TRADEMARK ASSIGNMENT AGREEMENT

This **TRADEMARK ASSIGNMENT AGREEMENT** (this “Agreement”) is made and entered into as of the 19th day of January, 2018, by and among Vitamin World USA Corporation, a Delaware corporation (“Assignee”), and Vitamin World, Inc., a Delaware corporation, VW Online, Inc., a Delaware corporation, Precision Engineered Limited (USA), a Delaware corporation, Vitamin World (V.I.), Inc., a U.S. Virgin Islands corporation, Vitamin Depot, LLC, a Delaware limited liability company, Vitamin World of Guam, LLC, a Delaware limited liability company, and Nutrition Warehouse, Inc., a New York corporation (each, an “Assignor” and collectively, “Assignors”).

WHEREAS, this Agreement is made and entered into in connection with the Closing of the transactions contemplated by that certain Amended and Restated Purchase and Sale Agreement, dated as of December 21, 2017 (the “APA”), by and among Assignee and Assignors;

WHEREAS, pursuant to the APA, Assignors have agreed to sell, transfer, assign, convey and deliver to Assignee, and Assignee has agreed to purchase, acquire and accept from Assignors, all of Assignors’ direct or indirect right, title and interest in, to and under certain assets related to the Business, including, without limitation, all of Assignors’ rights associated with trademarks (whether registered, unregistered or pending), trade dress, service marks, service names, trade names, brand names, product names, logos, domain names, internet rights (including IP addresses and AS numbers), corporate names, fictitious names, other names, symbols (including business symbols), slogans, translations of any of the foregoing and any foreign or international equivalent of any of the foregoing and all goodwill associated therewith and (to the extent transferable by law but subject to Section 6.1(d) of the APA) any applications or registrations in connection with the foregoing and all advertising and marketing collateral including any of the foregoing, including, without limitation, the registered trademarks and trademark applications identified on Schedule A attached hereto (collectively, the “Trademarks”);

WHEREAS, this Agreement, as duly executed by Assignee and each Assignor, is being delivered as of the date hereof by each party hereto to the other party, effective as of the Closing.

NOW, THEREFORE, in consideration of the foregoing and the covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, Assignee and Assignors do hereby agree as follows:

1. Definitions. Capitalized terms used but not defined herein shall have the respective meanings given to such terms in the APA.

2. Assignment. Assignors hereby transfer, assign, convey and deliver to Assignee, Assignors’ entire worldwide right, title and interest in, to and under, including any and all common law rights thereto, as well as the goodwill of the business symbolized by, the Trademarks, as well as any related trademark registrations and/or trademark applications; together with all renewals thereof; all income, royalties, damages and payments now and hereafter due and/or payable with respect thereto, including, without limitation, damages and

payments for past or future infringements thereof; and any and all United States and/or foreign trademark (or service mark) registrations which may be issued on the same in the future. Together with Assignors' worldwide right, title and interest in and to each of the Trademarks, as well as the goodwill of the business associated with said Trademarks being assigned to Assignee, are the rights to police, monitor and enforce said Trademarks against any and all past, current and future infringements (including, without limitation, the right to sue for and collect damages caused by any such infringement) which may have occurred at any time in the unlimited past, up to the date of this Agreement, together with any and all further privileges in the United States and throughout the world to establish use, ownership, and registration of the Trademarks.

3. Authorization. Assignors hereby further authorize the Director of the United States Patent and Trademark Office, and the appropriate official in any other country, to issue any and all trademark and service mark registrations, amended registrations and renewals that have been or may be granted upon any application or petition for the same, related to the Trademarks to Assignee, and Assignee's successors and/or assigns.

4. Further Assurances. In accordance with Section 6.1 of the APA, Assignors hereby agree to perform all affirmative acts which may be necessary or desirable to record or perfect the above-described transfer of Trademarks, or to secure registration before the United States Patent and Trademark Office or any foreign trademark office, at Assignee's expense, as well as to cooperate with Assignee in obtaining and/or providing information required in any proceedings relating to the Trademarks, at Assignee's expense. Assignors hereby grant to the designated attorneys of Assignee the authority and power to insert on this instrument any further identification which may be necessary or desirable for purposes of recordation by the United States Patent and Trademark Office or the trademark office of any other country throughout the world, provided that Assignee has given Assignors prior notice of the insertion of such further identification.

5. Terms of the APA. Notwithstanding anything to the contrary in this Agreement, nothing herein is intended to, nor shall it, extend, amplify or otherwise alter any representation, warranty, covenant or obligation contained in the APA.

6. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Delaware (without giving effect to the principles of conflict of Laws thereof), except to the extent that the Laws of such state are superseded by the Bankruptcy Code.

7. Closing. This Agreement is effective as of the Closing.

8. Counterparts. This Agreement may be executed in two or more counterparts, all of which shall be considered one and the same instrument. In the event that any signature is delivered by facsimile transmission or by an e-mail which contains a portable document format (.pdf) file of an executed signature page, such signature page shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such signature page were an original thereof.

9. Severability; Amendment. Any provision in this Agreement which is illegal, invalid or unenforceable shall be ineffective to the extent of such illegality, invalidity or unenforceability, without affecting in any way the remaining provisions hereof. This Agreement may not be amended except by execution and delivery of an instrument in writing signed by officers of Assignee and Assignors on behalf of Assignee and Assignors, respectively.

10. Notices. Any notice given pursuant to this Agreement shall be given in the same manner as stated in Section 9.7 of the APA and addressed to the intended recipient as set forth below:
