RECITALS

WHEREAS, Assignor owns the trademark registrations set forth on Schedule 1 hereto (“Assigned Trademarks”) and desires to assign, convey, transfer and deliver to Assignee all of Assignor’s right, title and interests in and to the Assigned Trademarks, together with the goodwill associated therewith; and

WHEREAS, Assignee desires to accept from Assignor the Assigned Trademarks.

NOW, THEREFORE, for good and valuable consideration provided for under a separate agreement, which includes consideration of at least ten US dollars (\$10.00) per Assigned Trademark, and in consideration for the mutual obligations and promises of the parties hereto, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Assignment. Assignor hereby irrevocably assigns, conveys, transfers and delivers to Assignee, and Assignee hereby accepts, all of Assignor’s right, title and interest in and to the Assigned Trademarks, together with (a) the goodwill associated therewith, (b) all income, royalties and payments now or hereafter due or payable with respect thereto, (c) the right to apply for, make filings with respect to and maintain all registrations, applications and renewals thereof, and (d) the right to sue for and collect damages for past, present, and future infringements thereof and the right to fully and entirely stand in the place of Assignor in all matters related thereto.

2. Ownership; No Challenge. Assignor hereby acknowledges and agrees that from the date hereof, Assignee shall be the exclusive owner of the Assigned Trademarks. Assignor agrees that it will not at any time, directly or indirectly, challenge or assist any person or entity in challenging in any jurisdiction (a) Assignee’s rights, title, and interest in and to the Assigned Trademarks or (b) Assignee’s right to use and control the Assigned Trademarks.

3. Governing Law. This Assignment shall be construed under, governed by, and enforced in accordance with the laws of the State of Delaware, USA (without regard to the conflicts of law provisions thereof).

4. Successors and Assigns. The provisions of this Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

5. Counterparts. This Assignment may be signed in any number of counterparts (including by facsimile or PDF), each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. This Assignment is irrevocable and effective when each party hereto shall have received a counterpart hereof signed and duly delivered by the other party hereto.

6. Further Assurances. Assignor agrees that from time to time, at the reasonable request of Assignee and at Assignee's sole expense, Assignor shall execute and deliver such other lawful documents as are legally or administratively necessary to effectuate Assignor's assignment, transfer, and conveyance of the Assigned Trademarks and the transactions contemplated by this Assignment (including any lawful documentation to perfect and record the rights granted hereunder in the Assigned Trademarks in any jurisdiction throughout the world). Assignor acknowledges and agrees that Assignee may perfect and record this Assignment or such other lawful documentation in any jurisdiction throughout the world, and that Assignor shall reasonably cooperate with Assignee's reasonable requests related thereto; provided, however, that Assignee shall bear the expenses associated with preparing any such lawful documents and the recordation of this Assignment and any other applicable lawful documents, in any country, including the expenses associated with obtaining any required Apostilles and/or certifications. Subject to the limitations set forth herein, Assignor hereby appoints Assignee as Assignor's true and lawful attorney-in-fact, with the power to endorse Assignor's name on all applications, documents, papers and instruments solely as necessary to perfect legal title in and to the Assigned Trademarks in Assignee's name in the United States Patent and Trademark Office and other trademark offices and intellectual property governmental offices in any jurisdiction throughout the world; provided, however, that Assignee shall only be entitled to exercise its rights under this power of attorney with respect to any of the foregoing actions to the extent that Assignor has failed to take such action at the request of Assignee and following ten (10) days prior written notice to Assignor of the exercise of such rights.
