the "Assignee"), a Florida limited liability company of 3650 NW 82nd Ave., Suite 401, Doral, FL 33166, all of Assignor's right, title and interest, in and to certain registered trademarks listed below, including without limitation, the goodwill of Assignor's business in connection with which such trademarks were used, and all other intellectual property rights relating to such trademarks.

Assignor adopted and used in her business the following trademarks (the "IP"):

1. Registration No. 4122108, dated April 3, 2012, in the United States Patent and Trademark Office;
2. Registration No. 4122109, dated April 3, 2012, in the United States Patent and Trademark Office;
3. Registration No. 4135694, dated May 1, 2012, in the United States Patent and Trademark Office; and
4. International Registration No. 967917, dated June 19, 2008, in the UK Intellectual Property Office.

To the extent that title to the IP may not vest in Assignee by operation of law, all right, title, and interest therein are hereby irrevocably assigned to Assignee. All of the IP shall belong exclusively to Assignee, with Assignee having the exclusive right to obtain and to hold in its own name trademark registrations or such other protections as may be appointed to the subject matter and any extensions and renewals thereof. Assignor agrees to give Assignee, and any person designated by Assignee, reasonable assistance required to perfect the rights defined in this paragraph.

The parties further agree that Assignor will, free of charge, execute and deliver all such further instruments as may be reasonably necessary, including original applications and applications for renewal, extension or reissue of trademark registrations, in any and all countries, to vest title thereto in Assignee, its successors, assigns or nominees.

Assignor further, to the extent it has the right to do so, hereby assigns to Assignee, and Assignee shall have, all causes of action, past, present, and future, related to any rights in the IP; the rights to damages or profits, due or accrued, arising out of past, present, or future infringements or violations thereof; and the right to sue for and recover the same in Assignee's own name.

Assignor warrants that it has the full power and authority to assign any rights it has to the IP, its agents and any third party work to Assignee, and Assignor does not need the approval of any other person or entity to effectuate this Assignment.

This Assignment constitutes the complete and exclusive statement of the terms and conditions of this Assignment, which supersedes and merges all prior proposals, understandings and all other agreements, oral and written, relating to the subject matter hereof. This Assignment shall be governed by and construed in accordance with the laws of the State of Florida without giving effect to principles of conflicts of laws.
